## REPORT COMPLETED

### County Superintendent Zinzer Shows Condition of Schools.

#### NAMES OF EIGHTH GRADE GRADUATES.

#### Noticeable Improvement in Educational Spirit.—Local Institutes Were Profitable.

County School Superintendent Zinzer has completed his annual report, showing the financial status and statistics of the portion of Clackamas County schools during the past year. The census report shows 20 less children of school age than last year, and the Superintendent estimates that the money from the state fund will be about \$2,000 less than last year, and the county school fund about

A number of schools have purchased new flags, about seventy-five per cent of the schools now owning a flag.

"The eighth grade examinations are proving a stimulus all over the county, resulting in better work and holding in school advanced pupils who would otherwise have dropped out. Four examinations were held and sixty-four diplomas were awarded.

"Eight local institutes have been held and have been well attended and profitable. We have at the Superintendent's office the nucleus of a teachers' professional library, that promises to be useful. Books are loaned to teachers for two or three months, and are well patronized.

"In some districts where the elements in control have no direct interest in school, it is very difficult to secure needed improvements. In some cases school-houses are unfit for use and some one would be authorized to condemn them.

The crying need is for some form of consolidation of small districts. There is a waste of money and effort with poor results.

**For Young Men and Young Women.**  
There is nothing that will arouse the ire of a young man or woman so quick as to have interior laundry work put off on them. They may dress ever so well, but if their shirt front or shirt waist is mussed their neat appearance is spoiled. The Troy laundry makes a specialty of ladies' and gentlemen's fine work. There can be no better work than is done at the Troy. Leave your orders at Johnson's barber shop.
