THE LOCAL NEWS.

STATE GRANGE DELEGATES.—Representatives of the different grange organizations in Clackamas county, held a meeting in this city last Tuesday for the purpose of electing delegates to the state grange. The following delegates were elected: John Stormes, of Springfield; T. R. A. Bellwood, of Milwaukie and W. A. Thomas, of Molalla.

FIRE DEPARTMENT ELECTION.—At the fire department election held last Monday the following vote was polled: For the Board of Fire Commissioners—August Amund, 37; J. H. Howard, 44; C. M. Mason, 27; C. W. Pope, 33. For chief engineer of the fire department, Chris Hartman, 41; Caleb Cross, 10. For assistant engineer, S. J. Burford, 40.

RECOVERED MRS. LUCY BAKER.—Mrs. Lucy Baker, of Eagle Creek committed suicide Tuesday morning by taking carbolic acid. Mrs. Baker was 50 years old and leaves a husband and three sons. She had been sick for some time and was attended by Dr. Smith. Her health had been improving and she was in a fair way to complete recovery. It is thought that her severe illness had unseated her mind.

WILL LIVE ON THE WEST SIDE.—Oregon City is to be the future home of two young married couples from Silverton. The double wedding took place a few days ago and the combined ages of the brides and bridegrooms will scarcely exceed 40 years. The brides were Lillie May Johnson and Ethel Simmons, and the bridegrooms were Fred Simmons and A. E. Johnson. The wife of Mr. Simmons is a sister of Mr. Johnson, and the wife of Johnson is a niece of Mr. Simmons. The brides are about 18 years of age and their husbands about 21. They will all live in a little house on the West Side. One bride and one bridegroom are sister and brother of E. L. Johnson, the barber.

CAPTAIN BURTON'S FUNERAL.—The funeral of Captain Albert Fremont Burton was held from the Presbyterian church last Tuesday, the Rev. A. J. Montgomery officiating. Captain Burton died at Salt Lake City, Utah, February 22 and the body was sent here for burial. He once lived in Oregon City with his mother, who died here about eight years ago and was buried in Mountain View cemetery. His sister, Mrs. Forest C. Andrews, who also lived here at one time is now a resident of Seattle. Captain Burton was born February 21, 1863, at Denmark, Iowa, and when a young man, was engaged in teaching. In 1888 he enlisted as captain of Company B, Fifty-First Iowa Volunteers and went to the Philippines. Returning, he was mustered out with his company at Villaco, in November, 1899.

BICYCLE RIDERS IN COLLISION.—There was a bicycle collision on Main street

Tuesday evening that resulted in the injury of one of the riders, while the other escaped. The Salvation Army was giving a musical entertainment in front of J. W. Cole's saloon. Quite a crowd had gathered, and Mr. Cole requested the Salvationists to move on so that the street and sidewalk might be cleared. Scarcely had Mr. Cole finished speaking, when George Washington Miles and J. Edgar Williams came along the street, riding in different directions. They both turned out to pass around the crowd on the street, and an abrupt collision ensued. Miles was thrown to the pavement with terrible violence, losing consciousness. Williams escaped unhurt, although his wheel was damaged. The wheel of Miles was badly torn to pieces. The rider was picked up and carried to the sidewalk, where a physician examined him. It was found that his face was painfully bruised and one of his front teeth had been dislocated. He was unconscious for nearly two hours.

