Stafford.

STAFFORD, June 11.—Grandma Gore, mother of Capt. Gore, died Thursday last from injuries received, her clothes catching fire in some mysterious manner. The remains were interred in the Stafford cemetery Saturday.

Mr. Newman, of Tualatin, died Saturday of typhoid fever, interment took place at the Stafford cemetery Monday.

J. P. Gage, accompanied by his grand children, Eva and Earl Howard, started for Lyle, Wash., on Monday where the children's parents live on a homestead.

Wm. Schatz has purchased a new mower and is now cutting clover.

The school picnic in Gage's park Friday was a grand success, the program was immense (not political) Capt. Hayes gave a closing address which was well appreciated by all, touching the early history of our community as he remembered it in the 40's and 50's, carried us in memory to the first schools here and the visiting of same by him; the copy books, with copies, the following of which is a sample, "honorable GEORGE WASHINGTON" and the log school house with its immense stick and mud chimney that the rain fell in until the floor was flooded. The address was spoken of by early settlers present as the best ever heard uttered by him" which statement was re-echoed by others.

Chris Milen, of Mt. Labor, was in our community Sunday last.

Mrs. Alice Chapman is visiting her father, Capt. Hayes, who has been very sick but is now improving. The captain intends to attend the Pioneers Reunion to be held in Portland.

Garden sass is plentiful.

A few wide tire wagons have received the tax rebate.

Henry Schatz has put doors on his wagon shed and painted the same.

Carl Weisenborn has made a large yard for his fancy poultry.

Sandy.

SANDY, June 11.—Farmers now are making hay, and meadows smell sweet with hay, all these beautiful June days.

Fall sown grain all looks good. It was feared that the rain had damaged wheat by rust, but its not that way, fruit all looks good, and plenty of it too.

Potatoes and spuds and garden truck all look well and indicate that the cellar will be full next winter.

Xavier Decker is hauling lumber for a large barn which will be erected at once.

Will Brown and family moved out from Portland and will live on their farm.

Mrs. N. O. Nylemder, of Portland, is spending the summer vacation with her folks.

Last Sunday the new church pealed forth its sweet melodious iron music for the first time.

Road work is progressing rapidly. Work will be complete in a week or two more.

Election passed off very quietly, but what's the matter with Cascade precinct with its small vote, 133 voters registered, only 76 voted at last election, there are about 25 voters that never registered. Quite a slice of Cascade precinct was taken in by Seylers precinct, however

the vote cast last Monday was only about half of our actual voting capacity.

Gritty Camp W. O. W. at last nights meeting gave new life and new energy to the grand Fourth of July celebration. 1000 bills were ordered printed, and G. E. Hayes, of Oregon City, has been secured as orator and Miss Jessie Gibbins will read the Declaration of Independence. Everything possible will be done by the Woodman to make it pleasant and comfortable for all who will celebrate the Fourth. A brigade of 30 rag muffins will cheer up the crowd. Bicycle racing, horse racing, dancing, merry-go-round, phonograph and all kinds of games will make it desirable for all to come to Sandy the Fourth.

J. G. Bonnet, proprietor of the Milwaukee Cording Mills, died at his home at 1 o'clock Friday afternoon, from cancer of the stomach, aged 62. The deceased was a native of Germany, and had been a resident of Clackamas county since 1868. He was superintendent of the Oregon City woolen mills for 14 years but moved to Milwaukee in 1882, and established the wool carding mills. The interment took place in Mountain View cemetery, Sunday. The deceased left a wife and five children—Mrs. Rose Whitcomb, of Pomeroy, Wash.; Mrs. Kate L. Charman, Oregon City; Mrs. Hattie Wessinger, Milwaukee; Mrs. Dora Conklin, Portland, and Robert Bonnet, Milwaukee.

Clerical Sarcasm. A clergyman on a recent Sunday gave out the following notice, says The Christian Endeavor World: "The regular meeting of the donkey parade will be held, as usual, at the close of this service. Members will line up just outside the church door, make remarks and stare at the women who pass, as is their custom. "Any member known to escort a young woman to church like a man and sit with her like a gentleman will be promptly expelled from membership."

