AFTER 43 YEARS.

David McLoughlin Makes a Visit to Oregon City.

ONLY LIVING SON OF FOUNDER.

Hon. F. X. Matthieu, Sole Survivor of the Organizers of Provisional Government Was Also Here.

Wednesday was a day long to be remembered in Oregon City by the pioneers. David McLoughlin, the only surviving son of Dr. John McLoughlin, the founder of Oregon City, and Hon. F. X. Matthieu, the sole survivor of the band that founded the provisional government, came up from Portland on the morning boat, accompanied by Mrs. M. L. Myrick, a grand daughter of Dr. McLoughlin and a niece of David McLoughlin. They passed the day visiting and receiving visits from men who knew them forty years ago and were entertained at luncheon by Mrs. Charles H. Dye. David McLoughlin called on S. W. Moss, who is over 90 years old and it was a sight to see the old gentleman's eyes sparkle when he caught sight of Mr. McLoughlin.

In the afternoon they held an informal reception at the residence of Mrs. W. E. Pratt and the veranda was thronged with people until 4:30 when the distinguished party left for Portland.

Mr. McLoughlin was in a reminiscent mood and talked of past events in a manner that suggested a wonderful memory. He said that 43 years had passed since he left Oregon City in 1858 when it was little better than a wilderness and was astonished at the changes brought by time.

"We were at the Cascades yesterday," said Mr. McLoughlin, "and saw houses where trees stood before. There are houses everywhere from Spokane to the Rocky mountains. From my home in Port Hill, Idaho, to Oregon it has been a continual bewilderment to witness the wondrous growth of half a century. I left Oregon a man of 38 and return at 81 to find an empire. I never expected to stay away from Oregon but a year when I left in '58."

Mr. McLoughlin came across the plains when a mere child of two or three years. He was born at Port William, near Duluth, Minn., on Lake Superior. He expects to leave for his home in the Panhandle country, next Monday, but will come to Oregon City Saturday with Mr. Matthieu and remain until Sunday. They will be the guests of Mrs. W. E. Pratt while here.

The grave of Dr. McLoughlin was visited by his son and the pupils of St. John's school turned out in honor of the visitors. Mr. McLoughlin had never seen the locks, or the suspension bridge and said that the growth of the country had sprung up like a mushroom to the astonishment of every pioneer. He told of being sent to school in Paris and joining the British army his uncle procuring him a commission in the East India company at the outbreak of the Afaganistan war. He was under 21 years of age at this time and his father refused to consent to his entry into army life and procured his discharge. Both his father and uncle were Canadian of Irish and Scotch parentage.

Hon. F. X. Matthieu is a venerable old gentleman who carries his 84 years more lightly than many men of 60. He has never smoked, while Mr. McLoughlin has used tobacco since early manhood. Mr. Matthieu lives at Butteville. He went there in 1856 and took up a donation land claim and kept a store for 15 years. He was one of the members of the provisional government of Oregon and is the only survivor, having the honor of unveiling the monument at Champoux last month. He told of landing on the rocks at Oregon City September 24, 1842, where the woolen mills are now situated and what are now streets and buildings was then thickly studded with timber.

The party were escorted about the city in a carriage by Judge William Galloway and shown the sights of interest. They return tomorrow and will stay over night. Upon their arrival the Native Sons and Pioneers will escort them from the steamer landing to Mrs. Pratt's residence. Tomorrow evening McLoughlin Cabin, Native Sons of Oregon, will give them a reception in Willamette hall to which the public is invited. There will be an interesting program, speeches, songs, and a pleasant evening is anticipated.

A WOMAN'S THROAT

Is her fortune if she chances to be a Patti or Alani, and that fortune is guarded day and night with the greatest care. Nothing frightens a singer so much as a cough. Every woman ought to be afraid of a cough. It is nature's danger signal. Who does not know of some sweet woman voice silenced forever by disease which began with a slight cough.

The use of Dr. Pierce's Golden Medical Discovery will ensure a permanent cure of the most obstinate and lingering coughs. Even when the lungs are involved and there are hemorrhages and emaciation, "Golden Medical Discovery" is generally effective in restoring the diseased organs to sound health and strength. There is no alcohol in the "Discovery" and it is entirely free from opium, cocaine and all other narcotics.

"I am feeling quite well," writes Miss Dorcas A. Lewis, of No. 1129 1/2 Street, Washington, D. C., "and I owe it all to Dr. Pierce's Golden Medical Discovery. I had been quite a sufferer for a long time, and after reading Dr. Pierce's Common Sense Medical Adviser I thought I would try his 'Golden Medical Discovery.' I had not been sleeping well for a long time. Took one teaspoonful of Dr. Pierce's Golden Medical Discovery and slept nearly all night without coughing, so I continued taking it. I had been a great sufferer for more than ten years. I tried lots of different medicines and different doctors, but did not feel much better. I coughed until I commenced spitting blood, but now I feel much stronger and am entirely well."

Dr. Pierce's Common Sense Medical Adviser, in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.
