All are cordially invited to the services at 11 and 5 o'clock. Dr. M. C. Strickland, has been summoned to Canby several times during the week to attend patients whom he states have had cases of diphtheria. The malady was at first thought by the neighborhood, to be tonsillitis but upon professional investigation it developed genuine diphtheria. Dr. Strickland states later that all patients are recovering and the disease will soon be extinct in that locality. Since that time she has heard nothing of him and her waiting and watching for his return has been in vain. Her plaintive cry is made sadder by adding that she is sick, and needs his companionship. Harry Baum, a San Francisco detective, was in this city last week in search of a young lady whom he wishes to use as a witness in a sensational case that he claims will soon develop in that city. Baum found no trace of the young lady in this city. A Handel programme was enjoyed by the Berthie Club Monday evening in charge of Mrs. L. L. Porter. Mr. Denton rendered the "Largo" and "Angela Ever Bright and Fair" on the violin with much sympathetic feeling and several other artistic selections at the urgent request of all present. Wilson & Co., commission house of this city has secured the contract to furnish 300 turkeys to the Willamette Pulp and Paper Co., to be distributed among its employes Thanksgiving. When dressed the birds are worth sixteen cents per pound, which would necessitate the expenditure of about \$450 for the 300 Thanksgiving offerings. This custom has been practised by the Willamette mills for years. Aside from the usual feast of turkey and cranberry sauce on Thanksgiving, Oregon City is promised two social events in the nature of dancing parties, one occurring Thanksgiving eve and the other Thanksgiving night. O." was not displayed last night at the Western Opera House, Beach & Bowers were greeted with a fair sized audience on their initial performance in Leadville, and from the rise to the fall of the curtain was one continued round of applause. And it was rightfully earned, as there is not a "stick" in the entire company. The jokes are all new, and the solos rendered by the different members were the best that had been heard in Leadville in a long while. To mention each one separately is not necessary suffice it to say that those who witnessed last night's performance were given a treat and one that will long be remembered.—Leadville, Colo., Herald-Democrat, Oct. 1. Deafness Cannot be Cured by local applications, as they cannot reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O.
