EX-POSTMASTER-GENERAL WILSON DEAD.

Americans and All Their Interests in Southern China Imperiled by the Rebellion.

NEW YORK, Oct. 16.—A special to the World from Hong Kong says: Americans and their extensive interests in the far south of China are imperiled by the rebellion in Kwang Tung Province. Already the revolt has grown to such proportions that the Chinese authorities are unable to suppress it.

Mr. Wildman, the consul-general at Hong Kong, has gone to Manila to confer over the critical situation with General MacArthur, the commander of the American troops in the Philippines.

SEATTLE, Oct. 16.—A street car collision occurred this morning early on the line between Seattle and Renton. A passenger car met a freight car bound to the city, on a long open stretch of travel. Both cars were going at good speed. Thirteen people on the passenger car and one man on the freight car were more or less seriously injured. A heavy fog enveloped the valley and the two cars, unobserved to the trainmen of either, came together with appalling force.

MANILA, Oct. 14, via Hong Kong, Oct. 16.—A detachment of 20 men of the Twenty-fourth Regiment, while engaged in repairing telegraph wires, October 10, at a point near San Jose, Neuvo Ecija Province, Isle de Luzon, were set upon by 200 rebels, and were overpowered and scattered. Seven of the Americans reached San Jose, but it is probable that the remainder were captured.

The enemy surprised a party of scouts of the Forty-third Infantry at a point three miles from Takloban, Leyte Island, killing three of the Americans at the first volley. Two escaped and gave the alarm, but the enemy succeeded in evading their pursuers. The native police of Takloban had conspired to surprise the Americans. The bodies of the dead soldiers were badly mutilated.

Seranton, Pa. Oct. 14.—The anthracite miners of Pennsylvania agreed yesterday to end the strike on the following terms:

"Whereas, The anthracite coal operators have posted notices offering an advance of 10 per cent over wages formerly paid, and have signified their willingness to adjust grievances with their employees; and

"Whereas, They have failed to specify the length of time this advance would remain in force, and have also failed to abolish the sliding-scale method of determining wages, we would recommend:

"That this convention accept an advance of 10 per cent, providing the operators will continue its payment until April 1, 1901, and will abolish the sliding scale in the Lehigh and Schuylkill regions, the scale of wages in the two last-named districts to remain stationary at 10 per cent above the present basis price, and that the companies will agree to adjust other grievances complained of with committees of their own employees.

"Should this proposition be unacceptable to the operators, we recommend that the convention propose that all questions at issue be submitted to a fair and impartial board of arbitration.

"We would further recommend that under no circumstances should there be a resumption of work at any of the collieries until the operators signify their acceptance of this proposition and you are notified officially that the strike is ended and all return to work in a body on the same day.

MARCH OF STRIKERS

Thousands Walked 18 Miles Through The Mountains.

LANSFORD, Pa., Oct. 16.—About 1500 men and 60 women and girls marched 18 miles, from the south side of the Hazleton region, during the night, for the Panther Creek Valley, where they expected to close the 10 collieries of the Lehigh Coal and Navigation Company, but just as the weary marchers were nearing their destination this morning they were met on a mountain road by three companies of infantry, and at the point of the bayonet were driven back four miles to Tamaqua and dispersed.

Another crowd of 800 strikers from the north side of Hazleton also marched here and succeeded in closing the company's No. 1 colliery at Nesquehoning, near Mauch Chunk, before it was scattered. The presence of the soldiers were entirely unexpected and the strikers were much crestfallen that they failed in accomplishing the object of their long march.

It was probably the most exciting morning that the Panther Creek and the Nesquehoning Valleys have ever experi-

enced. Strikers were scattered over the various roads and companies of soldiers were scurrying in all directions, heading off the marching men. For a moment just after the two forces met on the road in the darkness, it looked as if a clash would come, but the good sense of those who had charge of the strikers prevented any conflict.

PHILADELPHIA, Oct. 17.—The great strike of the anthracite miners of Pennsylvania, which began September 17, practically ended today, when the Philadelphia & Reading Coal & Iron Company and the Lehigh Valley Coal Company agreed to abolish the sliding scale in their respective regions and to grant an advance in wages of 10 per cent the advance to remain in operation until April 1, 1901, or thereafter. This action meets the demands of the Scranton miners' convention.

LEXINGTON, Va., Oct. 17.—William L. Wilson, president of Washington and Lee University, and ex-Postmaster-General, died suddenly at 9:30 o'clock this morning from congestion of the lungs.

Royal BAKING POWDER

Absolutely Pure

For the third of a century the standard for strength and purity. It makes the hot bread, hot biscuit, cake and other pastry light, sweet and excellent in every quality.

No other baking powder is "just as good as Royal," either in strength, purity or wholesomeness.

Many low priced, imitation baking powders are upon the market. These are made with alum, and care should be taken to avoid them, as alum is a poison, never to be taken in the food.
