address  
J. B. V. BUTLER, P. L. CAMPBELL,  
Secretary. President

**LUMBER**  
All kinds  
Furnished at **LINDSLEY'S SAW MILL**  
Leave Orders at Vaughn's Livery Stable.

## ASSEMBLY JULY 3.

Chautauquans Will be in Session at Gladstone 10 Days.

PROGRAMME IS NEARLY READY.

Eastern Speakers Will be Present—Dr. Bashford Will Lecture—Features for July Fourth, 1901.

The Willamette Valley Chautauqua Assembly are working almost day and night to complete their programme for the annual assembly which will be held at Gladstone Park, commencing July 2d, and lasting ten days, closing July 13. In less than a week the committee hope to have the programme made up to permit its publication in full. They do not intend to have weak points in the lists of entertainers. The programme will be by far the best sustained and most interesting ever given by the Chautauquans and no pains or expense are being spared to make the coming assembly more enjoyable and profitable than any previous one. An especially entertaining programme will be given on July 4. In the afternoon there will be a balloon ascension and parachute jump, races and a baseball game by two of the best teams that can be secured. The Declaration of Independence will be read by Miss Neil. The orator has not yet been decided upon but it will be either Col. John P. Irish, of San Francisco, or Gen. Thomas J. Morgan. The latter gentleman was Commissioner of Indian Affairs during President Harrison's administration and will make two addresses to the assembly or "Building a Nation" and "The Negro Problem." Several of Portland's leading soloists have been engaged for the fourth and the fact that Prof. W. H. Boyer is to be musical director is a guarantee of its excellence. If the assembly decide to give an entertainment on the evening of the fourth, there will be elaborate display of fireworks. However, this matter is yet to be settled and it is doubtful whether an evening program would be successful as there are many people coming from a distance who could not stay late. If no night session is held a barbecue will be given in the afternoon.

A fully equipped restaurant is on the ground and will accommodate everybody. The Chemawa Indian School Band has been engaged for the whole session and possibly Brown's band will be there on the ninth, on which date an oratorio will be given by Portland singers. One of the Eastern features is the Parke Sisters, an orchestral combination, who will be heard Wednesday, July 10, in the afternoon and on the Thursday evening following.

Folk Miller, an entertainer of national reputation, has been engaged through the Southern Lyceum Bureau, and will appear on Friday, July 12, at 8 p. m. and in the evening of the last day. A ballad concert will be given on the evening of Saturday, July 5. Miss May Neil, who will have the elocution classes in charge, is from Evanston, Illinois and graduated from the Columbia School of Oratory at Chicago.

Dr. Charles Bayard Mitchell, is one of the leading pulpit orators in the east and is pastor of Hennepin-Avenue Methodist church at Minneapolis. He will lecture Saturday, July 6, on "The Prize-Taker" and on Monday, July 8, on "My Ideal Boy." He will preach on the Sunday intervening. The Minneapolis Journal says:

"The Prize-Taker" is said to be one of Dr. Mitchell's best lectures, and was delivered with ease and grace which is characteristic of all his discourses."

The following is taken from the Minneapolis Times:

"The words so often uttered about Henry Ward Beecher that when he became a preacher the stage lost a good actor, holds good also with regard to Dr. Mitchell. In perfect control of voice, in aptitude of gesture, in fine conception of the true point of a sentence or a story he gives many proofs of great dramatic possibilities. To this may be added, as extra merit, a good sense of humor, a roseate temper, and a good portion of true sentiment. When the result of the union of such qualities is considered, it is not to be wondered at that Dr. Mitchell was heartily received."

Dr. J. N. Bashford, who is president of the Ohio Wesleyan University, of Delaware, Ohio, and a member of the Board of Control of the Epworth League will probably address the assembly Tuesday and Wednesday, July 9 and 10. His lecture will probably be taken from the following: "Wesley and Goethe," "The Twentieth Century," "Our Neighbors Across the Sea," or "Science of Religion."

DeWitt's Little Early Risers search the remotest parts of the bowels and remove the impurities speedily, with no discomfort. They are famous for their efficacy. Easy to take, never gripe. Geo. A. Harding.

## PRESIDENT WILL NOT COME.

A dispatch from San Francisco yesterday says that owing to Mrs. McKinley's condition the president has decided to abandon his tour and will not come to Oregon but will return direct to Washington City as soon as Mrs. McKinley recovers sufficiently to be moved.

