FREE—Send name and address on postal card for 100-page catalogue.  
**WINCHESTER REPEATING ARMS CO., NEW HAVEN, CONN.**

## THEY FOUND AGGIE

Dramatic Capture of the Famous Filipino Leader.

## IS FINALLY CAUGHT BY FUNSTON

Successful Expedition of the Kansas General to the Hiding Place of the Wily Insurgent.

MANILA, March, 28.—General Frederick Funston's daring project for the capture of Aguinaldo in his hiding place in the Province of Isabela, island of Luzon, has proved completely successful. Aguinaldo was captured there on March 22.

The United States gunboat Vicksburg, Commander E. B. Barry, with General Funston and Aguinaldo on board, arrived here this morning.

Aguinaldo was brought ashore at 3:10 p. m. today and taken before General MacArthur at the Malacanang Palace. He talked freely but seemed ignorant concerning recent events. He appeared to be in good health and was even cheerful. He lunched with the officers of General MacArthur's staff, and was then escorted to the Enda-street jail.

Aguinaldo's capture was attended with considerable difficulty, an insurgent major being killed at the time of the event. Twenty rifles and a number of important papers were captured.

The province of Isabela, where the capture of Aguinaldo occurred, is on the island of Luzon, about 200 miles east of Manila, and about 75 miles north of Baler, on the eastern coast, which place was made memorable by the capture of Lieutenant Gillmore and his party from the gunboat Yorktown, in April 1899. Isabela Province is wild and mountainous, especially along the coast where the high range known as Gran Cordillera Oriental extends for 100 miles or more from north to south, the highest points of the range being but a few miles from the shore. Rugged trails, in some places being but a foot or two in width, lead across the mountains, frequently crossed by rushing streams, and where these overtop their banks, the trails are waist deep in mud. It was to this uninviting district that General Funston and his small band went a short time ago. It was a part of the island that had never before been visited by American troops.

WASHINGTON, March 28.—The disposition of Aguinaldo, now that he has been apprehended, will be an interesting one for the administration to determine. The possibility of his capture at any time always has been kept in view and that of his future has been a matter of informal discussion by the officials here. It is not believed, however, that any definite line of action was ever determined upon in regard to the matter. The attitude of the government for a long time past has been one of comparative indifference to Aguinaldo's capture, it having been determined to crush the rebellion without regard to his whereabouts. His recent activity in directing the course of operations against the American forces probably brought about the recent change in this attitude.

## But One Supply Depot.

WASHINGTON, March 26.—Relative to the claims of several cities on the Pacific Coast for the privilege of being the point of shipment of troops and supplies to the Philippines, Secretary Root said that it was necessary to maintain a large terminal plant for government transports, and it was not possible to maintain more than one on the Pacific Coast. General Bird, of the quartermaster's department, after a thorough investigation, has found that troops could be sent from San Francisco more advantageously than by the northern route from the cities of the North Pacific. The secretary said that other ports would be utilized for shipment of supplies whenever it was found advantageous to the government to do so.

## Binger Hermann Uneasy.

WASHINGTON, March 26.—The Evening Times says the manner in which Western men are urging the retention of Commissioner Hermann indicates that there is a probability of a change. It speaks of the friction between Secretary Hitchcock and the commissioner as one of the causes for the proposed change. The suggestion is also made that Director Merriam, of the census, will succeed Hermann, but this is not likely. If a change should occur, it is believed a Western man will be selected.

Recent experiments show that all classes of foods may be completely digested by a preparation called Kodol Dyspepsia Cure, which absolutely digests what you eat. As it is the only combination of all the natural digestants ever devised the demand for it has become enormous. It has never failed to cure the very worst cases of indigestion and it always gives instant relief. G. A. Harding.

## Deprived of Railroad Pass.

SPOKANE, Wash., March 26.—State Senator Herman D. Crow, of Spokane, a republican, has been deprived of his Great Northern annual pass. The attorney of the company wrote him to the effect that as Crow had failed to oppose anti-railroad legislation in the legislature, the company desired the return of the free transportation given him. Crow makes the admission himself. He states that his contention this spring that the railroads expected no favors of legislators enjoying free transportation was based on untenable grounds. He has sent a check to the Great Northern covering the full fare for the one trip he made on the pass, going to and coming from Olympia. Crow is an ardent supporter of John L. Wilson.

