Our correspondents will please send in articles before Wednesdays of each week, otherwise it reaches us too late for publication.

Aims

AIMS, April 20.—R. L. Hickman returned from Portland Sunday, where he had been on business.

William Archibald and family have moved to Moffet's Mills, where he has employment at blacksmithing.

L. C. Lowe and J. W. Miller are bent on clearing up their farms, judging from the smoke.

C. E. Bramhall is busy farming. We think he is preparing to support a helpmate.

Charles Lindeman, the chief logger at Bramhall's mill, is having trouble with a piece of steel in his knee which he is unable to locate.

Mr. and Mrs. J. A. Hickman were at Sandy on business Friday.

Harry Bramhall has made two flying trips to Portland this week for mill repairs.

H. E. Bramhall and Mrs. Charles Brown were the guests of Mrs. J. N. Bramhall, Friday.

We still have the promise of an abundant crop of fruit.

While some of our farmers are plowing and sowing, some of the more energetic have early garden up and it is growing finely.

The weather has been fine since the 7th. Stock finds plenty of green feed now. It is a lovely sight and refreshing to walk out these fine mornings to view the scenery and hear the birds sing. The forests and gardens are alike, an Eden of flowers.

Our Motto is High Quality and low prices. Miss Goldsmith.

Wilhoit

WILHOIT, April 21.—Fruit trees are in bloom and the earth is fast becoming too hard to plow. What! Is summer here?

Bert Wade made a flying trip to Turner one day last week. There was a Dutch gal up there, wasn't there, Bert.

Dr. Strickland, of Oregon City, was attending a patient in our midst one day last week.

Paul John, of Turner, was visiting friends in this section last week.

Mrs. Milstead has returned home from Portland where she has been spending the winter.

Raymond Weyland, a worthy young gentleman of our community, seems to be visiting at Mrs. Nicholson's quite often. What attraction is there for him?

Making garden is the order of the day. We are sorry to learn that Clifton Vorheis, the five-year old son of Frank Vorheis is suffering with typhoid pneumonia and at present is in a very critical condition.

George

GEORGE, April 21.—Grain is mostly all sown and people are now planting potatoes. Winter grain looks well.

Easter exercises were given by the Sunday school in the Presbyterian church on Easter Sunday: A good program was rendered.

Mrs. H. Johnson is quite sick with pneumonia. Dr. C. B. Smith is attending her.

Miss Lydia Paulson has been sick with pneumonia for almost two weeks but is on the way to recovery now.

Miss Hannah Johnson came home from California after an absence of about three years.

Mr. and Mrs. Wismer, of Washington county, were here to spend Easter with Mrs. Wismer's parents.

Does the Baby Thrive

If not, something must be wrong with its food. If the mother's milk doesn't nourish it, she needs SCOTT'S EMULSION. It supplies the elements of fat required for the baby. If baby is not nourished by its artificial food, then it requires

Scott's Emulsion

Half a teaspoonful three or four times a day in its bottle will have the desired effect. It seems to have a magical effect upon babies and children. A fifty-cent bottle will prove the truth of our statements.

Should be taken in summer as well as winter. SCOTT & BOWNE, Chemists, New York.

Mrs. John Deues, of Carfield, was visiting friends here yesterday. John Deues sold his place here to Mr. Rardin, who came from Kansas about a year ago. He seems to like Oregon quite well.

Hans Paulsen, Mr. Schmidt and Mr. Meinke have each bought a new Osborne self binder from the agent who was around here.

Dodge

DODGE, April 21.—We are having fine weather after so long a time. Crops are all in but potatoes, and that is the order of the day at present.

We are losing some of our residents. Joseph Keller and family have gone to Hood River to work, but will return in the fall.

Mrs. L. A. Gordon is going to Springwater to do the cooking for A. Lacey's saw mill. Lacey has put in a plant for the purpose of sawing lumber for three miles of road for which he has a contract.

Born, to the wife of B. F. Bullard, a son, April 6.

J. R. Lewis has gone to Eastern Oregon for the purpose of disposing of his horses on the range.

We have here two or three improved farms that can be bought at reasonable figures. There is also plenty of railroad land that can be bought, and most of it can be put in cultivation without much labor. We have the best country here there is in the state for fruit, not excepting Hood River.

Myer Brothers' saw mill is running to its full capacity, getting out road plank for about three and one-fourth miles of road, to connect with the Springwater road. It is also getting out lumber for silos at Logan.

Everybody here has had the grip but are now most all well again.

We are prepared to show new settlers our country free of cost to them. If men in the East knew what fine opportunities we have to offer them, they would not hesitate to come to Oregon. There is room for a lot more good farmers in our locality.

We have a semi-weekly mail, and a fine schoolhouse. We are planking our roads, for four miles to connect with the main road to Portland and Oregon City.

Mrs. G. W. Keller is very low with the consumption and is not expected to live.

New trimmed hats at popular prices. Miss Goldsmith.

ALEX. THOMPSON, Teacher.

