### TEACHERS LIBRARY.

Suggestions on the Subject by Superintendent J. C. Zinser.

DEAR TRACEPERS

You will agree with me that intellectual growth is indispensable for the teacher should have within easy reach an abundance of wholesome, thoughtprovoking books. There is no country where educational literature has been produced so rapidly as in the United Let thy devotee extol thee, States in recent years. But Oregon and Clackamas county are far away from the centers of educational influence and the meager salaries of many of our teachers do not warrant a great outlay for the much desired, helpful, educational books.

To meet these conditions, to lend a helping hand to every earnest, struggling teacher in Clackamas county, and, if possible, to raise our school work to a higher level by encouraging professional reading, it has been decided to organize a Teachers' Library Association.

In accordance with a resolution passed at the Canby meeting of the Clackamas Cook sold at public auction \$6,603 worth County Teachers' Association, the comof delinquent tax property. The princi- mittee elected to arrange plans for a pal buyers were P. H. Marley and E. E. Teachers' Livrary mov at the superintendent's office, and, after a careful consideration of this important subject in all its bearings, reached the following con-

The by-laws provide for a president, wo vice-presidents, a treasurer and a brarian, with duties usual to these cffices. These shall be elected at the same time and in the same manner as the officers of our Teachers' Association. The county superintendent is to be exofficio secretary-librarian. The above officers constitute the executive committee, who shall select books and direct the affairs of the society.

The membership fee shall be one dol-Zinser has recently visited fourteen dis lar, which entitles members to draw one book for a period of two months. # Bled Quarts at a Time

I am aknife maker and worked for a number of years in the New York Knife Co.'s factory at Walden, N. Y. First thing I knew I commenced to bleed from Sometimes as much as a quart of blood would come up from my lungs at a time. Every time I coughed the blood spurted out. It was in the

fall I got so bad, and the church people told me I had better make my peace with the Lord and prepare to die, for I would not live till spring. My home doctor couldn't do me any good, but advised me to get to New York City for examination. They finally took me to a medical college, and a whole lot of physicians made what they called a diagnosis. There were several students looking on. One professor had a little ivory hammer, and with this he pounded my chest and held his ear close to listen. After a while the professor looked at me solemnly and declared 'One of your lungs is about gone and the other is affected. There may be a slim chance

for life if you quit working in that knife factory.' I went back home, but didn't improve. One day I saw an advertisement of free samples of Acker's English Remedy for Consumption, being given away by our homedrug-gists. Walker & Eaton. I got one of these bottles, and it relieved me. Then I bought more of the regular size, and my improvement was continuous, although slow. My doctors were astonished and so was I. After dark I hated to spit, because I was afraid it might be blood, and I wanted to know for sure. I have no fear now, for at last I am a solid man again. Although one lung is gone, the other is as sound as a dollar, and answers as well as two lungs, so far as I can see. I want everyone to know the facts and that is why I tell them here." (Signed) A. H. SIMPSON.
