

MAN AND HIS MONEY.

THE VARIOUS WAYS IN WHICH BILLS ARE CARRIED.

How the Man Who Uses a Rubber Band Around His Wad Fixes Up His Multi-Colored Cranks, Who Like to Handle New Money—Wealth in Every Pocket.

A great many men have cranky ideas about preparing their bills for ready use. One plan is to fold each bill separately, keeping the denominations in the various divisions of their pockets. This method facilitates the search for the desired sum when making a purchase.

Another plan is to pass out a bill by the wrong denomination. There are men who make a roll of all their bills. The first is rolled by itself to about the size of a pencil, the next is lapped about it and so on to the end. Then a rubber band is placed about the entire roll. It is desired to use one of the bills, the rubber is removed and the end of the first bill caught between the thumb and forefinger of the right hand while the roll is held between the thumb and forefinger of the left hand. Then the bill is quickly unrolled, none of the others being disturbed.

A great many men never carry a pocketbook. One reason for this is that a well worn purse more easily slips from the pocket than a roll of bills. Then, again, the bulk of a pocketbook is annoying. It takes up too much room, especially where the passengers are made snug. When pocketbooks are not carried, a favorite receptacle is the watch pocket. When bills are made up into a roll, hard bunch. Their presence always felt against the body. In a need there is no danger of losing them, and when traveling with any considerable sum this is a safe device.

Some men have a fad of carrying a roll of new bills in an envelope that is kept in one of the inside pockets. Now and then a man is found who keeps a roll in every pocket. He goes on the theory that if he is robbed of one roll a sufficient amount will remain to get him until he reaches home. He says he feels that he is going to be robbed and makes provision to meet every possible emergency. He usually carries three folds of his bills and has them away in the corners of his pockets with extreme care. He does not feel surprised if he finds upon taking an inventory after arriving home that a part of his funds has disappeared as he expected to be robbed.

Any number of men are found who carry only a little working capital in their pockets, the bulk of their funds being concealed in broad, flat wallets in the inside pocket of their suits. These bills are always of low denominations and folded once. When a man brings forth his reserve bank it will be found that all the bills have a smooth, bright appearance. They have been with him so long that they are as flat as a sheet and a letter press.

Very few men in this country carry money in purses. In England purses are common. The material is generally silk, but undressed kid is also used extensively. The former have two compartments, one for small gold coins and the other for silver. It is sometimes amusing to watch a man with a kid undressed kid bag pay his fare at the street cars, especially if he is carrying thick dogskin gloves. Only individuals with great patience can watch the proceeding with complacency. A woman can pick out five pennies from beneath a roll of bills in considerably less time than it takes the man with the kid purse to bring forth a nickel. One reason that the kid bag is not popular is because it feels like the half of a small dumbbell in the pocket when fairly well filled. In London it is the proper thing to carry a bag owing to the large circulation of sovereigns. It is essential to keep gold and silver separate in order to avoid mistakes.

There are coin cranks as well as paper money cranks. Some years ago one lived a little, round faced man in the Back Bay who came into the business district every week day bringing at precisely 9 o'clock. In paying his fare he always passed up a bright, new nickel that looked as if it came to him fresh from the mint. One day he got them was a mystery to the conductor, but he finally decided that his customer was connected with some banking institution and that the new money was used to escape the chances of contracting disease through the handling of money that had been in common use.

There are any number of people who do not let go a new coin without exchanging a pang. They will hold on to a new half dollar until the last extremity. Then there are those who get the substitute every few days and get a pocketful of new 10 cent pieces. They experience a special delight in passing them out, as they feel that those who receive them will wonder who that man is.—Boston Herald.

A Destructive Fire.

The fire which destroyed the immense Swamp Root medicine plant of Dr. Kilmer & Co. July 1, was the most disastrous which has ever occurred in Binghamton. However, the Kilmers resumed business the next morning, though not at the old stand, which is a heap of smouldered ashes. While the firemen were yet pouring water on the burning Chenango street establishment, the Kilmers were arranging to do business somewhere else.

That this great industry might not be crippled for a moment, through the courtesy of other prominent firms and citizens, the large factory and adjoining buildings on South street were vacated for the benefit of the Swamp root people, and possession was taken immediately, and here, by Monday, July 8, this new, temporary factory will be turning out Swamp Root, the great Kidney Remedy, in quantities of about 60,000 bottles per day, and in two or three weeks' time the full capacity of more than four times that amount will be produced. The immense demand for Swamp Root will thus in no way be interfered with.

On the old site, with adjoining property which has just been purchased, will be erected immediately an absolutely fire-proof six-story structure, plans for which have been nearly completed.

An Invitation To Women

All the world knows of the wonderful cures which have been made by Lydia E. Pinkham's Vegetable Compound, yet some women do not realize that all that is claimed for it is absolutely true. If all suffering women could be made to believe that Mrs. Pinkham can do all she says she can, their suffering would be at an end, for they would at once profit by her advice and be cured.

