But there is another question which rightly takes precedence of Does it pay? It is this: "Is it necessary to sacrifice health and happiness to wedded love?"

Half a million women answer, No! They have been weak and have been made strong by Dr. Pierce's Favorite Prescription. They were sick and "Favorite Prescription" made them well. It will do the same for almost every woman who gives it a fair and faithful trial. It stops weakening drains, heals inflammation and ulceration and cures female weakness. I did so, and by the time I had taken three months I could do my own household work, except washing and tending my garden too. I was stouter than I had ever been while waiting baby's coming since my first baby came (this one was the sixth child). She is now eleven months old and is a healthy child. As for me, I feel as young now as I did at eighteen years of age; am thirty now. I can cheerfully recommend Dr. Pierce's medicine to all suffering women-kind."

Reliable Manufacturers.

The three most reliable American piano manufacturers, the Chickering, of Boston, the Weber of New York and the Kimball, of Chicago, are represented here by Eiler's Piano House.

Concerning prices, let us simply point to our record. We have sold and are today selling more fine instruments than are being sold by any other house in Oregon—a record that could never have been established if our instruments, our prices, and our methods had not outstripped all competition. This year's list of sales is over a hundred per cent ahead of last year.

We sell also a large variety of medium priced pianos. \$160 buys quite a fine new upright piano just now, and we have numerous others for even less money, all for sale on easy monthly payments little more than rent.

In organs we present the widest range in quality and price, from little \$25 folding organs up to the grandest Kimball tubular pneumatic pipe organs, running into thousands of dollars for each instrument.

Come in, or write, and find out what we are now doing. We can save you money. Eiler's Piano House, retail salesroom, 351 Washington street, Portland, Oregon.
