KELSO Notes.

The Woodmen Social at Sandy was well attended. Many baskets were sold under Auctioneer Frank McInnis's hammer, and dancing continued until morning.

CARUS.

CARUS, Oct. 5.—It would seem as if country correspondence might be a valuable and interesting feature of a country paper. There are matters of interest and importance occurring in any community that would be pleasant reading for outsiders, and especially for those who have "gone abroad" for a time; but who retain their fondness for home news. The writer has heard the "correspondence page" ridiculed and called by names more strong than polite, but there is an interest in the affairs and doings of our neighbors and friends that is honest and kindly, and does not in the least partake of the nature of gossip. Let us, as correspondents of the Enterprise, strive to bring our work up to the highest standard of literary excellence, and search for such items to record as shall be helpful to the paper and speak well for our locality.

A. O. Hayward, has put his farm into the hands of C. O. T. Williams to trade for Oregon City property.

Mrs. C. Spence is now making rapid progress toward recovery from her long and severe illness.

Mrs. J. R. Lewis is at home again after a year's absence in Alaska.

Parties from Portland recently visited Carus to inspect farm property. They seemed pleased with the outlook and location of Edwin Howard's place, and some others; but did not come to any decision about buying.

C. Spence has just completed a silo 10 feet in diameter, 20 feet 4 inches high, with cement floor. Mr. Spence takes this method of storing green fodder for his milk cows, nine in number.

William Davis has built a very fine drying house for prunes and apples, at expense of six or eight hundred dollars.

Nerve Food

If you have neuralgia, Scott's Emulsion of Cod Liver Oil will feed the nerve that is crying for food—it is hungry—and set your whole body going again, in a way to satisfy nerve and brain from your usual food.

That is cure.

If you are nervous and irritable, you may only need more fat to cushion your nerves—you are probably thin—and Scott's Emulsion of Cod Liver Oil will give you the fat, to begin with.

Cure, so far as it goes. Full cure is getting the fat, you need from usual food, and Scott's Emulsion will help you to that.

If you have not tried it, send for free sample. Its agreeable taste will surprise you.

SCOTT & BOWNE, Chemists, 409-415 Pearl Street, New York.

All except bad ones!

There are hundreds of cough medicines which relieve coughs, *all coughs, except bad ones!* The medicine which has been curing the worst of bad coughs for 60 years is Ayer's Cherry Pectoral.

Here is evidence:

"My wife was troubled with a deep-seated cough on her lungs for three years. One day I thought of how Ayer's Cherry Pectoral saved the life of my sister after the doctors had all given her up to die. So I purchased two bottles, and it cured my wife completely. It took only one bottle to cure my sister. So you see that three bottles (one dollar each) saved two lives. We all send you our heartfelt thanks for what you have done for us."—J. H. BUZGE, Macon, Ga., Jan. 13, 1899.

Now, for the first time you can get a trial bottle of Cherry Pectoral for 25 cents. Ask your druggist.
