beneficial bills. There is nothing political nor damaging to the democratic-populist party in what the senator proposes to do. George Ogle is nothing but a back number, a sorehead and one of the legislative holdups. He was more of a Simon tool than Brownell. The people of Clackamas county knew it, and turned him down.—Aurora Borealis.

Thus far the rains have done no harm to the hop crops. If dry weather continues for about ten days longer, no damage can be done. It always pays to be a gentleman, and it sometimes pays to be a volunteer. The case of the arrest of Rudolph Gantenbein proves that he is both. He was recently held up by a Silverton policeman for riding his wheel a short distance on the sidewalk in that city. Charges were preferred against him and he was fined \$7. The business men of the town soon learned of Mr. Gantenbein's sterling qualities, and also that he was a volunteer soldier. They concluded that

anyone who had fought for his country should not suffer for so trivial an offense and they forthwith chipped in and paid his fine.

Attention is called to an "ad" on page 7 of this issue, headed "Don't be Duped." The article referred to concerns the publication of a reliable, up-to-date standard dictionary, published by the C. & G. Merriam Company, Springfield, Mass. There are numerous other editions of cheap, reprint dictionaries placed on the market, and are merely prototype copies of a book published over 50 years ago and which is now obsolete and worthless. In a dictionary, the salient points are to select one that is well printed on good paper and thoroughly complete. The Webster Unabridged Dictionary published by the C. & G. Merriam house is complete in every detail and is the only meritorious one of that familiar name to this generation.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.
