**MASS MEETING LAST FRIDAY.**—A citizens' mass meeting was held in the city hall last Friday night for the purpose of devising and discussing amendments to the city charter, looking to a reduction of the city's expenditures. A good many plans were discussed but no action was taken on any of them. The mayor and council have promised that the city's expenses this year shall be kept within the receipts, and in order to do this it will be necessary to make retrenchments somewhere, but it is a little difficult to determine at just what point it is best to begin the pruning.

**MARRIED LAST SUNDAY.**—February 10th at the home of the bride on 3rd and Jefferson streets, L. Kirk of Helix, Oregon, to Mrs. Jennie Williams. He was a native of Pennsylvania; had eight children, one of whom lives in this county and the others in the east.

**Deafness Cannot be Cured** by local applications, as they cannot reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

**HOME FROM VISIT.**—David Robeson, a prominent farmer living on Mill Creek above Union Mills, was in this city Tuesday on his way home from an extended visit with his sons George, Frank and Charley, who are engaged in logging and stockraising near Ostrander, Washington. Mr. Robeson says the boys are all doing well over there and are delighted with that country. Mr. Robeson came to Oregon City in 1853, and with the exception of a few years spent in the east, has lived in this country ever since. He is 70 years old but is as hale and spry as many men of 40, and thinks nothing of walking from this city to his home.

**HAD TOO MUCH BOOZE.**—A man who had imbibed, not wisely but too much, of the exhilarating essence of liquored trouble, in the saloons of this city last Monday, came near being yauked prematurely hence into the realms of the kingdom of Guesse, Monday night. He had started to walk out of town on the electric road, and when he reached the long trestle he felt sleepy and decided to take a nap. He lay down on the track and went to sleep. The car Oliva came along and Motorman Howell, seeing the man in time managed to stop before he ran onto him. The fellow had a narrow escape, as did the passengers, for had the car struck him it would probably have been derailed.

**AN OREGON PIONEER.**—Mrs. Nancy McCubbin, whose death was mentioned in these columns last week, was one of Oregon's pioneer women. She was born in Overton county, Tenn., in 1819. Her parents moved to Illinois in 1837, and from there they moved to Missouri in 1839, where she was married to John Smathers, from whom she was separated the following year, and in September, 1842, she married Wm. Mrs. McCubbin leaves three sons and four daughters, three sisters and five brothers, 76 grandchildren and great-grandchildren. All of her children except one son were at her bedside when she died.

**A BEAUTY FOR MYRTLE LODGE.**  
The Degree of Honor of the A. O. U. W. Signifies a Fine Instrument at Eiler's Piano House.

The committee appointed by the Myrtle Lodge, Degree of Honor for the purpose of securing a fine piano, spent Wednesday in Portland and carefully investigated the merits of the various pianos offered by the different dealers, and finally purchased a beautiful cabinet grand Mahogany Whitney, of Eiler's Piano House which will be delivered in due time. This is another unqualified endorsement of the fine instruments carried by Eiler's Piano House and conclusive evidence of their ability to furnish the public more actual intrinsic piano value for the money than can be secured from any other house. The young firm is the recognized leader of the Western Piano and Organ industry making a specialty of selling strictly high grade musical instruments and they are enjoying today the best reputation for upright and honorable methods and fair dealing. The instrument secured by the Degree of Honor is exactly the same as the one which has been used by Cordray's for the past two years, and the same also was sold to the public school board for several of Portland's public schools. These instruments are also used by prominent colleges and music teachers of the state.
