It is unquestionably the duly of the assessor in the first instance to make the assessments, and to make the assessments in such a manner that they will stand the test. If he chooses to describe the property by reference to a deed he should be careful to see that the deed referred to contains a description as intended.

"While the statutes last referred to prevent assessments to be made by the board and by the sheriff, they were not interded to relieve the assessor of any labor or responsibility in the performance of his duties, but merely to prevent the escape of property from taxation when he had overlooked it.

'The statutes have been declared constitutional by one supreme court, in the case of O. & C. R. R. Co. vs Land Com pany, 23 Ore., 395, and the validity of sheriff's assessment practically settled.
"The general rule is that a descrip-

AN EXPERIENCED EXPERT NEEDED.

Let us drop all figures of speech and face the facts frankly. Here are thousands of people suffering from disease of one form or another. The cry of the sufferer is for some one to lead him out of this desert of disease into the promised land of health. Here is Dr. R. V. Pierce, of Buffalo, N. V., who has a record of more than a quarter of a million of cases and of out of every hun-dred led to perfect health. An experience of thirty years as chief consulting physi-cian to the Invalids' Hotel and Surgical Institute, at Ruffalo, N. Y., guarantees him to be familiar with every phase and form of disease.

But consumption. Is that cured too by But consumption: Is that cured too by Dr. Pierce's medicines? Among the hopeless (so-called) cases were those who had the night sweats, the hectic flush, the hacking cough, the racked lungs, and the emaciated, or wasted body, which are accepted symptoms of consumption. Their home physicians said they had consumption. They also said that their days were numbered. Ver these same people treated They also said that their days were numbered. Yet these same people treated years ago, have lost the night sweats, lost the lung pains, lost the cough, have regained their normal weight, and are living right along in the hearty enjoyment of a healthy, happy life. They cat well, sleep well, and enjoy life. Perhaps they are not cured. Perhaps their days are numbered. But if the number is three score and ten and they live a life. and they live a life

Mr John G Born area Liberty Ave. Pittsburg.

my wife. I don't want to keep anything from
you. I must tell you I am in the last stage of
consumption." In December, 1802 I commenced
taking Dr. Pierce's Golden Medical Discovery. I
could then only speak in whispers. I have taken
thirteen bottles, and can say with truth I am
greatly benefited. People are surprised to hear
me speak. I can halloo, and my woice has not
been as good in eight years. My stomach was
never in better condition. Formerly I could not
tat without suffering very much immediately
after, but now I can eat anything. I am also
greatly relieved of that distressing suffocation.

"Three months ago I was talking to a man in
the shop when another person, who overheard
me was greatly surprised that I could speak so
loud, as, for three years I could not speak above
a whisper."

"As you know, five years ago the doctors had given me up to die with consumption," writes Mr. E. G. McKinney, of Deepwater, Fayette Co., W. Va. "I took treatment from Doctor E. V. Piesce, and am entirely well now. I have taken steadily, as directed, his "Golden Medical Discovery."
