ROYAL Baking Powder

The strongest, purest, most efficient and wholesome of baking agents. Not lower in price, yet the most economical; indispensable to all who appreciate the best and most healthful food.

Our country is enjoying prosperively almost uncurtailed in its history.

For every one there is money enough to buy that is pure, sound, good, wholesome.

Why should we use cheap, impure, unhealthful articles of food? There is no economy in them; they endanger the health, they may cost life.

There are reported daily cases of eating cake, puddings or biscuit made with cheap, alunum baking powders. In all articles for food buy and use only the best. The good health of the family is of first consideration.
