Kelso Notes

KELSO, Oct. 15.—The Kelso Debating Society was launched on the sea of usefulness last Saturday evening. The question for the night was "Resolved, That the pen is mightier than the sword," which was decided by the judges in favor of the affirmative side. The following officers were elected: President, Joel Jari; vice-president, R. Jonrud; secretary, John Nelson; marshal, Bert Jonrud; treasurer, Olof Mikkelsen. N. Nelson has sold his timber to J. H. Wewer. Jarl Bros. have a crew of men making skid road, preparatory to logging it out. Justice T. G. and Constable Gilbert Jonrud were in Portland last week at the examination of Lawrence Kopper. Miss Hilda and Ernest Quist were out visiting at Nelson's. Rev. G. P. Rich preached at the school house last Sunday.

Redland

REDLAND, Oct. 15.—Oregon excels the world for pleasant weather, pretty girls and big red apples, and Redland has its share. Farmers are plowing and seeding. Acreage of fall wheat will be small on account of scarcity of good seed. Potato digging is under headway. The crop is good in quality, though the quantity is not large. W. W. Austin, of Logan, closed a 2 1/2 month's term of school at Evergreen school house Wednesday last. The school resumed operation the next day with Miss Annie Backman, of Clackamas as teacher. School will continue three months. H. A. Allen is moving his goods from the Conner place, which he has occupied for the past few years, to his own. Jas. Focillam takes charge of the Conner farm. L. Wilcox, who is teaching the primary grade at Macksburg, spent Saturday and Sunday at home. Frank Murdock accompanied her. You boys over at the burg save up your old tin cans and keep an eye on the cow bells and don't waste all your shot gun shells on China pheasants; you may need them. Harry Mosher made a trip to the metropolis one day last week by wheel. Oswald Behymer, who is working in Portland, spent Sunday with his best girl here.

SCOTT'S EMULSION

OF COD-LIVER OIL WITH HYPOPHOSPHITES

should always be kept in the house for the following reasons:

- FIRST—Because, if any member of the family has a hard cold, it will cure it. SECOND—Because, if the children are delicate and sickly, it will make them strong and well. THIRD—Because, if the father or mother is losing flesh and becoming thin and emaciated, it will build them up and give them flesh and strength. FOURTH—Because it is the standard remedy in all throat and lung affections. No household should be without it. It can be taken in summer as well as in winter.

SCOTT & BOWNE, Chemists, New York.

"Hellow! Central!" is what our neighbor, Curriusville, says over the wire at present.

No politics up here. One would not think the presidential election is to be held in less than a month. No rallies, no talking politics. But still the politicians may not be dead, for all that.

The telephone line to Portland is completed and Mr. Welch, our postmaster and merchant, is kept jumping, tending the wants of his customers and answering the 'phone. Potato-digging is in full blast. The Whole Truth!

There's nothing so bad for a cough as coughing. There's nothing so good for a cough as Ayer's Cherry Pectoral.

The 25 cent size is just right for an ordinary, everyday cold. The 50 cent size is better for the cough of bronchitis, croup, grip, and hoarseness. The dollar size is the best for chronic coughs, as in consumption, chronic bronchitis, asthma, etc.

Jacob Grossmiller made a business trip to Portland today.
