

CORRESPONDENCE

Our correspondents will please send in articles before Wednesdays of each week, otherwise it reaches us too late for publication.

Aims

Myrtle Owens, of Greenham, is visiting relatives here.

O. V. Hickman, of Montavilla, is on this Mount again. Can't stay away from here.

Farmers are making good use of the fine weather making hay. There is a heavy crop.

It seems that our people are bound to keep pace with the world; in addition to those previously reported Mr. J. R. Taylor, of Aims, has purchased a new organ.

J. W. Miller, of Aims, who piled ties a few days, states that some of them were 9 x 12 inches. Those who cut them believe that the large ones came about the end of the day, when he was in a condition to judge by the weight instead of size.

Martha Johanneson, who has been in Portland for a year past, recently returned home, bringing with her a fine \$58 organ. These woods are pretty well filled with them now. Poor song birds; their melody will soon be drowned. Wonder what art will do next?

It is reported that many of the tie mills across the Sandy river have shut down on account of a reduction in price, but the mills on this side are still running and the Sandy river is still full of rail road ties. It is presumed that because of the great number who have gone into the business, the railroad companies are led to believe that there is a large profit in cutting them—hence the cut in price.

Eagle Creek

Grace Douglass is still on the sick list.

Several from Eagle Creek attended the Chautauqua during the past week.

Frank Drake had a sale of personal property Saturday, preparatory to leaving the country.

Minnie Palmateer, of Ione, is visiting her grandparents and friends at Eagle Creek and Garfield. She will return home soon.

Wm. Douglass, of Stevenson, Wash., accompanied by his best girl spent a few days with his parents and friends here and returned home Friday.

The farmers are getting along very slowly haying, on account of so much cloudy weather, but still there has been considerable hay put into the barns.

There was a surprise quilting bee last Friday at Mr. Brackett's in honor of their daughters Mrs. Reed Grants and Mrs. Flemming from near Seattle. There were 40 people in the company and a very enjoyable time was spent by all present.

Willott

Haying is in full blast.

Mr. Milstead made a trip to the county seat last week.

Mr. Leslie killed a large black bear a short time ago.

Mrs. Nicholson made a business trip to Woodburn one day last week.

Mr. Dart, of Molalla, was running a mower in this section last week.

Mr. and Mrs. Dart, of Molalla, were seen passing through this section Friday last.

Mr. Slaughter and son-in-law, two well known freighters of this district, are still on the road.

Bert Wade was using hammer and nails last Sunday with great energy. I guess he has joined the adventists.

Mrs. Nicholson's daughter and family, of Eastern Oregon, are visiting her many friends and relatives in this vicinity.

Bert Wade, who intended to leave for the Eastern Oregon harvest fields Monday last, will not go for several days on account of green crops.

Willott is still on the face of the earth, although you may not think so on not having heard from it for some time. The truth of the matter was that the correspondent was sadly laid up with toothache, but is now able to wield the pencil.

Miss Tessa Larkin, our school mistress, quite successfully closed a one-half month's term of school some three weeks ago. A lengthy program was rendered to a large audience. Miss Larkin is well liked by all and we will greatly miss her smiling face and joking voice.

Carus

Mowers and hay-hands are visible and audible on every side.

Carus is to have a cheese factory; F. Josie is establishing one.

B. Faust was kicked by a horse which laid him up for a few days.

Maggie Lewis returned Saturday from Portland, where she has been working.

Mr. and Mrs. S. L. Young and children, of The Dalles, are visiting their aunt, Mrs. Faust.

Quite a large number of Carus young people attended New Era camp meeting Sunday. A good time reported.

We are very sorry to chronicle the death of Mrs. Clark, of Mulino. The saddest of all is that she left a babe two days old.

There will be an ice cream lawn social at our school house July 27. All are cordially invited. The program will be short, but good.

Postmaster Cooper's son, Knox, who is working for the Portland Telephone Company, made the postmaster a present in the shape of a gramophone a few days ago.

Mr A. O. Hayward and family are preparing to move to Oregon City the first week in August. We are truly sorry to lose such good neighbors. What Carus loses Oregon City gains.

Needy

The road supervisor has commenced to grade the Whiskey hill.

Roy Cochran, H. Spahr, T. Hooper, T. Sherwood and O. Prise have gone fishing for a few days up the Molalla.

