This prize is given annually and is contested for by many students. The donor is Hon. H. W. Corbett. Mr. Dye will enter Pacific University next September. He returned home yesterday with his brother Emory Dye, who is in the freshman year at Pacific University.

**BIG MOLLALA FARM SOLD.**—A. J. Sawtell sold his 310-acre farm to Ernest Lehman, a Portland dairyman, last Thursday, for \$6,200, or \$20 an acre. Mr. Sawtell is the pioneer tenant-grower of Oregon, but retired from the business a few years ago. The farm, which he has lived on for nearly 40 years is one of the finest in the valley, and is well improved. It is right in the heart of the Mollala district, 19 miles south of Oregon City. Mr. Sawtell contemplates going to California to reside, but his plans are not yet fully determined.

**IS IT HOT ENOUGH FOR YOU?**—People were surprised to read in last week's paper of an 18 inch fall of snow at Antelope and four inches near The Dalles in Wasco county and are quite willing to exchange a portion of our sweltering weather to even up matters. Monday and Tuesday the thermometer registered 92 degrees and the sudden change from the rain of last week caused people to seek the shelter of shady places and the old stereotyped inquiry "Is it hot enough for you?" was heard 1001 times. A few more days of hot weather will rush the exodus to the coast.

**LIGHT QUESTION NOT SETTLED.**—The committee on streets and public property is still in communication with the Portland General Electric Company about the lighting proposition. At the last meeting of the council it was decided to offer the company \$6.50 per light. They are now receiving \$5.33. It is understood that the company would grant the reduction if the city would enter into a 10-year contract. All of the council are opposed to this but would probably agree to a five-year contract. As soon as the matter assumes a more definite shape the council will meet and the question will be settled.

**DIED YESTERDAY MORNING.**—Marlin H. Moore, son of Dr. and Mrs. J. Burt Moore, died at the family residence at 4:20 o'clock Thursday morning of cerebral meningitis, aged five years, five months and three days. He was taken down some months ago with whooping cough and measles and was in bed five weeks. He was just recovering from the effects of this illness when he was stricken with meningitis about three weeks ago. The funeral will be held this Friday afternoon at 2:30 o'clock and services will be held in Mountain View cemetery, conducted by Rev. A. J. Montgomery. The sorrowing parents have the sympathy of the entire community.

**Snow at Green Camp.**—O. S. Boyles, a packer between Oregon City and the Cascade timber, returned from Green Camp Monday and reports three feet of snow there. He went in last week with some timber locators and brought out Arley Bailey, who has taken up a timber claim. Mr. Boyles goes to the Russell ranch, 15 miles from Green Camp, by team and the remaining distance over a trail with pack-horses. Green Camp is about 30 miles from this city and has an elevation of 4500 feet.

**Parkplace Alumni.**—The Alumni Association of the Parkplace High School held their annual banquet and reunion Saturday night at the residence of Judge William Galloway. F. B. Galloway addressed the association and J. N. Selvers responded. Miss Mary Hueth read an original poem, Mrs. J. W. Gray sang and short talks were made by Captain W. H. Smith, Mrs. Robert A. Miller and Captain J. T. Apperson. The following toasts were responded to: "The Country School," Miss Lizzie Evans; "The Alumni," Miss Florence Paity; "The Alumni," Will A. Williams.

**Excursion to Latourelle Falls.**—Celebrate the 4th of July at Latourelle Falls. Steamer leaves Oregon City at 8 a. m. and excursionists will have three hours at the falls, returning in time for Portland fire works. Southern Pacific band of 27 pieces will parade at 7:30 a. m. on Main street and will accompany the excursion. Refreshments and lunch will be served on board. Round trip, \$1; children, between 8 and 12 years 50 cents. Tickets on sale at Huntley's and at Miles' postoffice store. For further information see J. H. Turney, at New York Gallery, Fifth and Water streets, Oregon City.

