The pen may be mightier than the sword, but how about the hatchet?

OREGON still has a bright future. The legislature will not meet again for two years.

Is it true that Carrie Nation is considering a proposition to re-organize the democratic party?

A CINCINNATI judge called Teddy Roosevelt a coward. And yet the governor of Ohio is trying to suppress prize-fights.

CARNEGIE said it is a sin for a man to die rich. Judging from the close bargain he drove with J. Pierpont Morgan, he is willing to die in sin.

A ST. LOUIS society composed of widows, has adopted a resolution that none of its members will ever marry again—unless they get a chance.

A WRITER in an eastern paper says piano playing is not music; it is a bad habit. Some that we have heard in this town is worse than that—it is a crime.

It will be well if some British genius in South Africa can invent an umbrella with which, during the reign of King Edward, he can manage to keep out Dewet.

The month of February is a great hardship for the poor millionaires like Rocketteller, who loses \$100,000 of his income because the month is two days short.

A PATENT medicine firm advertises that their face powder will keep chaps away. But there isn't any of that kind of powder sold to Oregon City girls—if they know it.

MEDICINE LODGE, KANNAS, will be known in history as the town that turned out two of the biggest cranks the world has ever known—Sockless Jerry and Senseless Carrie.

SEVERAL towns in Oregon are claiming to have discovered coal-oil wells within their midst recently. Well, Oregon City hasn't any oil well but if you talk about natural gas, now—

F. HOPKINSON SMITH, the novelist, says the book "Uncle Tom's Cabin," was the cause of the civil war. If this is true, what dire results may not be attributable to the play of that name?

SOME of the gentlemen who have been amusing themselves, and others, during the last six weeks in Salem, by supposing they were running for United States senator, couldn't run around a pine stump.

LENT began last Wednesday, and persons who wish to observe it strictly must forgo "the world, the flesh and the devil," for a period of forty days, just as though there had been no legislature for similar length of time.

THERE has been considerable controversy over the question of who shall ride in the carriage with Mr. McKinley in the inaugural parade. Somebody will have to do it, and we are too busy to

do it oneself, although we would do most anything to oblige Mr. McKinley.

No, Constant Reader, Mr. Patricus Crowe has not yet been captured. Yes the reward of \$18,000 will be paid to any one bringing his body, or a portion thereof sufficient for identification, to this office, and paying for this notice.

"THERE was a sound of devilry by night, and Carrie Nation had gathered then her women and her hatchets, and bright the electric lights shown on the frenzied faces of joint-keeping men. On with the smash; let beer be unconfin'd when cranks and fanatics meet to dabble in good booze with dirty feet."—From a little poem not written by Lord Byron.

GERMANY AND PROTECTION

The fact of American prosperity under the protective policy of the republican party is causing much talk in other countries. But the economic conditions existing in other or in old European countries are entirely diverse from those existing here.

EUROPEAN TRUSTS.

During the presidential campaign democrats said that trusts could not thrive in low tariff or free-trade countries and that there were no trusts in the United Kingdom. The United States government, through its consuls, has since made an impartial investigation of the facts, and the results are embodied in a pamphlet, a synopsis of whose contents is given by the New York "Tribune."

MACARTHUR TO THE FILIPINOS.

Gen. MacArthur's proclamation to the Filipinos, issued in Manila on Dec. 20 and outlined briefly in cablegrams at that time, has reached this country at last by mail. With the full text at hand it proves to be a temperate, well-considered and reasonable document, not unduly harsh or exacting, and subject to but few criticisms in minor details.

How effective such a proclamation may be in altering the Filipino campaign methods is uncertain, but no one can object to the endeavor to terminate hostilities by pronouncement, since it has not proved possible yet to accomplish that desired end by any of the other plans heretofore employed.

STARVED Slow growth of hair comes from lack of hair food. The hair has no life. It is starved. It keeps coming out, gets thinner and thinner, bald spots appear, then actual baldness. The only good hair food you can buy is—

AYER'S Hair Vigor I feeds the roots, stops starvation, and the hair grows thick and long. It cures dandruff also. Keep a bottle of it on your dressing table. It always restores color to faded or gray hair. Mind, we say "always."

Write the Doctor. He will send you his book on the Hair and Scalp. Ask him any question you wish about your hair. You will receive a complete answer free. Address: DR. J. C. AYER, Lowell, Mass.

THE NEW ARTILLERY CORPS.

In the bill just passed enlarging and reorganizing the army important changes are made in the artillery branch. The old regimental organizations is discontinued. Hereafter there will be an artillery corps comprising two branches: the coast artillery, charged with the care and use of land and coast fortifications, submarine mines and torpedo defenses, and the field artillery, accompanying armies in the field and divided into horse, siege and mountain artillery and machine gun batteries.

Through the Yellowstone.

The new route via the Oregon Short Line Railroad and Monida, Montana, enables you to make a delightful trip through the Yellowstone National Park, entering via Monida and coming out via Cinnabar, making it unnecessary to cover any portion of the route twice.

A powerful engine cannot be run with a weak boiler, and we can't keep up the strain of an active life with a weak stomach; neither can we stop the human machine to make repairs.

For the weakness and prostration following grippe there is nothing so prompt and effective as One Minute Cough Cure. This preparation is highly endorsed as an unfailing remedy for all throat and lung troubles and its early use prevents consumption. It was made to cure quickly. G. A. Harding.

All other remedies and doctors could give her no help but she says of this Royal Cure—"It soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remember doing before. Robbed the Grave.

A startling incident of which Mr. John Oliver, of Philadelphia, was the subject is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised "Electric Bitters," and to my great joy and surprise, the first bottle made a decided improvement I continued their use for three weeks and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50c. per bottle, guaranteed at Geo. A. Harding's Drug Store.