### MEMORIAL EXERCISES.

Programme of Meade Post No. 2, G. A. R. for Decoration Day.

Meade Post No. 2, G. A. R. will hold their regular memorial exercises consisting of the following exercises: Meade Post and Women's Relief Corps will meet at Willamette hall Sunday, May 26, 1901 at 10-15 a. m. for divine services to be held at Congregational church, conducted by Rev. E. S. Bollinger. All old soldiers, sailors and citizens are especially invited to attend these services.

### A Ragging, Roaring Flood.

Washed down a telegraph line which Chas. C. Ellis, of Lisbon, Ia., had to repair. "Standing waist deep in icy water," gave me a terrible cold and cough. It grew worse daily. Finally the best doctors in Oakland, Neb., Sioux City and Omaha said I had consumption and could not live. Then I began using Dr. King's New Discovery, and was wholly cured by six bottles." Positively guaranteed for Coughs, Colds and all Throat and Lung troubles by George A. Harding. Price 50c and \$1.00.

## REGULARS RETURN

Army in the Philippines to be Reduced to 40,000 Men.

### GEN. MACARTHUR HAS ORDERS.

As Soon as the Volunteers Leave the Islands the Movement Will Begin.

WASHINGTON, May 14.—By direction of the secretary of war, instructions yesterday were cabled to General MacArthur to send to San Francisco at his earliest convenience the following organizations of the regular army: Fourteenth, Eighteenth and Twenty-third regiments of infantry; Fourth regiment of cavalry; Twenty-ninth, Thirtieth, Thirty-second and Thirty-third companies of coast artillery; First, Eighth, Tenth, Twelfth and Thirteenth batteries of field artillery.

General MacArthur is instructed to transfer to other commands all men in the above organizations in their first enlistment having more than one year to serve, also men wishing to remain in the Philippines. All men of other organizations having three months or less to serve, not intending to enlist, are to be transferred to the returning organizations.

It is expected that the movement of these troops will begin soon after July 1 next; by which time the homeward movement of the volunteers will have been completed. It is the intention of the department to replace the homecoming regulars, so far as the military conditions in the Philippines require it, with troops recently organized in this country under the provisions of the army reorganization act. These movements are predicated on the policy of the administration to reduce the army in the Philippines to 40,000 after the return of the volunteers.

The war department today published the reorganization order prescribing the strength of the various branches of the military service upon the basis of a total army of 77,287 men and a staff of 2785, the enlisted strength being 74,504 men. By the order each cavalry regiment will consist of 12 cavalry troops of 85 enlisted men each, making the total strength of the cavalry branch 15,840 men. The coast artillery will consist of 126 companies of 109 enlisted men each, making 13,734 and the field artillery of 30 batteries of 160 men each, making a total artillery force, field and coast, of 18,862 enlisted men. The 30 infantry regiments will consist of 12 companies of 104 enlisted men each, making the infantry strength 33,520 enlisted men. The engineer battalions will have four companies of 104 enlisted men each, with a band, and will have a strength of 1282 enlisted men.

### LIGHT RUN OF SALMON.

Cannery Owners and Fishermen are Very Discouraged.

The prospects for anything like a successful fishing season on the Columbia are not at all bright, and cannerymen are feeling rather gloomy. Very few salmon are being taken at any place on the river, but more shad are caught than there is market for. The late rise in the river has discolored the water and this interferes with fishing, says the Oregonian, and it is hoped that when the water clears and gets a little warmer there will be a good run of fish.

A canneryman says that he cruised around the fishing grounds between Astoria and Skomokawa a day or two ago, and places which used to be regular beehives a year or two ago are now very quiet. He saw only two gillnet fishermen where there used to be scores of them, and things appeared very quiet. He said if the salmon fishing failed it would be a great blow to the Columbia. Salmon are scarce all along the river. Up to Saturday last a cannery at the Cascades has put up only 100 cases.

The quantity of salmon being received here from the Willamette and Clackamas has been only about a ton or two. A little steamer goes up to Oregon City every day and picks up the fish at some 15 places on the way down, but the catch is light and divided among the large number of boats employed amounts to but little for each. A few years ago the boats used to bring salmon down from Oregon City every day from April to December, from 700 to 2500, averaging 18 pounds each. The fish are scarce now and fishermen begin to imagine that they will never be plentiful again.
