ELECTION JUNE 4.

Vote the ticket straight.

Are the dire predictions of Bryan, made in '96, figuring to any great extent in this campaign?

We don't hear much about Lombard street and the Rotchilds from the 16 to 1 orators, notwithstanding the operation of the gold standard.

A few of the 13-inch capsules from Uncle Sam's medicine bag would improve the pulse of the "sick Turk across the pond."

Even live stock is benefited by Republican prosperity. The value of live stock on farms May 1 was \$2,558,000,000, an increase of \$698,000,000 over the same date in 1895.

Poon Thomas Jefferson. He is held responsible for every fool idea entertained by any and all of these howling fusionists that are rampant throughout the country.

If we followed the fusion doctrine to its logical conclusion, the inscription on the silver dollar would be transformed from "In God We Trust" to "God be With You 'Till we Meet Again."

Under the Cleveland-Wilson regime the factory chimneys were smokeless. Under the McKinley administration the

people in cities are trying to solve the problem of the "smoke nuisance."

The nominees on the republican ticket are all men well and favorably known in the county. They are men of ability and integrity and will be run by no one. The "200 per cent" reformer notwithstanding.

The editor of the Courier-Herald says that he can name the man that started some of the lies about republican candidates. This is probably true, and he need not go out of his office to name the man.

Will the Courier-Herald please inform the Enterprise what bill Col. Bryan ever introduced or what measure he supported during his two terms in congress, that was for the good of the country, or in the interest of the masses?

The rank weeds of political defeat are growing with such rapidity throughout the length and breadth of Clackamas county, that the fusionists are obliged to turn out about twice a week and run the lawn mower over them in order to keep the "middle of the road."

ORATOR PUFF, who speaks from the smokestacks of manufacturing and commerce, will make speeches night and day all over the country in the coming campaign. For further particulars, address his advance agent, Wm. McKinley, White House, Washington, D. C.

The voters of Clackamas county should be careful as to taking any stock in the lies that are being circulated regarding the candidates on the republican ticket. There are people who are starting these false statements in order to deceive the voters. We believe that such work should receive the condemnation of every true citizen.

OREGON has a republican club composed of men who in 1896 voted for Bryan, and who in 1900 will vote for McKinley. There is some talk of adding to the roster of officers and official kicker, whose duty will be to visit each member once a month and give him a good kicking as a reminder and penance.

THE COURIER-HERALD wants to guarantee that it has five readers to one of the Enterprise. This is another case where that paper will have to cut its claim "200 per cent." This would wipe it out of existence, and that is where it stands as far as influence goes. Name the guarantee you want to put up on the relative circulation of the two papers, and we will see that it is met.

AN "object lesson" for the farmer is the fact that there is a difference of about \$10 in the value of a cow between Free-Trade and Protection times. Cows on the American farm were worth only from \$21.77 to \$23.16, each, under the Democratic administration of Grover Cleveland. In 1898 the value per head was \$27.45, while today it is \$30.00. These average values are based upon figures received by the United States Department of Agriculture.

THE INSURRECTION in the Philippines could be suppressed in mighty short order were it not for the encouragement the Filipinos receive from Mr. Bryan and his party. They are led to believe that Bryan will be elected president and that he will recognize them as insurgents and withdraw the United States army. Acting under this belief, they are stimulated to persist in the rebellion that is costing the lives of many American patriots, and all on account of the vapors of the demagogues at home.

GENGLEBACH, finding that neither the pops nor the democrats were warming up to him, notified them that he would quit and go to Cape Nome, where the climate is more salubrious. This talk stirred the camp up and he has been induced to stay, at least, for the present. There are more of them that have the same chill on the mixed-pickles ticket. Genglebach believes that the weather will become colder from now on, with the probability of a snow storm in camp. None he much prefers. Boys, we've got them on the run. They will all want to resign before June 4th.

THE SURPLUS at the end of the present fiscal year is estimated to be about \$82,000,000. That of the past year was \$70,000,000. The gold reserve is near a quarter of a billion. Bonds are being paid off as rapidly as they mature, and

they are even bought up. The change from the democratic state of affairs four years ago, when \$202,000,000 in bonds were issued to pay ordinary expenses and to keep the gold reserve above the danger line, and when there was a deficiency in revenues each month, is wonderful. It would be startling if people had time to stop and think it over.

THE DEMO-POP sheet that is howling for a ticket that has no principles, but a conglomeration for the offices, is howling so that it may not be cut "200 per cent" on bills presented. It is trying to run the campaign on abuse of people not on the ticket. It jumps on Brownell, when everyone knows that Cheney is practically run by Brownell, notwithstanding all the chaff the Couries Herald may publish concerning him. The citizen's ticket is made up from two parties, and the very fact that they unite in a campaign proves neither can go before the people alone and win. They know that alone, neither of these parties have principles or candidates that the people will endorse. The union business was tried two years ago and now it is the "citizen's." The aggregation would be better labeled, "the crowd that wants the pie, but the crowd that has no principles to stand on." The people are not going to be fooled any on this orphan ticket.

