NECK AND NECK RACE -It will be a hub and hub race for votes between the socialistic and prohibition candidates in this county. The most radical Debsites claim they will poll not less than 300 votes, the more conservate place it at 250. The probis estimate their strength about equal to the Debs vote. Between the democratic and republican parties the breakaway will be about even, as the Debs vote will be mostly from the former, and the Wooly vote will be drawn principally from the latter party. At the June election the highest probibition candidate for representative received 218 votes, and the lowest 168, so that the vote for Wooley cannot be expected to lessen the republican majority in june to any great extent.

cause for it that I could see. I had a little trouble with my stomach, too, and after a while began to grow weaker and to cough. The cough, I thought, would

soon go away and cure itself, but it didn't. It grew worse, and then I began to spit up a pecu-liar looking substance. I never thought of consumption, but one day I had a hemorrhage, and then was frightened in earnest and did just what you would do. I rushed to the doctor. He was either too busy, or something else, for he didn't dome any good. I kept going on down hill, and the outlook was bad. Things took a different turn, however, when I heard of Acker's English Remedy for Consumption, for I took it, and it not only cured my coughing and spitting, but also built up my whole system. I took on per-manent flesh, and today am just as healthy a man as you can find in a week's travel. You may be sure I always keep Acker's English Remedy in the house, and it is a good thing I do so, for one night my youngest child was seized with croup. That hoarse, wheezy cough was the first signal,

and I lost no time in giving the poor liltle sufferer proper doses of this grand medicine. In almost no time the disease was under control, and my child was saved. I advise every parent to have a bottle handy all the time. It serves the same purpose in keeping croup out of the house that a good lock and key serve to keep burglars out. It is both an expectorant and a tonic. It cured me of consumption and my child of croup, and I know what I am talking about." Hon. M. Hogan, picture frame manufacturer, 242 Center Street, New York.