There is no more puzzling thing than that women will suffer great pain month after month when every woman knows of some woman whom Mrs. Pinkham has helped, as the letters from grateful women are constantly being published at their own request.

The same derangements which make painful or irregular periods with dull backaches and headaches, and dragging-down sensations, presently develop into those serious inflammations of the feminine organs which completely wreck health. Mrs. Pinkham invites women to write freely and confidentially to her about their health and get the benefit of her great experience with the sufferings of women. No living person can advise you so well. No remedy in the world has the magnificent record of Lydia E. Pinkham's Vegetable Compound for absolute cures of female ailments. Mrs. Pinkham's address is Lynn, Mass.

Three Letters from One Woman, Showing how She Sought Mrs. Pinkham's Aid, and was Cured of Suppression of the Menses and Inflammation of the Ovaries.

"DEAR MRS. PINKHAM—I have been in bed a year. Doctors say I have female weakness. I have a bad discharge and much soreness across my ovaries, bearing-down pains when passing urine, have not menstruated for a year. Doctors say the menses will never appear again. Hope to hear from you."—Mrs. J. F. BROWN, Holton, Kans., April 1, 1898.

"DEAR MRS. PINKHAM—I received your letter. I have taken one bottle and a half of your Vegetable Compound, and used two packages of your Wash, and feel stronger and better. I can walk a few steps, but could not before taking your Compound. I still have the discharge and am sore across the ovaries, but not so bad. Every one thinks I look better since taking your Vegetable Compound."—Mrs. J. F. BROWN, Holton, Kans., Aug. 18, 1898.

"DEAR MRS. PINKHAM—I think it is my duty to let you know the good that Lydia E. Pinkham's Compound has done me. After I took three bottles, menses appeared, and I began to feel stronger and all my pain was gone. Yours is the only medicine that ever helped me. I am able now to work around the house, something I did not expect to do again. I am still taking your medicine and have recommended it to others."—Mrs. J. F. BROWN, Holton, Kans., Jan. 25, 1899.

Three More Letters from One Woman, Relating how She was Cured of Irregular Menstruation, Leucorrhœa and Backache.

"DEAR MRS. PINKHAM—I am suffering and need your aid. I have pains in both sides of the womb and a dragging sensation in the groin. Menstruation irregular and painful; have leucorrhœa, bearing-down pains, soreness and swelling of the abdomen, headache, backache; nervousness, can neither eat nor sleep."—Mrs. CARRIE PHILLIPS, Anna, Ill., July 19, 1897.

"DEAR MRS. PINKHAM—I want to thank you for what you have done for me. When I wrote to you I was a total wreck. Since taking your Vegetable Compound, Liver Pills and Sanative Wash, my nerves are stronger and more steady than ever before, and my backache and those terrible pains are gone. Before I took your medicine I weighed less than one hundred and thirty pounds. I now weigh one hundred and fifty-five pounds. I feel better than I have for a good many years. Your medicine is a God-send to poor weak women. I would like to ask you why I cannot have a child. I have been married nearly three years."—Mrs. CARRIE PHILLIPS, Anna, Ill., Dec. 1, 1897.

"DEAR MRS. PINKHAM—I did just as you advised me, and now I am the happy mother of a fine baby girl. I believe I never would have had her without your Vegetable Compound."—Mrs. CARRIE PHILLIPS, Anna, Ill., Jan. 27, 1899.

Still More Proof that Irregularity is Overcome by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM—I am troubled with irregular menstruation, and have begun the use of Lydia E. Pinkham's Vegetable Compound. Would like your advice."—CORA L. PAYTON, Ogontz, Pa., May 19, 1898.

"DEAR MRS. PINKHAM—I have taken three bottles of Lydia E. Pinkham's Vegetable Compound, but I have a bad discharge and write to ask if I had better not use your Sanative Wash also? Your medicine is helping me."—CORA L. PAYTON, Ogontz, Pa., July 1, 1898.

"DEAR MRS. PINKHAM—I write to tell you of the benefit I have received from the use of your remedies. Before using them I was feeling very bad. I used to go to the hospital, but it did me no good. Your remedies have done wonders for me."—CORA L. PAYTON, Ogontz, Pa., Feb. 25, 1899.

A Life and Death Fight. Mr. W. A. Hines, Manchester, Ia., writing of his almost miraculous escape from death says: "Exposure after measles induced serious lung trouble, which ended in consumption. I had frequent hemorrhages and coughed night and day. All my doctors said I must soon die. Then I began to use Dr. King's New Discovery for consumption, which completely cured me. I would not be without it even if it cost \$5.00 a bottle. Hundreds have used it on my recommendation and all say it never fails to cure Throat, Chest and Lung trouble." Regular size 50c and \$1.00.
