little booklet that tells the story. Address,  
Sold by  
BURMEISTER & ANDRESEN, REX RHEUMATIC CO.,  
Oregon City, Oregon. Hartford, Conn.

## TO GO TO MANILA

Generals Wade and Ludlow Go  
in March.

### GEN. WARTHUK TO BE RELIEVED

War Department's Policy is to Limit  
Detail of Officers in the Tropics  
to Two-Year Terms.

WASHINGTON, Jan. 29.—By direction  
of the president, Brigadier-Generals Jas.  
F. Wade and William F. Ludlow, will  
be relieved of their present duties and  
ordered to San Francisco in time to sail  
on the first transport from that port after  
March 1, for Manila, where they will re-  
port to the commanding general division  
of the Philippines, for assignment to duty.  
General Wade is now in command of the  
department of Dakota, with headquar-  
ters at St. Paul. General Ludlow is a  
member of the board to consider regula-  
tions pertaining to the establishment of  
a war college for the army, with station  
at Washington. Major General F. S.  
Ous, commanding the department of the  
lakes at Chicago, will, upon the depart-  
ure of General Wade, assume command  
temporarily of the department of Dakota,  
in addition to his present duties.

The detail of Generals Wade and  
Ludlow to duty in the Philippines will en-  
able the department to relieve two gen-  
eral officers on duty there and give them  
assignments in the United States. This  
is in accordance with the policy of the  
War Department to limit the detail of  
officers in the Philippines to two years  
whenever possible, in order not to over-  
tax their health and strength by pro-  
longed service in a tropical climate. It  
is probable that Major General Lloyd  
Whetton, who commands the depart-  
ment of Northern Luzon, and J. C. Bates  
who commands the department of South-  
ern Luzon, will be among the first high  
officers relieved and granted permission  
to return to the United States.

### Wade Will Relieve MacArthur.

NEW YORK, Jan. 30.—A special to the  
Herald from Washington says:  
Major-General Arthur MacArthur will  
be relieved from duty as the command-  
ing general of the division of the Philip-  
pines in April next, and will be succeed-  
ed by Brigadier-General James F. Wade.

### TWO NEW COMPANIES ORGANIZE.

Will Begin Business Operations in Ore-  
gon Under the Law.

SALEM, Jan. 29.—In the Department  
of State, at the capitol, yesterday, two  
new companies filed articles of incorpo-  
ration, as follows:

The Twentieth Century Land Company  
will engage in the real estate business  
and do a general development business.  
The principal office is located at Portland.  
The company has a capital of \$12,000,  
divided into shares valued at \$100 each.  
D. Miller, U. F. Blwin and W. L. Hard-  
man are the incorporators of record.

The Clear Lake Creamery will engage  
in the manufacture of butter and other  
milk products near Stone, Clackamas  
county. The company has a capital of  
\$1500, divided into shares valued at \$10  
each. W. P. Kirckham, Fred Riebbhoff,  
J. J. Hatten, L. D. Mumpower and J.  
W. Watt are the incorporators.

### THE SALOON SMASHER.

Mrs. Nation, The Woman Crusader  
Tackles Governor Stanley.

TOPEKA, Kan., Jan. 28.—Mrs. Nation  
today entered Governor Stanley's office  
and began a philippic that caused Gov-  
ernor Stanley's anger to rise, and a crowd  
groped about his desk to look on in  
wonder.

"You can close every joint in Kansas,  
if you will, Governor Stanley," she said  
with force. "You can do it if you want  
to, but you won't. But you are a law-  
breaker, yourself, if you don't. You  
took your oath of office to keep the law."

Pointing her finger at the governor she  
called him a "lawbreaker" and a "per-  
jurer" without the least show of fear.  
She repeated these words of accusation  
again and again. He tried to make a re-  
ply, but she gave him no chance. Fi-  
nally, his temper gone, Governor Stanley  
arose from his seat and shouted back:

"You cannot come here and talk that  
way to me. You cannot talk to me this  
way, I say. You are a woman, but I  
won't stand it. You will have to leave."  
Finally Governor Stanley volunteered:  
"You get the prosecuting attorneys of  
the different counties to put the joint-  
keepers in jail, and I'll use my power as  
governor to keep them in. I'll see that  
they are not paroled out."

The promise instantly transformed  
Mrs. Nation. She fairly beamed with  
joy and thanking the governor, she  
started for the office of Attorney-General  
Goddard. She then visited the county  
attorney, the sheriff and the chief of po-  
lice.

This woman has been raising all kinds  
of disturbance in Kansas towns since the  
first of the year, and what was first look-

ed upon as a sort of a joke, has become a  
serious business. Speaking of the wom-  
an's actions, one paper says editorially:

"When Mrs. Nation made her first  
display of bad taste, bad judgement and  
folly in Wichita there was a disposition  
to treat the matter with levity and ex-  
plain it as a single erratic ebullition of  
fanaticism, to be pitted and overlooked.  
By this time, however, she has repeated  
her unseemly performances until the  
whole state is disconcerted. Disorder,  
destruction of property, fights among  
women, mob violence against the woman  
herself and other details of equal disre-  
lish are reported wherever she goes.  
Furthermore there is no probability of  
a termination of such exhibitions, for her  
spirit seems undaunted and folly still  
her ruling influence.