**Melodram Party Leaves.**—Don Melodram, who has a contract for surveying 10½ townships in Lake county left Tuesday evening accompanied by Harry Swafford, of Salem, Ralph Dimick, of Hubbard, Charles Myers, M. S. McCown, and John Holland, of Oregon City, Charles Gibson, of Portland, Fred Selvers, of Sandy, and Brown, of Parkplace. The party will go by steamer The Dalles and take teams straight to Lakeview which will be their base of supplies and 60 miles from the scene of operations. They will pass through Prineville and Paisley. The work will occupy about four months.

**Maccabees Elect Officers.**—Tualatin Tent, Knights of the Maccabees, met last Thursday evening and elected the following officers: commander, J. L. Baker; L. C., G. B. Dimick; R. K., and T. K., E. E. Taylor; Chaplain, P. L. Harris; M. A., G. C. Waldron; Sergeant, W. E. Ream; first master of guards, A. B. Buckles; second master of guards, Robert Vaughan; sentinel, M. Rauch; picket, C. M. Mason. Arrangements were discussed for the 4th of July celebration at Wright's Springs. J. H. Howard was appointed grand marshal. E. E. Taylor was commissioned chief executive in charge of ground privileges. Prof. Millard Hyatt was put in charge of field sports, and a programme committee was appointed, composed of G. B. Dimick, E. E. Taylor and Frank Confer.

**Y. M. C. A. CANTY.**—The soliciting committee at the present date has succeeded in raising \$550 toward the conditional \$2500 required in placing the Y. M. C. A. of the city on a working basis. With the \$2400 expected from the corporations of the city there yet remains \$650 to be secured. A systematic canvass has been inaugurated in some of the mills among the employees which it is hoped, with the further assistance of the business men of the city will result in raising the required amount. It is the plan of the management to apply \$2000 of the \$2500 toward liquidation of indebtedness and the remaining \$500 and all over the \$500 toward improving the building and premises. Secretary Oscar Cox, of Portland, now in attendance at the Boston Y. M. C. A. international convention is instructed to secure a suitable man for general secretary and physical director both positions to be filled if possible with the one man. At this particular time the management desire the hearty co-operation of every citizen of Oregon City toward the permanent establishment of this worthy institution.

### Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Mr. James Brown of Portsmouth, Va., over 50 years of age, suffered for years with a bad sore on his face. Physicians could not help him. DeWitt's Witch Hazel Salve cured him permanently. Geo. A. Harding.

Dyspeptics cannot be long lived because to live requires nourishment. Food is not nourishing until it is digested. A disordered stomach cannot digest food, it must have assistance. Kodol Dyspepsia Cure digests all kinds of food without aid from the stomach, allowing it to rest and regain its natural functions. Its elements are exactly the same as the natural digestive fluids and it simply can't help but do you good. Geo. A. Harding.

## DO YOU OWN YOUR HOME?

If not why don't you stop paying rent and apply the money towards the purchase of a home? A first class opportunity is now open to you in the proposition that the WILLAMETTE FALLS COMPANY is making to sell small tracts of its land near the town of Willamette Falls on such reasonable terms that a person with a very small income may become a home builder. These tracts vary in size from two and one-half acres up, all good level land and first class soil suitable for cultivation. On one of these tracts you can have a small orchard and also raise all the vegetables and small fruits that a family can use, and with the addition of a cow and chickens, a large part of your living can be made on the place. There is a good school in Willamette Falls and your children will have excellent educational facilities. Easy access is had with Oregon City over the WILLAMETTE FALLS RAILWAY with cheap fare and cars are run to accommodate the mill hands.

Why not get out of town and give your children breathing and play room and thus insure their good health? Don't you think that you would feel more independent and contented if you owned your home than you do when living in a rented place? If you are interested in this matter apply to C. A. Miller at WILLAMETTE FALLS RAILWAY STATION, West side for full particulars.