THE DEMOGOGUES who are so rampant to make political capital out of the Boer situation and tried to involve the United States by some method to express sympathy or intervention may create some political capital out of it for the democratic party, although when the situation is explained it will prove a boomerang. It is well understood that an expression of sympathy on the part of the United States will simply mean a rupture of diplomatic relations with Great Britain, which would accomplish nothing whatever for the Boers. Sympathy would mean nothing. Intervention is the only thing that would do the Boers any good and the demagogues seem not to understand that intervention would mean war with Great Britain. The question arises whether the people of the United States want to plunge this country into the most wicked and cruel war of the century for the purpose of establishing the republics of South Africa.

The necessity of a continuance of all the present available force in the Philippines for at least another year, is now regarded as indisputable, yet under existing law it is imperative that a beginning must be made not later than November in the registration of troops serving there.

Aguinado is again heard from. He advises the insurgents not to surrender their arms at the instigation of the commissioners and on promises which congress may not satisfy, and also urges the Filipinos to enthusiastically welcome the American commission when it arrives, asking boldly for the form of government they most desire, as the Americans permit of the freedom of speech.

In the Catarna district about 500 of the enemy attacked a portion of the Forty-third regiment. The Americans

killed 203 of the rebels. Only three of the Americans were wounded.

Major John C. Gilmore and 100 men of the Forty-third regiment were ambushed May 6 near Pambugan, Samar. Seventy-five of the enemy were killed, and there were no American casualties.

Clark, made by the lieutenant-governor of this state on the 15th inst., as being tainted with collusion and fraud, and I have this day appointed Hon. Martin Maginnis, of Montana, United States Senator to fill the vacancy caused by the resignation of Hon. W. A. Clark. Credentials will follow in due course.

Monday, May 21. Five hundred insurgents, half of whom were armed with rifles ambushed 80 scouts of the Fortieth Volunteer Infantry in the hills near Aquanan, in the northern part of Mindanao. The Americans routed the natives killing 31. The American casualties were two killed and three wounded.

Indiana republicans will go to the Philadelphia convention with the intention (concluded on page eight.)

Chums.

The young couple always together before marriage rarely keep up this happy intimacy as man and wife. They are not tired of each other, but the young wife finds herself weak and languid, with no inclination for exercise. And thus begins a division of pursuits and interests which often ends in divided lives. The use of Dr. Pierce's Favorite Prescription makes weak women strong. It stops the drains which undermine the strength, cures "female weakness," nourishes the nerves and gives vigor to the whole body.

There is neither opium, cocaine or other narcotic in "Favorite Prescription." "I suffered from female weakness about eight years—tried several doctors, but derived no benefit until I began using Dr. Pierce's Favorite Prescription," writes Mrs. John Green, of Danville, Boyle Co., Ky. "This medicine was recommended to me by other patients. I have taken six bottles, and I feel like another person."

Free. Dr. Pierce's Common Sense Medical Adviser, 1008 pages, 700 illustrations, is sent free, on receipt of stamps, to cover expense of mailing only. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for cloth binding. Address Dr. R. V. Pierce, Buffalo, N. Y.

"After suffering from piles for fifteen years I was cured by using two boxes of DeWitt's Witch Hazel Salve," writes W. J. Baxter, North Brook, N. C. It heals everything. Beware of counterfeits. Geo. A. Harding.

For Young Men and Young Women. There is nothing that will arouse the ire of a young man or woman so quick as to have inferior laundry work put off on them. They may dress ever so well, but if their shirt front or shirt waist is mussed their neat appearance is spoiled. The Troy Laundry makes a specialty of ladies' and gentlemen's fine work. There can be no better work than is done at the Troy. Leave your orders at Johnson's barber shop.

A Mother's Plain Words

"I suppose you will be astonished when I tell you that six years ago I was in a most dangerous condition with bronchitis and lung trouble, because you can see how well and strong I am now. The attack at that time caused terrible pain in my chest and lungs. I could hardly move, and to stoop caused intense suffering. Someone advised Acker's English Remedy, and I thought I would try it, although I confess that down in my heart I had little faith in it. The first bottle gave great relief, and the second bottle made me the healthy woman I am today. My husband's lungs are weak also, and he cured himself with the same grand old remedy. Our boy and girl have both been saved by it from death by croup. I know this is so, for when they were attacked in the night I had a bottle in the closet, and by acting quickly that fatal malady was easily overcome. We always give it to the children when they have a cough or cold, and we would not be without it for anything. My sister will tell you also, if you ask her, that it is a medicine that can always be depended upon for all the troubles of the breathing organs. I tell all our neighbors about Acker's English Remedy whenever I get a chance, and there are plenty of people around Mechanicsville, N. Y., where I live, who would no more think of going to bed at night without a bottle of it in the house than they would of leaving their doors wide open. As I look at it, parents are criminally responsible when they allow their children to die under their very eyes with croup, because here is a certain remedy that will conquer the terrible monster every time."