Vinegar. Vinegar is a diluted form of acetic acid and has been known from the earliest period. Wine vinegar is made from wine lees and inferior wines, principally in France, the finest being obtained from white wines. Malt vinegar is procured from an infusion of malt which has previously undergone fermentation or from apple cider. Vinegar in the form of lotions is a valuable external stimulant.

Joke on the Other Fellow. His Mother (to wife going through the pockets of her husband's clothing)—I wouldn't do that, Irene. Come, now, do you think it is right? Wife—That depends upon the motive. My object is not mercenary. I only want to play a practical joke upon any pickpocket who may happen to operate upon dear George.—Boston Transcript.

Artificial flowers were unknown to the ancient civilized nations of Europe. They are first mentioned in Italy in the fourteenth century, but in China they were known at an earlier date.

Ordinance No.—Entitled an Ordinance Granting a Franchise and Right of Way on Seventh street to the Bicycle Path Commissioners of Clackamas County, Oregon, and to their successors, for the use of Wheelmen, and Authorizing the Erection Construction and Maintenance of a Bicycle Path upon the same without expense to the city.

OREGON CITY DOES ORDAIN AS FOLLOWS: Section 1. The present Bicycle Path Commissioners for Clackamas County, Oregon, consisting of C. H. Dye, J. F. Clark and W. A. Huntley and their successors in office are hereby granted for the use of wheelmen, a Franchise and Right of Way for three years in and to a strip of land in the northerly half of Seventh street extending northerly a distance of four (4) feet from the following described line:

Beginning at a point in the center line of Center street at a distance of twelve (12) feet southerly from the northerly line of Seventh street; running thence easterly up Seventh street and parallel with the said northerly line of Seventh street to the city limits.

Section 2. The said Commissioners and their successors in office are hereby given free and unobstructed use, right and privilege to construct, erect and maintain a Bicycle Path upon said right of way,—provided that no expense to the city is thereby incurred.

Read first time and ordered published at an adjourned regular meeting of the City Council of Oregon City held Monday, June 11, 1900. BRUCE C. CURRY, Recorder.

Ordinance No.—An ordinance to provide for the time and manner of constructing certain sewers in Oregon City, Oregon, on Seventh street from the center of Harrison street to the center of Center street; on Sixth street from the center of Van Buren street to the center of Center street; on Fifth street from the center of J. Q. Adams street to the center of High street; on Fourth street from the center of Monroe street to the center of High street; on Third street from the center of Madison street to the center of High street; on Center street from the center of Seventh street to the center of Third street; from the center of Center street westerly along the alley running through Block 39 to the center of Center street along the alley running through Block 38 to the center of Block 37, from the intersection of the center line of Seventh street and the center line of Center street northwesterly through Block 40, or Public Square to the edge of the Bluff, at the expense of the property benefited by such sewers as provided for by section 106 of the charter of said Oregon City.

OREGON CITY DOES ORDAIN AS FOLLOWS: Section 1. That the location, kind and quality of the sewers to be constructed in Sewer District No. 2, of Oregon City, Oregon, are as follows, to-wit:

HAIR So many persons have hair that is stubborn and dull. It won't grow. What's the reason? Hair needs help just as anything else does at times. The roots require feeding. When hair stops growing it loses its luster. It looks dead.

AYER'S Hair Vigor acts almost instantly on such hair. It awakens new life in the hair bulbs. The effect is astonishing. Your hair grows, becomes thicker, and all dandruff is removed. And the original color of early life is restored to faded or gray hair. This is always the case.

AYER'S Hair Vigor. "I have used Ayer's Hair Vigor, and am really astonished at the good it has done in keeping my hair from coming out. It is the best tonic I have tried, and I shall continue to recommend it to my friends." MATTIE HOLT, Burlington, N. C. Sept. 24, 1898. If you do not obtain all the benefits you expect from the use of the Hair Vigor, write the Doctor about it. DR. J. C. AYER, Lowell, Mass.

1. An eight-inch pipe sewer, beginning at the intersection of the center line of Seventh street and the center line of Harrison street; running thence westerly along the center line of Seventh street to the intersection of the center line of Seventh street and the center line of John Adams street, connecting at this point with a ten-inch pipe sewer and running thence westerly along the center line of Seventh street to its intersection of the center line of Center street.

2. An eight-inch pipe sewer, beginning at the intersection of the center line of Van Buren street and the center line of Sixth street; running thence westerly along the center line of Sixth street to its intersection of the center line of Center street.

