Arrangements have been made by County Chairmen Robert A. Miller and J. U. Campbell of the democratic and republican committees respectively, and Tom Cowing of the Western Union Telegraph Company to have the returns of the presidential election read to the public at the Weinhard building the night of Nov. 6. Last Saturday several kids indulged in dangerous pastime, in which the principal subjects of the performance were a white horse, a stout string and a five-gallon can. The lads attached these three combative elements together and a lively time ensued. The horse started from the head of Seventh street, frightening and causing to run away the delivery teams of Mr. Robertson and of Muir Bros. Coming down Singer hill, the frightened animal dashed into a horse attached to a buggy, where the can dropped from its tail, and the chase was ended without further loss of property, or personal injury.

If Kentucky goes democratic, Pat Colbert will be compelled to go without a "skypiece" for the next four years to come; but if it goes for McKinley he will be able to wear a double-header. In other words Mr. Colbert and Jack Moffett have bet their hats on the political result in the bluegrass state. Another bet, even more grotesque, was consummated last week by two prominent citizens, whereby they pledged themselves, that the loser of the wager on the general result in the presidential contest, should wheel the winner through Main street from the Woolen mills to the Y. M. C. A. building, in a wheelbarrow.

If perseverance is the principal element to success, then W. H. Faubian and Mr. Hueth, of Parkplace are on the high road to fortune and fame. They are now making renewed efforts to strike oil in wells they are sinking near the old paper mill on the Clackamas river. Recently they have drilled down into the bowels of the earth over 525 feet,

where they encountered a peculiar formation of coal, a substance that always abounds where oil is prevalent. Mr. Hueth has a wide experience in boring for oil, being formerly employed in the oil regions of Pennsylvania. He declares the indication at Parkplace are identical with those in Kern county, California, where the big oil strike was made.

They claim they have confidence enough in the outlook for business to go it alone without asking any rental bonus from the citizens.

Mr. Wilson has until recently been engaged in the commission business in Corvallis, and Mr. Bell is at present engaged in shipping produce to Seattle and other outside places.

Over-Work Weakens Your Kidneys. Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries. It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble. If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.
