THE LOCAL NEWS.

DO THE COYOTES KNOW?—"The coyotes must have heard about the new bounty," said John Wallace, of Highland, "for they are keeping mighty shy." Mr. Wallace brought in five coyote scalps, for which he obtained a county warrant for \$10 from the county clerk. LAND OFFICE CONTENT.—The United States government was the plaintiff in an action at the land office this week. The government, through its representatives, accused Horace S. Campbell of not complying with the homestead law. Campbell filed on a homestead near Government Camp. The inquiry was continued until April 29. JUMPED FROM THE TRAIN.—Charles Cahill, of New Era, was seriously if not fatally injured last Saturday evening, by jumping from a moving train at Canby. Cahill and Albert McCormick started from Oregon City for their home at New Era, riding on the overland. The train is not scheduled to stop, and at New Era McCormick jumped. He was badly bruised by his fall. Cahill went on to Canby, where he jumped from the train. He was made unconscious by his fall and badly cut. He was taken to a Portland hospital. COUNTY BOARD MEETINGS.—Under the new law the county board meets on the first Wednesday of the month. Previous meetings have been held on the first Wednesday after the first Monday, but now the meeting is on the first Wednesday regardless of any other provision. For instance, the first Wednesday of May falls on the first day of the month. The meeting of the board will then take place. Those who have business with the board will please bear this in mind so as not to be disappointed. SET THE TOWN IN ORDER.—The street cleaning department was out in full force this week polishing the brick pavement on Main street. Everybody wants the town to look well when President McKinley rides through at 1:45 o'clock on the afternoon of May 22. It will not do to let the president get a glimpse of some of the back alleys, or he will form a mighty poor opinion of the town. There are tin cans back of the Enterprise office marked "1834," but the president will not be able to see so far. SWORE LIKE A PIRATE.—Marcella Lehe has asked for a divorce from Simon Lehe. When the roses were in full bloom in June, 1900, Simon and Marcella were married in the southern part of Clackamas county somewhere in the vicinity of Needy. Marcella alleges that the honeymoon was hardly over before Simon began to curse and swear like a pirate. He searched the profane book for new oaths to utter. He got more abusive each day until she was forced to ask for a separation. She wants to resume her maiden name of LaBell. KNOWLTON NOT A CHINAMAN.—Joe Knowlton, the tailor whose shop is opposite the Enterprise office, has received some new spring samples, which indicate the styles to be worn by well dressed men. Mr. Knowlton is thoroughly skilled as a tailor, and asks the patronage of the merchants and professional men, as well as all others who like to be well dressed. Mr. Knowlton is not a Chinaman, and therefore has no patterns for Mother Hubbards, yet he prides himself on making all other kinds of wearing apparel in a thoroughly up-to-date manner. BICYCLE SEASON OPENS.—The bicycle season is now fairly begun, and the enthusiasts are taking up the pastime again after laying aside their wheels for the winter. It is a notable fact that better wheels are being sold this season than ever before. The cheap bicycles that have often flooded the market are not in evidence this year. This is accounted for by dealers, who explain that the average purchaser is a good judge of a wheel, and will not take the cheaper grades. Those who buy now are looking for serviceable bicycles, and usually get them. The climate of Oregon acts as an incentive to bicycle riding, and this accounts in a measure for the popularity of the wheel in this section of the country. AN OLD SOLDIER'S FINISH.—That a man may serve his country as a soldier for almost his entire life and then find himself on object of charity, is shown by the unfortunate condition of Joseph Allen. Mr. Allen is more than 70 years of age. He was in the United States regular army, and served throughout the Civil War. In his later years he became addicted to the use of liquors, and received a dishonorable discharge. This precludes his entering any of the different institutions provided for disabled soldiers. He was sick and helpless in Clackamas, when found in a destitute condition by J. R. Landas.

Immediate assistance was obtained from the county board, and Allen was finally sent to Beaver Creek. Mr. Davis who also has charge of the paper, John Jones, will care for him at the county's expense.

COLLECTING THE DOG TAX.—Chief of Police Burns is close on the trail of all those who have dogs in their possession without having paid the license fixed by law. Chief Burns reports he is having good success in collecting taxes. An order has gone out from the city council that no dog shall escape, and the chief is doing his duty. He has instructions to arrest delinquents who refuse to pay their dog tax, but this has not yet been necessary. No dogs have yet been killed. That an enforcement of the law is necessary is shown by the fact that one poor man has eight children and four dogs subsisting on the paltry \$1.50 which he earns each day. It takes at least half of his wages to keep the dogs, while the rest of the family has to be content with what is left. The collection of the tax may have the effect of wiping the dogs from the face of nature.

