

Oregon City Enterprise

New To-Day.

NEW RESTAURANT—The dining room and kitchen of the New England Home has been removed to two doors north of Charman's drug store on Main street, and named the Delmonico-Wallis Home. Meals 15 cents and upwards. Everything new and first-class. All white help. Home bakery. The New England Home is still operated in connection, with lodging and light housekeeping rooms.

HEDGES & GRIFFITH, (offices in the Wetmore Building,) have the choicest city, suburban and country property for smallest prices.

Plenty of money to loan, one to ten years time at 4 percent interest. GOSNON & HAYES.

Money to loan at lowest rates. HEDGES & GRIFFITH.

LAND CONFECTIONERY—Mrs. J. Landis has exclusive charge and has a tempting array of candies, ice cream and soda, and cream from Miss Amy Johnson's farm always on hand.

FARMS FOR SALE—Some of the best farms in Willamette valley are listed with us at moderate prices. HOWELL & EVANS.

UNDERTAKING—Shank & Bissell, the undertakers, between depot and bridge. Telephone 304, night or day.

THE LOCAL NEWS.

NEW SCHOOL HOUSE.—The school building in the Holcomb district is being moved to make room for a new one. The old building was too small for the growing district and the new structure will be modern in every respect, well adapted to Holcomb's present and future needs.

K. OF P. SERVICE.—Next Sunday evening the Knights of Pythias will attend the Methodist church in a body and listen to a sermon on "Pythianism" by Rev. W. S. Grim. At the morning service Rev. Harold Ober, of Hillsboro, who was formerly pastor of the church here, will occupy the pulpit.

NO SMALLPOX AT PLEASANT HILL.—The various rumors that have been in circulation around the county and outside of it about a case of smallpox at Pleasant Hill, have, upon investigation, proved to be of little or no foundation. If any cases of varioloid ever existed they have been effectually stamped out.

APPLE CROP NOT HEAVY.—The Oregon apple crop this year will not be heavy. The outlook for a good market is still favorable and growers anticipate high prices. The yield of several other fruits will not reach the average. The output of prunes, however, will exceed the capacity of the dryers, and a portion of the product will go to waste.

TRAINS AT CHAUTAQUA.—From July 3rd to 13th inclusive, Southern Pacific trains will leave Oregon City for Gladstone and Portland at 7:00, 9:22, 10:30 a. m., 12:15, 1:45, 3:40, 5:50, 6:30 p. m. For Gladstone only at 7:15, 7:40, 8:00, 8:30, 9:20 every evening on same dates. Last trains leave Gladstone for Oregon City and Portland at 10:30 p. m. Secure your tickets at S. P. depot.

BUSINESS TRANSFER.—F. A. Miles sold his store in the postoffice building on Tuesday to E. Hart, of Portland, who took charge at once. Mr. Hart is an experienced candy maker. He will reside here with his wife. Mr. Miles considered the confining nature of the business was injuring his health. He is as yet undecided as to his future movements and may leave Oregon City but will stay in the Northwest.

DR. WILLIAMS GOES TO NEW YORK.—Rev. W. D. Williams, who was for a short time rector of St. Paul's Episcopal church in this city, but now archdeacon of Arkansas, will have charge of St. Stephen's church, New York City, during July, August and a part of September. Dr. Williams and family were in Oregon City only eight months but in that short time he made for himself a host of friends both in the parish and out of it, and his movements, though far away, are of interest to many in the Northwest.

MOLALLA BRIDGE CONTRACT LET.—Saturday afternoon the Board of County Commissioners let the contract for the construction of a bridge across the Molalla river, near the Southern Pacific bridge between Barlow and Canby, to E. D. Olds, of this city, whose bid was \$9,145. The Pacific Bridge Company, of Portland, bid \$9,480; C. F. Royal & Sons, of Salem, \$9,510, and F. J. Miller, of Albany, \$9,590.

NEW HALL AT BEAVER CREEK.—The Beaver Creek Hall & Building Association are advertising for bids for a new hall. A hall was built over a year ago and burned down last September and the people of that section have no hall in which to hold public gatherings, meetings, dances, etc. Proposals are asked for the construction of a one story building 26x50, with addition for kitchen and bids will be opened July 27.