Graeme

GRAEME, April 22.—The fifth annual meeting of the West Willamette Association of Congregational Ministers and churches, which was held at Hood View April 16 and 17, was a grand success, with a very large attendance. There were about 30 ministers and delegates present. Dinner and supper were served on the grounds to about 150 people. The Rev. C. F. Clapp, H. I. Bates, M. D. Dunning, of Forest Grove, and others too numerous to mention, made very interesting addresses.

The Rev. and Mrs. J. M. Barber attended the convention of United Columbia Congregational churches, held at Condon, Or., April 19 and 21.

Born to the wife of Henry Baker, April 17, a girl.

O. C. Davis is contemplating building a large fine barn on his place this summer.

The Misses Rosa and Ella and Robert Galkins left Saturday for their home out on the coast.

The Rev. Jessie George, of Salem, preached to a well filled house at Hood View Sunday.

Gid Butson had a serious accident last week, by falling on some broken glass and badly cutting his hand, which will make him unable to work for some time.

The Pleasant Hill Cemetery Association's annual meeting will be held at said place on Saturday April 27, at one o'clock. All persons interested are requested to attend.

Carus

CARUS, April 22.—Carus is having a variety of weather.

Tommie Lewis returned Tuesday from Black Diamond mine where he has been at work for the last seven or eight months.

C. E. Spence is erecting a fine new residence, B. Faust, a new milk house, and C. Spangler new porches to his house.

Exposure

To cold and stormy weather opens the way to an attack of bronchitis. The man on the wagon, be he farmer, milkman or truckman, needs to pay special attention to the first symptoms of weakness or disease of the organs of respiration.

The use of Dr. Pierce's Golden Medical Discovery will cure bronchitis, deep-seated coughs, bleeding of the lungs, and other conditions which if neglected or unskillfully treated terminate fatally in consumption.

There is no alcohol in the "Discovery," and it is entirely free from opium, cocaine and other narcotics.

"For seven years I had been troubled with what the doctors called 'bronchitis,'" writes Mr. Arthur Maule (general merchant), of Niles-town, Middlesex Co., Ontario. "A year ago, after I had been taken sick with a severe attack, I began taking your 'Golden Medical Discovery.' I rapidly recovered from the attack and felt no more of it that fall. This season I began taking the 'Discovery' in August, and have so far been perfectly well. I can go out in all kinds of weather and not feel the bronchial trouble at all. Let me say to all who are suffering from such complaints to give Dr. Pierce's Golden Medical Discovery a fair trial, and I am convinced that good results will be obtained."

Dr. Pierce's Common Sense Medical Adviser, paper-bound, is sent free on receipt of 21 one-cent stamps, to pay expense of mailing only; or 31 stamps for the book in cloth binding. Address Dr. R. V. Pierce, Buffalo, N. Y.

J. R. Lewis is planting 15 acres of hops.

Ed. Howard has rented 13 acres of land to Mr. Gregory, who intends putting it in teases. Mr. Gregory has about 92 acres of land in teases in this community on different farms.

Certain young men in the neighborhood have been creating quite a disturbance by hollering as they pass certain points in the road. Be careful boys. Don't do it any more for there are certain people in the neighborhood who are greatly annoyed by even the softest noises.

The Rev. A. A. Englehart preached his farewell sermon Sunday afternoon. He has preached here three successive years.

Geneva Green suffered a painful accident Sunday, having caught her finger in a straw cutter, tearing the nail off, and mashing the nail dreadfully. But it is getting along first-rate. Wheeling seems to be very popular. Almost everyone is out on his or her wheel.

Mrs. London, who has been seriously ill, is improving slowly under Dr. Strickland's treatment.

People have just begun to realize how convenient the telephone system is, as it has been very useful in two cases.

The Pomona grangers are going to give their annual open meeting at Carus May 18.

New arrivals daily in Ready to Wear Hats at Miss Goldsmith.

Colton

COLTON, April 22.—The Canyon Creek debating society voted a change in its name last Saturday. It will continue for an indefinite period as a literary society, leaving discussions off the program. They will also publish a paper known as "The Colton Cyclone"

Joe Carlson, of Washington, spent last week visiting his parents at this place.

E. Killen, of Handy, was visiting relatives and friends here last Saturday and Sunday.

J. Gorbett sold two milk cows last week to new comers from the East who will settle near here. We are glad to see the Eastern people rolling in as it will be an advantage to our schools, and

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from excess of uric acid in the blood due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

also will be a great advantage to those who have been used to blizzards, hurricanes and freeze-outs. These are evils that Oregon does not deal in.

Grass and grain look fine. Gardens are starting, young chickens are chattering contentedly in the balmy sunshine, and more than that, the grouse hoots and the fish bite. Everybody seems cheerful and happy. How could they be otherwise in a climate like ours.

Mr. Gorbett and wife were the guests of Mr. Stone and wife last Sunday.

Mr. Countryman lost a cow last week.

Lay in a supply of powder boys and listen for the wedding bells.