3. An eight-inch pipe sewer, beginning at the intersection of the center line of J. Q. Adams street and the center line of Fifth street; running thence westerly along the center line of Fifth street to its intersection of the center line of High street.

4. An eight-inch pipe sewer, beginning at the intersection of the center line of Monroe street and Fourth street; running thence westerly along the center line of Fourth street to its intersection of the center line of High street.

5. An eight-inch pipe sewer, beginning at the intersection of the center line of Madison street and the center line of Third street; running thence westerly along the center line of Third street to its intersection of the center line of High street.

6. An eight inch pipe sewer, beginning at the intersection of the center line of High street and the center line of the alley running through Block 29, running thence easterly along the center line of said alley to its intersection with the center line of Center street.

7. An eight-inch pipe sewer, beginning at the center of Block 38 at the center line of the alley running through Block 38, running thence easterly along said center line of said alley to its intersection of the center line of Center street.

8. A fifteen-inch pipe sewer, beginning at the intersection of the center line of Third street and the center line of Center street, running thence northerly along the center line of Center street to its intersection of the center line of Seventh street.

9. A twelve-inch pipe sewer, beginning at the intersection of the center line of Seventh street and the center line of Center street, running thence northwesterly through Block 40, or Public Square, to the edge of the Bluff; thence westerly down the Bluff and through the Weinhart Culvert on 8th street to the Willamette river.

Said sewers shall be constructed at the expense of the property benefited by such sewers, as provided by section 106 of the City Charter, and shall be completed within ninety days after the signing of the contract by the parties thereto.

Section 2. That portion of the street necessary to be used for the digging of the trenches shall be cleared of all obstructions, except water mains, at the expense of the contractor, who shall, after the pipe is laid and the trenches are filled, replace the pavement and all portions of the street improvements disturbed, leaving the street in as good order as the same was when the work was begun, except such portions as the Committee on Streets and Public Property may direct to be omitted for the purpose of making other improvements.

Section 3. The sewer improvements herein provided for shall consist in putting in sewers of terra-cotta pipe of six, eight, ten and twelve inches inside diameter, as above indicated, with catch basins, manholes, lamp holes, sockets and branches at such points as the Committee on Streets and Public Property and the city engineer may designate along the line of said sewers. The work to be done and the materials furnished shall be strictly in accordance with the plans and specifications therefor, to be prepared by the city engineer and filed in the office of the Recorder before bids for constructing said sewers are invited.

Section 4. The contractor shall take and have entire charge of the work during its progress and shall be responsible for any loss or accident resulting from carelessness or neglect.

Section 5. The improvements shall be completed to the satisfaction of the City Council of Oregon City.

Section 6. The contract shall contain a provision that for each day required to complete said contract after the expiration of the time fixed for its completion, the contractor or contractors shall forfeit to Oregon City, for the use and benefit of the property holders affected by such delay, the sum of five (\$5) dollars.

Section 7. The Committee on Streets and Public Property are hereby authorized and directed to advertise for and receive proposals, and report same to the City Council, and thereafter the Mayor and Recorder shall enter into a contract with the person, firm or corporation to whom the City Council may award the contract.

C. H. Dre, F. T. Griffith and C. G. Hunley be and they are hereby appointed assessors to estimate the proportionate share of the cost of said sewers to be assessed to the several owners of property to be benefited thereby, in accordance with the provisions of section 106 of the charter of said city, and report the same to the City Council within ninety (90) days after the date of the approval of this ordinance by the mayor.

Said assessors shall hold stated meetings in the office of the City Recorder of said city, and all persons interested may appear before said assessors and be heard in the matter of making said estimate.

Such assessors shall give one week's notice by publication (one insertion) in the city official paper, of the time and place of their meetings and shall give like notice when they shall have determined upon an apportionment of the cost of the sewers herein provided for, notifying all persons to appear and examine such apportionment and make objections thereto if there be good cause for so doing. Any person interested in property within the limits proposed to be assessed shall have the right to appear before such assessors in person or by attorney, and any person dissatisfied with the apportionment made by such assessors shall have the right to appeal to the City Council.

All objections to such apportionments shall be made in writing and shall be reported to the City Council by such assessors.