ORDINANCE MUST BE PASSED.—The committee on streets and public property has discovered that before the contract for street lighting can be drawn up, an ordinance must be passed authorizing it. Under the charter no contract involving more than \$100 can be signed without being authorized by the council through an ordinance, which will be introduced at the next meeting and passed at the following one. The charter does not permit railroading an ordinance through at the meeting it is introduced and as the council desires to expedite the matter, a special will probably be called.

BEEBE-GARRISON.—The marriage of Miss Minnie M. Garrison and Lewis G. Beebe was solemnized last Wednesday afternoon by Mayor Dimick at the residence of W. W. H. Samson. The bride is a daughter of P. J. Garrison, of Clackamas, who is well known throughout the county because of his former position as deputy assessor. Mr. Beebe was formerly a resident of Clackamas and his parents still live there. He is at present occupying a position in Portland, where the couple will probably reside. They left Wednesday evening on their honeymoon trip, followed by the best wishes and congratulations of their friends.

INSTALLATIONS AT CLACKAMAS AND OSWEGO.—District Deputy Grand Master E. H. Cooper accompanied by J. J. Cooke, S. S. Walker, W. A. Hedges and H. Layton, went to Clackamas last Wednesday evening and installed the following officers of Lone Pine Lodge, No. 145: Noble Grand, J. A. Talbert; Vice Grand, E. P. Dedman; Secretary, E. C. Chapman; Treasurer, Isaac Johnson. On Monday evening Deputy Cooper installed the officers of Oswego Lodge, No. 93: C. W. Risley, N. G.; D. B. Fox, V. G.; J. F. Risley, secretary; Geo. W. Prosser, treasurer. County Judge Ryan, Sheriff Cooke, Recorder Randall, W. H. Howell, W. A. Hedges and Mr. Trembath assisted in the installation.

POOR MANAGEMENT AT CHAUTAQUA.—The Chautauqua assembly is not doing as well as it has done for obvious reasons. This association in the end has to largely depend on the patronage of Oregon City. The people of this city put up a large part of the stock and in many ways have backed it. But the Association tries to run its own dining hall and puts up a poor excuse for a meal. The management at the races on the Fourth and at other times has been far from what it should have been. We presume local houses have been treated the same as the local newspapers—by taking the bulk of what is needed out of town. A job of about \$175 worth of printing was taken to Portland and a poorer job obtained than could have been procured in Oregon City and more money paid for it.

MR. DRESSER AT ARLINGTON.—Attorney A. S. Dresser delivered the Fourth of July oration at Arlington and the Record has the following: The exercises throughout were conducted by our home people with the exception of the oration which was delivered by Hon. A. S. Dresser, of Oregon City, who was a

member of the last legislature and chairman of the judiciary committee, who delivered one of the best addresses it has been our privilege to listen to. He showed in his address a minute knowledge of our institutions and the principles on which they are founded and gave some wholesome advice as to how they can be perpetuated, showing that each individual is a part of the great structure and on the intelligence, wisdom and patriotism of the individual depends the prosperity and perpetuity of the nation.

MR. WILSON MAKES A HIT.—The Portland Oregonian said in its dramatic column last Sunday: The ranks of amateur actors do not very often prove fertile soil for the cultivation of professionals, but there appears to be promise of an exception to a very general rule in the case of Charles Wilson. This young man, educated as a lawyer, has always had a "banking" for the stage, but fortunately he did not begin by starring in "Hamlet." He has, in fact, done very little acting, his recent appearance in "Titania" being one of his first attempts to tread the boards, but the importance with which he clothed the character of the Ogre, and the freedom from stage fright or embarrassment he showed prove that he is made of good kind of material from which to build players. He is furthermore possessed of good presence and an excellent voice, and if he does not harken too much to the voice of flattery, and is willing to begin at the bottom of the ladder, he may yet climb up so far that he will be visible for a very considerable distance.