Those who attended the campmeeting at New Era last Sunday were: A. Moshberger, L. Moshberger, N. Swidde, A. Eyman, E. Montandon, F. Mohr, R. Fish and Jalous Spaglia, and all had a good time.

Sherwood

C. T. Hall sold his farm recently.

Dr. A. L. Saylor is enlarging his drug store.

H. H. Welch is painting J. C. Smock's new store building.

Cut worms have made their appearance here in some localities.

Mrs. Rosa Morback is in Portland attending the meeting of the Degree of Honor.

Our post master, L. S. McConell, is making arrangements to go to Willott Springs for a much needed rest.

H. H. Eyman has completed a new pulpit which he will donate to the new Congregational church of Woodburn in a few days.

Hay harvest is in full blast. The yield never was better. About all the complaint we hear now is from the farmers, who say their barns are too small.

Hood View

Columbus Comstock was in our vicinity on Thursday.

Frank Seely and family contemplate going to the coast this week for an outing.

Judd Seely went to Portland July 16 as a delegate to Grand Lodge A. O. U. W.

Carl Short returned from Prosser, Washington, where he has been working for several months.

Clyde Baker and Dan Stahlnecker left for Eastern Oregon Sunday. They expect to work in the harvest fields.

Ed and Allison Baker made a trip to Albany and Lebanon, to look up a location for a sawmill. They returned on Saturday.

The Children's Day exercises, which were postponed, will be held next Sunday, July 21, at the Hood View Congregational church.

Damascus

Mrs. Boon Johnson left Monday for Santa Cruz, California, to be gone some time.

Gus Douley, who has been in the Good Samaritan hospital at Portland for some time, is at home again.

Mrs. Annie Bateman and Miss Pearl Lovelace, of Portland and Mrs. Lillian Lovelace, of Roseland, B. C., are visiting their mother at this place.

All in this vicinity are very busy haying, and owing to the nice weather we have had for the past two weeks, are getting their hay taken care of in good shape.

Mrs. Will English, Mrs. Eugenia Skirviz, and Mrs. Lillian Lovelace, were the guests at Mr. and Mrs. John Elliott's camp, at Chautauqua, last Thursday and Friday.

Garfield

Another pioneer is gone. Mr. Josiah Harner was born in Fredericksburg, Indiana and died July 6, 1901. Crossed the plains in 1852, arrived in Portland in October and worked on the boat that plied between Portland and The Dalles. Met his wife, then Miss Eunice M. Palmateer, for the first time November 7, 1852 in the then village of Portland he was married on the 15 day of July, 1853. He being an expert plainer and moulder, worked a number of years for J. C. Carson, of Portland. He was well known by the old timers of Portland. He was a man of pleasant temperament and had many friends among the early settlers of Portland. He seemed to have a presentiment of his approaching end, as on

ELLEN F. MARTIN, Prop.

Decoration Day he called a friend to see where he wished his grave to be, remarking it would not be long and requested them to see that he was laid where he stood. On the day he died he spoke several times to his wife of his demise and to others also. He being in his usual health, save a pain in his breast, they thought little of it. They retired at their usual hour, he soon falling asleep. His faithful wife heard him make a peculiar noise and thinking he was having a nightmare, she called to him to turn over, at the same time rubbing her hand over his face, only to find him gone. He never breathed after she heard him. He leaves an aged wife and one adopted daughter.

Springwater

Crops are generally good. The measles are prevalent in the neighborhood.

Pomona Grange met in Springwater on the 10th inst.

The Smith Bros. and Harley Raney came home for a few days from the lumber mills.

Our road superintendent had to lay off

putting down plank on the road, on account of scarcity of hands.

Mr. John Lewis brought a band of horses from east of the mountains. They are in James Morris' care and for sale.

Rev. Soper took a vacation for two weeks and with his family went to Portland. While there he had a call to preach for the North Portland Mission, so there is a prospect that we will be without a pastor.

WHITE MAN TURNED YELLOW.

Great consternation was felt by the friends of M. A. Hogarty, of Lexington, Ky., when they saw he was turning yellow. His skin slowly changed color, also his eyes, and he suffered terribly. His malady was Yellow Jaundice. He was treated by the best doctors, but without benefit. Then he was advised to try Electric Bitters, the wonderful Stomach and Liver remedy, and he writes: "After taking two bottles I was wholly cured." A trial proves its matchless merit for all Stomach, Liver and Kidney troubles. Only 50c. Sold by Geo. A. Harding, Druggist.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.