It is impossible to have any patience  
with such a spectacle, and Kansas owes  
it to itself and the rest of the country to  
stop the display by orderly and legal  
process at once. If Mrs. Nation is sane,  
she should be arrested and punished un-  
der the ample laws which must exist  
covering her offenses. If she is unbal-  
anced by her emotions she should be  
cared for by her friends.

For the sake of the cause in which she  
is pretending to work, the friends of tem-  
perance should interfere with all their  
own influence. Temperance workers  
generally will find their position weak-  
ened and will suffer in the public esteem  
as a result of such extravagances.  
Neither their interests nor those of the  
saloons which they oppose can profit by  
an appeal to force outside the processes  
of law. Neither can afford to wage bat-  
tle by the destruction of property and  
the disturbance of order. Condemnation  
of the liquor interests would be prompt  
and stern if they sought to accomplish  
their opposition to restrictive legislation  
by such a process. It should be equally  
severe against the advocates of closing  
the saloons, who, misguided by their  
desires, attack the property of those whom  
they oppose instead of seeking orderly  
enforcement of whatever laws exist."

### P. D. ARMOUR'S FORTUNE.

He Left \$150,000,000 to His Widow And  
Sons.

CHICAGO, Jan. 29.—The estate of the late  
Philip D. Armour, according to a peti-  
tion for letters testamentary filed in probate  
court today, is valued at \$150,000,-  
000. Of this \$14,900,000 is realty. This  
estate is distributed among the members  
of the Armour family, the legatees named  
in the petition being Malvina G. Armour,  
widow; J. Ogden Armour, son; Philip

D. and Lester Armour, grandsons. The  
Armour institute is not included among  
the legatees, but it is said Mr. Armour  
made provisions for the future of the in-  
stitute by transferring property before  
his death.

### CANNERS VS. FISHERMEN

Trouble is Brewing on British Columbia  
Fishing Grounds.

VICTORIA, B. C., Jan. 30.—A series of  
meetings is being held by the salmon  
canners of the Fraser and Northern  
British Columbia Rivers, to perfect a  
combine for the coming season, and also  
to provide protection for the canners  
from the labor agitators, who succeeded  
in keeping the fishermen from working  
while the big run of fish was on last  
year. Every canner on the Fraser is  
going into the pool.

The fishermen are also active and have  
formed five unions on the different  
rivers, including in their membership  
the Indians as well as white fishermen.  
A central authority is to be appointed to  
act as the representative of the unions  
in dealing with the combine. An effort  
is being made to keep the Japanese, who  
broke on last year's strike, off the river.

### A BRIDEGROOM SUICIDES.

Had Been Married Only Five Hours  
Before.

SEATTLE, Wash., Jan. 28.—Because  
he had wronged a young girl in Minne-  
apolis some few years ago, Frank H.  
Hanley, of South Seattle, and a bride-  
groom of but five hours, swallowed a  
dose of strychnine yesterday, at his  
rooms in a North Seattle lodging-house,  
and expired in the arms of his bride.  
With his last breath Hanley managed to  
gasp out to the terrified woman: "I am  
not worthy of you." Then he fell into  
her arms and life was extinct.

Hanley came to this city some nine  
months ago, and went to a farm south of  
this city, where he secured work. There  
he became acquainted with Mrs. Brid-  
enstein, a widow, with whom he fell in  
love. He was married to her yesterday.  
It seems that his conscience smote him  
so sharply that he confessed to his wife  
the story of his past. He was forgiven  
by her at the death-bed.

Reports show a greatly increased death-  
rate from throat and lung troubles, due  
to the prevalence of croup, pneumonia  
and grippe. We advise the use of One  
Minute Cough Cure in all of these diffi-  
culties. It is the only harmless remedy  
that gives immediate relief. Children  
like it. G. A. Harding.

## Does Your Baking Powder Contain Alum?

Prof. Geo. F. Barker, M.D., University of  
Penn.: "All the constituents of alum remain  
(from alum baking powders) in the bread, and  
the alum itself is reproduced to all intents and  
purposes when the bread is dissolved by the  
gastric juice in the process of digestion. I re-  
gard the use of alum as highly injurious."

Dr. Alonzo Clark: "A substance (alum)  
which can derange the stomach should not be  
tolerated in baking powder."

Prof. W. G. Tucker, New York State  
Chemist: "I believe it (alum) to be decidedly  
injurious when used as a constituent of food  
articles."

Prof. S. W. Johnson, Yale College: "I  
regard their (alum and soluble alumina salts)  
introduction into baking powders as most dan-  
gerous to health."

In view of such testimony as this,  
every care must be exercised by  
the housewife to exclude the over  
and over condemned cheap, alum  
baking powders from the food.

Baking powders made from cream of tartar, which  
is highly refined grape acid, are promotive of health,  
and more efficient. No other kind should be used  
in leavening food. Royal Baking Powder is the  
highest example of a pure cream of tartar powder.