CHEAP RATE TO THE COAST.—The O. R. & N. Co. have made a special round-trip rate of \$2.50 from Portland to Long Beach points on every Saturday up to and including September 14. These excursion tickets will be good to return Sunday and will be interchangeable between river and rail lines between Astoria and Portland. The regular rate is \$4. The new fare for Saturday excursions is made for the special accommodation of Portland and Oregon City business men who have families at the beach with whom they would like to spend Sunday. It is understood that the Astoria & Columbia River Railroad will make a similar reduction for Saturday excursions, though no announcement has yet been made. A third train between Astoria to Seaside will be put on next Sunday, and continue through the season. It will leave Astoria at 8:30 a. m. for Seaside, and return immediately. This will be for the special accommodation of people bound for Seaside who may make the trip to Astoria by steamer.

OREGON WHEAT OUTPUT.—Reports from eight counties in the state show that the total output of wheat will be above the average. While the yield in several counties indicate a slight decrease, the increase in a number of others will more than offset this. The estimates thus far received as follows: Clackamas county, 100,000 bushels, increase; Marion county, 600,000 bushels, 110 per cent yield; Sherman county, 3,150,000 bushels, increase; Jackson county, 225,000 bushels, decrease; Polk county, 1,136,614 bushels, 10 per cent decrease; Lane county, 800,000 bushels, increase. The estimate from Linn county gives no figures but indications are that the yield will not be 30 per cent above the average. Reports from Baker county are discouraging. Some

farmers claim the entire crop has been ruined by frost, while others think not and expect half a crop. The above estimates include both spring and fall wheat.

MR. WISNER RETURNS.—Field Superintendent J. Nelson Wisner, Jr. of the U. S. Commission of Fish and Fisheries, was in the city the first part of the week visiting Superintendent Carter of the Clackamas Hatchery. Mr. Wisner was in charge of the Clackamas Hatchery in July 1899 and is very well known here. From Oregon City he went to Baker Lake, in Whatcom county, Wash., a station for the exclusive propagation of bluebacks, and was transferred later to Little White Salmon Hatchery. This river is 30 miles below The Dalles on the Washington Side and eight miles below Big White Salmon River. Mr. Wisner went to Washington, D. C. last October and took charge of Fish Lake Station, which is in the heart of the city adjoining the Washington monument lot. In this station black bass, calico bass, crappie and many other varieties of fish are handled. In March Mr. Wisner went to Chesapeake Bay and took up shad work. The season was a poor one, compared with the previous year but 78,000,000 million eggs were handled against 167,000,000 last year and 67 per cent were turned out. Mr. Wisner started for Oregon June 29 to resume work on the Columbia river, with headquarters at Little White Salmon until eyed, and set up temporary troughs in rivers where salmon increase is desired. Superintendent Wisner entered the fish commission service four years ago and studied the problems of fish culture diligently. He passed examinations in every variety of fish that the government propagates. He is only 24 years old and is ranked by but two men in the United States commission.

Gun repairing. Johnson & Lamb.

We pay the tax on "Oxford" Bicycles and give TAGS FREE, also Bells, Pante guards and guarantee them for the season. Price \$30, with any kind of a tire. Charman & Co., Cut Price Bicycle Dealers.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO. Toledo, O. Sold by druggists, 75c. Hall's Family Pills are the best.

DeWitt's Witch Hazel Salve should be promptly applied to cuts, burns and scalds. It soothes and quickly heals the injured part. There are worthless counterfeits; be sure to get DeWitt's. Geo. A. Harding.

Moore's Pharmacy

DO YOU OWN YOUR HOME?

If not why don't you stop paying rent and apply the money towards the purchase of a home? A first class opportunity is now open to you in the proposition that the WILLAMETTE FALLS COMPANY is making to sell small tracts of its land near the town of Willamette Falls on such reasonable terms that a person with a very small income may become a home builder. These tracts vary in size from two and one-half acres up, all good level land and first class soil suitable for cultivation. On one of these tracts you can have a small orchard and also raise all the vegetables and small fruits that a family can use, and with the addition of a cow and chickens, a large part of your living can be made on the place. There is a good school in Willamette Falls and your children will have excellent educational facilities. Easy access is had with Oregon City over the WILLAMETTE FALLS RAILWAY with cheap fare and cars are run to accommodate the mill hands.

Why not get out of town and give your children breathing and play room and thus insure their good health? Dont you think that you would feel more independent and contented if you owned your home than you do when living in a rented place? If you are interested in this matter apply to C. A. Miller at WILLAMETTE FALLS RAILWAY STATION, West side for full particulars.

WILLAMETTE FALLS COMPANY