## Dinner for Mitchell.

WASHINGTON, March 25.—Senator Mitchell has returned from New York, and is at the Dewey, where he will remain two weeks, attending to department business, before returning to Oregon. Saturday evening, a dinner was given him by Nathaniel McKay, which was attended by Commissioner Hermann, Representatives Grosvenor, Dick and other members of congress.

## "Bob" Paul, a Noted Sheriff.

TUCSON, Ariz., March 26.—"Bob Paul, a noted sheriff and peace officer of Arizona and California for 30 years, died this morning, aged 72. Paul, as deputy sheriff of Calaveras county, California, broke up a noted band of desperadoes, led by Tom Bell, and which included Spanish John and Bill White, notorious bad men in California in 1859. In Arizona Paul captured a gang of trainrobbers who held up a Southern Pacific train at Stein's Pass, 10 years ago. He was fearless as an officer, and had many thrilling experiences and a number of narrow escapes.

## BURNED THEIR HOUSE.

Firebugs Destroy the Dwelling of a Young Married Couple.

Last Monday at the Electric hotel, Judge Ryan officiated at the marriage of Miss Kate Haugh and Ed Skirvin, both of Marquam. While the young couple was at Portland on a wedding tour, their house at Marquam was burned to the ground. It is said that somebody set fire to the house. The prospective husband had furnished a house complete before marrying, only to find that it had been destroyed.

## PRESIDENT'S WESTERN TRIP.

Secretary Cortelyou at Work on the Itinerary.

NEW YORK, March 25.—Mr. Cortelyou, secretary to the president, probably will have the itinerary of the presidential trip to the Pacific Coast completed in a few days, says the Washington correspondent of the Tribune. He has been working on it, with the assistance of railroad men, for more than a week. No definite details of the itinerary will be given out until the work is finished, further than that the president and his cabinet will go to California by the Southern route, making the first long stop at New Orleans, May 2 or 3, and return by the Northern route and visit the Pan-American Exposition at Buffalo before coming back to Washington. President McKinley and his cabinet officers will be accompanied by their wives and other members of their families.

A second section of the president's train going to California will carry nearly all the members of the Ohio delegation in congress and other distinguished Ohioans, including Governor Nash, who go to witness the launching of the new battle-ship Ohio, at the Union Iron Works, which built the battle-ship Oregon. Senator Hanna announced yesterday that he will be unable to go. He expects to return to Cleveland about May 1 to look after his business affairs.

## Farmers for School Reform.

OSHKOSH, Wis., March 21.—The 400 farmers representing all parts of Wisconsin, in attendance on the annual Wisconsin Farmers' institute, resolved in favor of country training schools according to the plan formulated by State Superintendent Harvey—township high schools, with special courses in agriculture and domestic economy; a uniform system of textbooks throughout the country school of the state, and higher wages and longer tenure of the country school teacher. The farmers allege that steps must be taken to prevent the sons and daughters of rural communities from drifting away from the farm and home influence, and that the above amendments in the school system will do it.

Counterfeits of DeWitt's Witch Hazel Salve are liable to cause blood poisoning. Leave them alone. The original has the name DeWitt's upon the box and wrapper. It is a harmless and healing salve for skin diseases. Unequaled for piles. G. A. Harding.

# Does Your Baking Powder Contain Alum?

Prof. Geo. F. Barker, M.D., University of Penn.: "All the constituents of alum remain (from alum baking powders) in the bread, and the alum itself is reproduced to all intents and purposes when the bread is dissolved by the gastric juice in the process of digestion. I regard the use of alum as highly injurious."

Dr. Alonzo Clark: "A substance (alum) which can derange the stomach should not be tolerated in baking powder."

Prof. W. G. Tucker, New York State Chemist: "I believe it (alum) to be decidedly injurious when used as a constituent of food articles."

Prof. S. W. Johnson, Yale College: "I regard their (alum and soluble alumina salts) introduction into baking powders as most dangerous to health."

In view of such testimony as this, every care must be exercised by the housewife to exclude the over and over condemned cheap, alum baking powders from the food.

Baking powders made from cream of tartar, which is highly refined grape acid, are promotive of health, and more efficient. No other kind should be used in leavening food. Royal Baking Powder is the highest example of a pure cream of tartar powder.

ROYAL BAKING POWDER CO., 100 WILLIAM ST., NEW YORK.
