After Timber.

For a long time the Willamette Pulp and Paper Company has had timber cruisers in the various timber belts of this state in search of large quantities of hemlock and white fir. Wherever the greatest quantity of these varieties of timber is obtainable they will construct a railroad, over which it will be conveyed to the nearest place where the logs can be floated to the mills.

J. T. Heisey has been exploring the timber region between the head of the Abiqua and Butte creek, and his report has led the company to believe that in that section can be secured the largest quantity of desirable logs at the least expense, and as a result the company may build a branch road from Mount Angel to the Abiqua. Mr. Heisey has recently returned from the Santiam country, where he has been engaged in making timber estimates, but his reports are in favor of the Abiqua region.

Thousands Have Kidney Trouble and Don't Know it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What to Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail, address Dr. Kilmer & Co., Binghamton, N. Y.
