Teachers Institute Closed Saturday.

The three days' session of the Clackamas County Teachers' annual institute closed at the courthouse in this city Saturday. During the session 138 teachers were in attendance, which number is considered entirely satisfactory. Under the school law each teacher is required to attend the annual normal institute at least two days of the session, unless prevented from doing so by sickness.

As fitting to the occasion, the following resolutions were introduced by the teachers and unanimously adopted:

"We, the teachers of Clackamas county, realizing our obligations to those who have made our normal county institute so profitable and entertaining, do hereby offer the following resolutions of thanks:

"First—To our efficient county superintendent for his thoughtful attention to our needs as teachers.

"Second—To President W. C. Hawley for his able explanation of the development of our National Constitution.

"Third—To Professor D. W. Jarvis, of Portland, for his very able exposition of advanced methods in geography.

"Fourth—To Professor A. B. Coffey, of University of Washington, for his eloquent address delivered: feeling that he has made us rise to a higher plane in our profession.

"Fifth—To Professor H. S. Gibson, for his advanced methods in arithmetic.

"Sixth—To Professor S. Burnham, of Portland, for his instructive discussions on language.

"Seventh—To E. E. Cunniston and assistants for excellent musical programs rendered. Also to A. M. Grilley for physical exercise instruction.

"Eighth—To Miss F. Olmstead for her lecture on 'Froebel.'

"Ninth—To J. H. Ackerman, State Superintendent of Public Instruction."

NEXT LEGISLATURE.

Questions That Clackamas Legislators Will Grapple With.

You ask me what line of work I intend to take up at the coming session of the legislature.

The manner of collecting taxes is cumbersome and expensive and ought to be changed. All taxes in my judgment, ought to be paid directly to the county treasurer. The sheriff being tax collector is taken from the old system. The sheriff by right ought to be the executive officer of the county, executing and serving process. All matters of tax ought to be settled with the treasurer. In this way the work would be more easily managed and at much less expense to the people of the state. As the law now stands the treasurer is the custodian of the county funds. Would it not be better, under such circumstances, to let the people paying taxes deal directly with the treasurer? Also it would be a great accommodation to many people to have a law permitting taxpayers to pay their taxes for the year in semi-annual payments, say in May and November, this would relieve our farmers until they got their crops off, etc.

I believe also that under the present system of three county commissioners constituting the county court, and the road supervisors now being elected by the people that the office of road master ought to be abolished. I shall try to bring this about.

I shall also try to cut down the salary of office of county judge from the present figure of \$100 to \$50 per month.

I shall also endeavor to the best of my ability to try to have the law passed dividing the county into 36 assessor districts, being the same number that there are precincts in the county, there by permitting the people in each of these precincts to elect an assessor. I believe that this system which is in vogue in nearly every state in the Union will come nearer resulting in an honest equal and fair assessment of farming lands and all other property than under present system.

I shall also make the best effort to aid in the passage of what is known as the initiative and referendum through the legislature this winter in order that the proposition may be submitted to the people at the next general election.

I shall also favor the adoption of a primary law, being in favor, personally, of the abolishment of all conventions and strongly believing in letting the people nominate at the primary those persons whom they wish to be placed upon the ticket for county and legislative officers. This change will place the power in the hands of the voters and take it out of the hands of the politicians.

Of course I am only one man in the legislature and can not do much but I shall certainly advocate to the best of my ability and shall vote for the above measures.

I would be pleased if the people, irrespective of party affiliations, would communicate to me or the Enterprise, any suggestions of legislation that they may think proper.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO. Toledo, O. Sold by druggists, 75c. Hall's Family Pills are the best.
