A Raging, Roaring Flood. Washed down a telegraph line which Chas. C. Ellis, of Lisbon, Ia., had to repair. "Standing waist deep in icy water," gave me a terrible cold and cough. It grew worse daily. Finally the best doctors in Oakland, Neb., Sioux City and Omaha said I had consumption and could not live. Then I began using Dr. King's New Discovery, and was wholly cured by six bottles." Teachers' Association. The April meeting of the Clackamas County Teachers' Association was held at the Barclay school, in Oregon City Saturday, April 27, 1901. Called to order at the usual time by the president, J. C. Zinser. Minutes of the previous meetings was read and approved. An invitation to hold the next meeting at Wilsonville, was taken under advisement by the program committee. Mr. H. L. McCann, of the Parkplace school, gave an interesting and valuable talk on "The Inter-relation of Fractions, Decimals and Percentage." The subject was interestingly discussed by Prof. E. A. Milner, Supt. Zinser and Mr. Vincent. "Use of the Equation or how to Indicate Advance Work in Arithmetic" was the subject assigned Miss Sade Chase, who made a thoroughly practical discourse on the same. Prof. Milner and Prof. Zinser also discussed this subject. Association then adjourned until 1:30. The afternoon program was opened by Mr. Davis of the Damascus school with an interesting address on "Geography." He illustrated various methods of teaching this branch of study. History and geography should be taught together, as the location of a county influences politics, religion, education, commerce and manufactures. Supt. Zinser spoke at length on "Changes in the School Laws." The changes made by the last legislature in the school laws of Oregon are many and important, and the teachers found the professors' talks of absorbing interest. An address on the "Art of Teaching" by Miss Lena Morrow was most excellent. "The teacher should always have in mind the upbuilding of character. A teacher should study pupils, to learn how to aid in developing the best that is in them. Facts and figures are to be taught, but of more importance is the training to do right, because it is right to respect the rights of others, and to develop a strong and self-reliant soul. On motion Association adjourned to meet again the last Saturday in May. Pay your water rent before the tenth.

LANGUID Many a school-girl is said to be lazy and shiftless when she doesn't deserve the least bit of it. She can't study, easily falls asleep, is nervous and tired all the time. And what can you expect? Her brain is being fed with impure blood and her whole system is suffering from poisoning. Such girls are wonderfully helped and greatly changed, by taking AYER'S Sarsaparilla. Hundreds of thousands of schoolgirls have taken it during the past 50 years. Many of these girls now have homes of their own. They remember what cured them, and now they give the same medicine to their own children. You can afford to trust a Sarsaparilla that has been tested for half a century. \$1.00 a bottle. All druggists. If your bowels are constipated take Ayer's Pills. You can't have good health unless you have daily action of the bowels. 25 cts. a box. "One box of Ayer's Pills cured my dyspepsia." L. D. CARROLL, Jan. 12, 1899. Bath, N. Y. Write the Doctor. Last Tuesday evening the Willamette Club decided to disband the organization for the present. It was argued that in the summer season few club members are inclined to visit the rooms and it therefore was not judicious to attempt to keep the club rooms open while the warm weather lasts.