BARBER'S OBSERVE THE SABBATH.—There is considerable discussion over the new law closing barber shops on Sunday. There are 12 barbers in Oregon City and eight of them are bosses. The Sunday closing law was brought about by the journeymen, who wanted one day to rest. The passage of the bill was opposed to some extent by many of the boss barbers, but without avail. Now that the law is in operation, there is an abundance of barber shop gossip on the subject. The bosses claim that they will have to cut down the wages of the journeymen barbers on account of losing the Sunday trade. They also allege that because their customers cannot get shaved on Sunday they are buying razors and will shave themselves. There is a widespread fear that many good customers will be lost to the barbers forever on account of the new law. So far as the journeymen barbers are concerned they seem to be perfectly happy in the consciousness that they can now go to church on Sunday morning instead of crying out "next," with their hands full of razors, scissors and brushes. One of the journeymen said: "The new law is all right. Barbers in Oregon are not overpaid, even while working six days a week. We get a guarantee of \$12 a week and that is all. When we worked seven days we made more money for the bosses, because we got no extra pay for Sunday. There were few journeymen who earned less than their guarantee, and naturally earned more for their bosses in seven days than they possibly could in six. There may be a little inconvenience at first, but men will soon learn to get shaved on week days the same as they now buy their clothes. Few men start out to buy a suit of clothes on Sunday."

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

Drop in and try the finest barber chair in the city. Next door to Jackson's, opposite Huntley's. Parker, the barber. No Sunday work.

Senator Clark is again threatened with a contest over his seat. He should make them give his money back if the title proves faulty this time.

SLOT MACHINES HAVE GONE.—The nickel-in-the-slot machines have vanished from view in response to the law passed by the recent legislature. There are few to mourn the loss of this modern invention which was designed to win the nickels from the pockets of the unwary. Some of the machines were so constructed that it was simply a matter of mite highway robbery. By the very best interpretation of the game there was only one chance in ten to win, while the man who owns the machine had nine chances. The gambling spirit seemed to lead men of all grades of intelligence to lose their money, and it was no uncommon thing to see women staking their pin money on a game that could not but bring them absolute loss. A temporary winning was a misfortune, for it led to extravagant risks. Moral philosophers say that gambling is wrong because it is an inspiration to get something for nothing. If the Oregon legislature had done nothing else but prohibit the use of slot machines it could rest on its laurels.

Potatoes for Market.—The farmers make a mistake when they sell their potatoes without sorting them," said Wilson the commission man. "I'll tell you where the mistake comes in," he continued, "and I believe all the farmers ought to know about it. Potatoes are selling now in San Francisco for 90 cents and \$1 a hundred for the best. The best means that they have been sorted and the small potatoes kept out."

"When the potatoes are sent to market just as they come from the ground they bring the price offered for the poorest grade, no matter how many fine potatoes are among them. Every farmer ought to take out the small potatoes and feed them to stock. Then he will be very apt to get the highest price for the potatoes he sells. It does not pay to ship small potatoes, for the railroads charge just as much to carry them as though they were the best. It costs 27 cents to ship a sack of potatoes to San Francisco and the sack costs 3 cents. A bushel of these potatoes brings 40 cents and there is therefore a loss in handling them."

\$20 to \$100 to loan on chattel or personal security. Dimick & Eastham, agts.

High Price Of Onions.—"Onions are onions," said the grocery man, as he looked at the few he had left in the bottom of a box. "The man who has onions now," he continued, "is rich in this world's goods. Why, they are worth three cents a pound, and J. Pierpont Morgan has no doubt quit eating onions on account of the price. There are no onions in this entire section of country. Clackamas, Washington and Yamhill counties raise enough onions to make the whole world cry, and now the farmers have no onions and are crying because they haven't any. The onion season begins about October 15. Last October onions were bringing about \$1 a hundred. The government wanted onions for the soldiers in the Philippines and the price began to go up. Then the government bought nearly every onion in sight, and no onions were to be had at any price. They kept on going up, until millionaires cannot afford onion pickles."

SHAW'S PURE MALT has a marvelous dietetic value. While refreshing and pleasant to take, it helps assimilation of food.

Sold by E. MATTHIES, Oregon City, Ore.

Only those who have plenty of gold ever get anything out of a silver wedding.

Prof. Iverson, of Ionaconing, Md. suffered terribly from neuralgia of the stomach and indigestion for thirteen years and after the doctors had failed to cure him they fed him on morphine. A friend advised the use of Kodol Dyspepsia Cure and after taking a few bottles of it he says, "It has cured me entirely. I can't say too much for Kodol Dyspepsia Cure." It digests what you eat. Geo. A. Harding.
