ROBBERY IN CHINA

French and Russian Consuls in Big Steals.

STOLE ALL THE SALT IN CHINA
Offered to Sell it Back to Owners for Three-Fourths of its Value—China Apprais.

NEW YORK, Feb. 13.—A dispatch to the Herald from Tien Tsin says: The French and Russian Consuls raised their respective flags over the salt heaps belonging to the merchants of the Salt Guild, a month after the occupation of the city, and have since refused to allow the owners to approach the property. They have however offered to sell it back at three-quarters of its market value, which amounts to millions. At a meeting today, the merchants came to the conclusion that such barefaced robbery of private property was not committed with the approval of Paris or St. Petersburg, and drew up a memorial cable dispatch to the Czar and President Loubet, setting forth their grievances. The importance of the decision by the home governments and its bearing upon the situation cannot be exaggerated. All the commercial classes in China are waiting to learn whether the Boxers or allies are more dangerous to their interests, and will act accordingly.

UNCONDITIONAL SURRENDER.

Eight Officers and Seventy Men Give up the Fight.
MANILA, Feb. 12.—An insurgent colonel, Simon Tecson, seven insurgent officers and 70 men, with 60 guns, have surrendered unconditionally to Captain Coles, of the Thirty-fifth regiment, at San Miguel de Mayamo.

In a fight at Sibuan, Batangas, the rebel General, Malbas, is reported to have been killed. Six insurgent officers and 20 men were captured.

Marikina is the scene of an immense peace meeting of the Federal party. The Women's Peace League met at Judge Taft's house today. Senorita Poble attempted to introduce a resolution requiring the release of the imprisoned insurgents. Mrs. Taft and other ladies spoke on a resolution urging the insurgents to surrender. This was adopted instead of Senorita Poble's.

THEY ARE NOT DIVORCED.

Milwaukee People Who Thought They Were Not.
CHICAGO, Feb. 13.—A special to the Tribune from Milwaukee, Wis., says: Over 200 people in this city who supposed themselves divorced are married. This discovery was made yesterday when it was found that in over 100 cases where divorces have been granted they have not been docketed.

The four judges of the circuit and supreme courts immediately met and adopted a rule that no decree of divorce will be made until one of the parties deposits the fee for entering the judgment. The judges blame the lawyers, and the lawyers blame their clients for not paying. No decree of divorce is valid until it is entered, and there have been over 100 cases in the last two years where the parties failed to have the judgments entered.

MORE ARGONAUTS.

Many Vessels are Being Fitted for the Klondike.
TACOMA, Feb. 11.—The travel to Copper River and the Klondike is now well started. Not less than two dozen sailing vessels will start for Nome and Bering Sea in April and May. The sawmills on the Yukon have resumed operations, and every town between Bennett and Dawson is building boats and steamers. Not less than 80 vessels will be engaged in the Alaska traffic during the coming summer, including those on the Upper and Lower Yukon, together with steamers sailing on regular routes from Puget Sound.

The people of Southeastern Alaska have petitioned Senator Perkins, of California, to aid them in securing a light-house and other means of protection for the inside route between the Sound and Skagway. The petition sets forth that 15,000 passengers, 200,000 tons of freight and \$30,000,000 in treasure are annually transported over this route.

A Minister's Mistake.

A city minister was recently handed a notice to be read from his pulpit. Accompanying it was a clipping from a newspaper bearing upon the matter. The clergyman started to read the extract and found that it began "Take Kemp's Balsam, the best Cough Cure." This was hardly what he had expected and, after a moment's hesitation, he turned it over, and found on the other side the matter intended for the reading.

Persons desiring announcements of parties, socials, etc., must send them to this office.

COAL IN EAST OREGON.

Good Quality Found on the Grande Ronde River.

LA GRANDE, Feb. 11.—The discovery of what has been adjudged a good quality of coal on the Grande Ronde river, in the Blue Mountains, a few miles above La Grande, stands a refutation of the theory of the geologists that the coal of this region had burned out. An expert brought here for the purpose testifies to the presence of good coal in large quantities, and the promoters of the mine are thus encouraged to go on with what yet remains a mere mining experiment. Two or three good veins have been found, and these will be followed up. The discovery was first made in 1892, and at that time it caused a flurry of excitement. But now the work is scientific rather than speculative, and no attempt will be made to boom the enterprise.

FOR A NEW ARMY

Ten New Regiments Will be Organized.

ONE ORGANIZED AT VANCOUVER.
The New Army Law Goes into Effect. Regiments Will be Sent to the Presidio.—Army Notes.

WASHINGTON, Feb. 11.—Orders were prepared at the War Department today for the organization, assembling and equipment of 10 additional regiments authorized by the Army reorganization law. According to these orders, the new regiments will be designated and located as follows:
Eleventh Cavalry, headquarters at Fort Myer, Va.
Twelfth Cavalry, Fort Sam Houston, Texas.

Thirtieth Cavalry, Fort Meade, S. D.
Fourteenth Cavalry, Fort Leavenworth Kan.
Fifteenth Cavalry, Presidio, San Francisco.

Twenty-sixth Infantry, Fort McPherson, Ga.
Twenty-seventh Infantry, Plattsburg Barracks, N. Y.
Twenty-eighth Infantry, Vancouver Barracks, Wash.

Twenty-ninth Infantry, Fort Sheridan, Ill.

Thirtieth Infantry, Fort Logan Colo.
The first battalions of the Twenty-sixth and Twenty-seventh have been already organized at San Francisco and will be sent to Manila on the Sheridan, which sails the 16th inst. As the other regiments are organized, equipped and drilled, they will be forwarded by battalions to San Francisco for transportation to the Philippines.

The destinations of the new regiments are in continuation of the numerical system of the existing army.

The field and regimental officers for each of the new regiments have been chosen, and will be officially announced in a few days.

Similar arrangements are being made for the immediate organization of the batteries of light artillery provided for under the new law.

The nominations of the junior officers of the army under the reorganization act it is said at the war department, probably will be submitted to the senate at the end of the present week. The applications are in the ratio of at least 19 to 1, compared with the positions. The War Department has found it necessary to ask for some corrective legislation in connection with the army reorganization act. This is to be secured by a "rider" to one of the appropriation bills. The corrections concern the commissary and Quartermaster's departments, and the purpose is to open these departments to volunteer officers of all branches of the service.

Recent experiments show that all classes of foods may be completely digested by a preparation called Kodol Dyspepsia Cure, which absolutely digests what you eat. As it is the only combination of all the natural digestants ever devised the demand for it has become enormous. It has never failed to cure the very worst cases of indigestion and it always gives instant relief. G. A. Harding.

ROYAL Baking Powder Absolutely Pure

Makes hot breakfast-breads wholesome—no yeast germs, no alum. Makes cake, biscuit and pastry of superior fineness, flavor and delicacy. Makes food that will keep moist and sweet. Is most economical, because it is the purest and greatest in leavening strength. In the easy, expeditious preparation of the finer cakes and pastries, Royal is indispensable.

Care must be taken to avoid baking powders made from alum. Such powders are sold cheap, because they cost but a few cents per pound. Not only will they spoil the cake, but alum is a corrosive acid, which taken in food means injury to health.
