New York's Slave Ship.

When New York city owned a slave ship it is told in an article in Pearson's Magazine. The greatest impetus was given to the slave trade by the act of parliament of 1684, which legalized slavery in the North American colonies. This does not mean that slavery was unknown in what is now the United States before that time, because as early as 1620 a Dutch man-of-war landed and sold 20 African negroes at Jamestown, Va.

In 1626 the West India company imported slaves from the West Indies to New York city, then New Amsterdam. The city itself owned shares in a slave ship, advanced money for its fitting out and shared in the profits of its voyages. This recognition and encouragement may account for the astounding fact that in 1750 slaves formed one-sixth of the entire population of New York. The general prevalence of slavery is shown by the fact that at this time there were 67 slaves in New York's small suburb of Brooklyn, and that in London itself there were resident 20,000 slaves.

Slaves were at that time publicly dealt in on the London exchange. No wonder the traffic in human flesh was a recognized commerce, and that in 1771 the English alone sent to Africa 102 ships equipped for the trade and with a carrying capacity of 47,146 slaves per trip.

A Tricky Dog.

Not long ago a very fat spaniel was introduced into the house where a fox terrier had always been the master. The latter was told, however, to behave well to the newcomer and not to bully him. So the two seemed fairly friendly and in the end got in the habit of taking short rambles together.

However, the fox terrier was evidently of a thoughtful disposition and on one occasion came across a bank, or wall, which was easy enough to leap off, but there was greater difficulty in returning. The fox terrier sprang down the bank and enticed his heavy companion to follow, with the result that the latter could not get back, while the former, by reason of his greater activity, was easily able to do.

Now the terrier saw his opportunity, returned home and cruelly left his companion lamenting. Never did the former seem happier or gayer than on that day when he had once more the sole run of the house, and he sulked when later on the spaniel had been found, assisted up the wall and brought home.

Since then the fox terrier has repeatedly got the spaniel down the same place, with the usual result, and seems to glory in his mischievous act. Whether the "fat dog" will learn to avoid temptation to such a ramble remains to be seen.—Buffalo News.

All Ready For Baby.

The young mother thinks, when she has completed the baby garments that are to clothe the little form. But she is not all ready for baby's coming, unless she has done something more for the baby than merely to prepare his clothes. Many a young mother who goes through hours of pain and suffering wonders why it was not possible to prepare in some way for the baby's advent, and to avoid the agony that seemed almost unendurable. Dr. Pierce's Favorite Prescription is the one medicine for women which prepares them perfectly, both for the burdens and pleasures of maternity. It prevents the morning sickness from which so many women suffer. It strengthens the whole body, so that there is no nervousness nor anxiety. It promotes a healthy appetite and causes refreshing sleep. It gives the mother strength for her trial and makes the baby's advent practically painless. Healthy mothers have healthy children, and it is the general testimony of those who have used Dr. Pierce's Favorite Prescription as a preparative for motherhood, that the children were healthier and happier than those born after months of mental misery and physical anguish on the part of the prospective mother.

Sick and ailing women are invited to consult Dr. Pierce by letter absolutely without fee or charge. As chief consulting physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., Dr. R. V. Pierce, assisted by his staff of nearly a score of physicians, has in the past thirty years and over treated and cured more than half a million sick and suffering women. The testimonials of these cured women are on record. A large number of them were cured when doctors had pronounced a cure impossible and after enduring years of useless suffering.

Let no sick women hesitate to take advantage of Dr. Pierce's offer, but write at once and so secure the professional counsel of a specialist in the diseases of women, entirely free. All correspondence strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Hoped for Death.

"For the sake of poor suffering women, I feel it my duty to inform you of the great benefit your medicine has given me," writes Mrs. Callie Bowles, of Watts, Irrell Co., N. C. "I was in a most miserable condition when I wrote to you. I had uterine disease so bad I could scarcely walk and suffered such dreadful misery I hoped to be relieved by death. You wrote to me to take your 'Favorite Prescription' and I have taken eleven bottles of it, and two of your 'Pleasant Pellets.' I am entirely well and feel like a new woman. I feel thankful to God and to Dr. Pierce for the blessings I now enjoy. I have a fine big boy, two months old, and never got along as well in my life. I can't praise your medicines enough."

Very Thankful.

"I will be very glad to say a few words for Dr. Pierce's Favorite Prescription," writes Mrs. F. K. Douglas, of Mansonsville, Brome Co., Quebec. "During the first four months when I looked forward to becoming a mother I suffered very much from nausea and vomiting and I felt so terrible sick I could scarcely eat or drink anything. I hated all kinds of food. At this time I wrote to Dr. Pierce and he told me to get his 'Favorite Prescription' and a bottle of 'Golden Medical Discovery.' I got a bottle of each and when I had taken them a few days, I felt much better, and when I had taken hardly three parts of each bottle I felt well and could eat as well as any one, and could do my work without any trouble. (I could not do any thing before). I feel very thankful to Dr. Pierce for his medicine and I tell all who will that they are sick to get these medicines or write to Dr. Pierce."

The claim of other cough medicines to be as good as Chamberlain's are effectually set at rest in the following testimonial of Mr. C. D. Glass, an employe of Bartlett & Dennis Co., Gardner, Me. He says: "I had kept adding to a cold and cough in the winter of 1897, trying every cough medicine I heard of without permanent help, until one day I was in the drug store of Mr. Honohan and he advised me to try Chamberlain's Cough Remedy and offered to pay back my money if I was not cured. My lungs and bronchial tubes were very sore at this time, but I was completely cured by this remedy, and have since always turned to it when I get a cold, and soon find relief. I also recommend it to my friends and am glad to say it is the best of all cough medicines." For sale by G. A. Harding.

Southern California.

Notable among the pleasures afforded by the Shasta Route is the winter trip to Southern California and Arizona. Renewed acquaintance with this section will ever develop fresh points of interest and added sources of enjoyment, under its sunny skies, in the variety of its industries, in its prolific vegetation and among its numberless resorts of mountain shore, valley and plain.

The two daily Shasta trains from Portland to California have been recently equipped with the most approved pattern of standard and tourist sleeping cars but the low rates of fare will still continue in effect.

Illustrated guides to the winter resorts of California and Arizona may be had on application to C. H. MARKHAM, G. P. A., Portland, Oregon.