\$20 to \$100 to loan on chattel or personal security. Dimick & Eastham, agts. PROTEST FROM MILWAUKIE.—Mrs. S. V. Luelling, of Milwaukie, was before the county board to protest against the electric street railway taking the newly built county road that runs on two sides of her house. Mrs. Luelling explained to the board that her late husband, Seth Luelling, had given \$1,000 to aid in the construction of the railroad, that he had also given one quarter of the land on which the car barns are built. She further explained that at the present time the railroad runs on two sides of her house. The railroad company has asked for the newly made road on the other two sides of her house, and she protests against allowing it. She said that with a railroad completely surrounding her home, it will be made less valuable. She also complained that the taxpayers of the county had paid for the grading of a new road, and as soon as the work is completed the railroad company wants to take advantage of the improvement without rendering any equivalent to the people. The county board took the matter under advisement and will render a decision May 2.

\$100 Reward \$100 The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucus surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer \$100 for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & Co., Toledo O. Sold by Druggists, 75c. Hall's Family Pills are the best. Knowing what it is to be a good soldier, the President acted promptly in the Funston case.

Your Face Shows the state of your feelings and the state of your health as well. Impure blood makes itself apparent in a pale and sallow complexion, pimples and skin eruptions. If you are feeling weak and worn out and do not have a healthy appearance you should try Acker's Blood Elixir. It cures all blood diseases where cheap Sarsaparillas and so called purifiers fail; knowing this we sell every bottle on a positive guarantee. G. A. Harding, druggist.

REVIVAL OF THE DRAMA. Praiseworthy Performances of the Frank Cooley Company. The Frank Cooley dramatic company has been at the Shively opera house all the week in a good repertoire of plays. It is refreshing to again find the repertoire companies asking for the approval of the theater-going public. It means that the drama is again to be played by men and women who take pride in their art, and strive to make themselves more proficient. The vaudeville era is about over, and, happily, it is being followed by the repertoire companies, that are honest and earnest in their histrionic efforts. The drama never made real progress except when the stock and repertoire systems were in vogue. In such an atmosphere, actors, both men and women, made their happiest successes. They found encouragement and their art was appreciated. The Frank Cooley company is organized on practical lines and suggests the true revival of the self-respecting drama. Mr. Cooley himself reminds one of the old fashioned actor, who depended on his merit alone to win him the approval of the people. The old time actor did this so that he might come again and again, and find his friends waiting to welcome him. In the days when the profession of acting received its just reward according to its merits, the actors did just as Frank Cooley is now doing. They did their best at every performance and took pride in their work. Mr. Cooley has surrounded himself with a capable company and gives a wholesome and praiseworthy performance.

A Raging, Roaring Flood. Washed down a telegraph line which Chas. C. Ellis, of Lisbon, Ia., had to repair. "Standing waist deep in icy water," gave me a terrible cold and cough. It grew worse daily. Finally the best doctors in Oakland, Neb., Sioux City and Omaha said I had consumption and could not live. Then I began using Dr. King's New Discovery, and was wholly cured by six bottles. Positively guaranteed for Coughs, Colds and all Throat and Lung troubles by George A. Harding. Price 50c and \$1.00.

The Best Blood Purifier. The blood is constantly being purified by the lungs, liver and kidneys. Keep these organs in a healthy condition and the bowels regular and you will have no need of a blood purifier. For this purpose there is nothing equal to Chamberlain's Stomach and Liver Tablets, one dose of them will do you more good than a dollar bottle of the best blood purifier. Price, 25 cents. Samples free at G. A. Harding's drug store. His Majesty, King Edward, rules over 10,000 islands. If any of them are like Cuba he is not to be envied. The Czar of Russia, who sleeps in a burglar-proof vault, will be in great distress some morning when he discovers that somebody has been tampering with the combination. Prof. Ivison, of Ionaconing, Md: suffered terribly from neuralgia of the stomach and indigestion for thirteen years and after the doctors had failed to cure him they fed him on morphine. A friend advised the use of Kodol Dyspepsia Cure and after taking a few bottles of it he says, "It has cured me entirely. I can't say too much for Kodol Dyspepsia Cure." It digests what you eat. Geo. A. Harding.

GAP CLOSED. The operation of through trains between San Francisco and Los Angeles, via Surf and Santa Barbara, will begin on Sunday, March 31, 1901 on the new coast line. Two through trains daily. The coast line limited leaving each terminal in the morning, equipped with elegant cafe and parlor cars, will make daylight trips through the most picturesque, varied and entertaining scenes on the continent.
