THE LOCAL NEWS.

NO MORE PASSES.—Shippers are to get no more free passes on the railroads. This applies to all lines running out of Portland. Not only are the free passes cut off, but agents are forbidden to offer any sort of rebate or special favor to influence the routing of traffic.

HARVEST IN 10 YEARS.—Fred Gerber, of Logan and Mr. Harless, of Molalla, were in town Monday. They expect to start threshing in a few days. Mr. Harless has purchased a new machine. He says the grain crop in and about Molalla is the best in 10 years.

COAL DISCOVERED.—A. L. Jack has found coal on his farm at Marquam. While digging a well he discovered a formation of slate containing traces of coal. Mr. Jack will obtain expert opinion of his discovery and will develop the vein if the report justifies it.

HIS 70TH BIRTHDAY.—C. N. Greenman, the pioneer expressman, celebrated his 70th birthday Tuesday and received congratulations of his friends. Mr. Greenman is hale and hearty and does not have the appearance of a man who has passed the three score and ten mark. He established an express business in this city in 1865.

A 35 DAY RUN.—A. J. Bell brought his traction engine in from Molalla last week and will commence threshing at once, running a machine through the season. He will start at Redland and from there will work Highland, Dickey, Frairie and other places. Crops are looking good in that section and indications point to a run of 35 days.

CONTRACT AWARDED.—The board of water commissioners has awarded the contract for excavating for the foundation of the new filter house to C. E. Nash. His bid was 24 cents for earth and 33 cents for loose rock. The excavating will be completed in about 10 days. G. H. Wisbart is superintending the work for the commission.

NEW CATHOLIC RESIDENCE.—Rev. Father A. Hillebrand, pastor of St. John's Catholic church, is to have a new residence, which will be situated between the church and the sisters' house. Archbishop Christie has authorized the construction, which will commence as soon as the plans and specifications are drawn up. The new residence will be Colonial in style and contain ten rooms, and the cost will be about \$2,000.

HARVEST PICNIC.—Gritty Camp, No. 539, Woodmen of the World, will give a grand harvest picnic at Sandy, on August 24, 1901, in F. A. Meinig's Park. The Aims band will furnish music and there will be songs and recitations by local talent including vocal music by a glee club from Aims. Senator Geo. C. Brownell, of this city, will deliver an oration and their will be dancing during the day and in the evening.

FIRST ASCENT OF MT. ADAMS.—Attorney W. Carey Johnson, of this city, has the distinction of being a member of the first party to make the ascent of Mt. Adams. It was August 6, 1867, when Samuel L. Brooks, Malcolm A. Moody

and Miss Julia Johnson, of The Dalles; W. Carey Johnson, of Oregon City; A. R. Booth, of White Bluffs, Wash.; Edwin Fells, of Walla Walla, and Miss Catherine Aubert, of Hood River, ascended Mt. Adams, reaching the summit in seven hours. Brooks descended on a tin plate in one and one-half hours. August 31, 1869, Miss Lucy Hay, Portland; Misses Fannie Case and May Robinson, Salem; John M. Garrison, David and James Powell started to ascend Mt. Hood. All reached the summit except Miss Hay. Miss Robinson is now Mrs. Mary A. Gilkey, of Dayton, Or.

IMMENSE W. OF W. INITIATION.—Over 1300 men were introduced to the mysteries of woodcraft last Saturday night and not less than 10,000 people attended the ceremonies, which were without a parallel in the history of fraternal secret organizations. A large delegation went from Oregon City early Saturday morning on special cars and visitors came from all parts of Oregon and Washington. In the morning a ball game was played and at noon a barbecue was served. In the afternoon Mayor Rowe welcomed the Woodmen and Governor Geer addressed the assemblage. City Attorney Long spoke on fraternal subjects and Deputy Head Consul Geo. K. Rogers was presented with a beautiful diamond stud in partial recognition of his work in behalf of the order. In the evening the initiation took place and officers were elected for the purpose of conducting the ceremonies. G. Oide, clerk of Willamette Falls Camp, was elected clerk of "Thousand" camp. The initiation ceremonies lasted until an early hour Sunday morning.

CROP REPORT.—The second crop of clover in the Willamette valley is not as promising as usual, on account of dry weather. The grain harvest is well advanced, but threshing in the western sections has not yet become general, although well begun east of the Cascade mountains. The following threshing yields have been reported: Washington county, wheat, 22 bushels; oats 25 bushels. Yamhill county, wheat, 24 bushels; oats 30. Lin county, wheat, 12 to 30 bushels; winter oats, 20 bushels; and one acre of barley threshed 75 bushels. Douglas county, wheat, 6 to 30 bushels; oats 40. Jackson county, wheat 12 bushels; oats, 15; barley, 20. Josephine county, wheat, 14 bushels; oats, 25; barley, 30. Wasco county, wheat, 30 to 40 bushels. Sherman county, volunteer wheat, 12 to 20 bushels; fall wheat, 15 to 25. Umatilla county, wheat, 35 to 40 bushels, and some fields have threshed 55 bushels; spring barley, 40 bushels, and fall barley, from 40 to 70; oats, about 50; spring wheat, from 18 to 20. The wheat crop in Umatilla county is turning out much better than expected and the grading will be good. Some lice are reported in the hop yards, but they are not causing any damage of consequence and the weather is unfavorable for the spread of this pest, and the hop outlook continues favorable. Corn is making good progress and early potatoes are maturing rapidly. The potato crop, although needing rain, is doing fairly well and there are no complaints of blight. Pasturage is getting poor, and there is a slight shrinkage in the milk supply reported from Curry and Coos counties. The weather has been favorable for fruit, which is making good advancement. Tame blackberries are plentiful, and plums, peaches and early apples are in the market. Clackamas county weather has been very dry and warm. Grain is ripening fast and early wheat will be harvested next week; the wheat crop is good and oats promise an abundant yield. The grain aphid has again appeared and is on the grain; the hop louse is here, and spraying will commence immediately. The vegetable crop is good. Potatoes will yield an immense crop. The fruit crop is very poor; apples and prunes will be only half a crop.

THE WILLAMETTE TEAM OF OREGON CITY CROSSED BATS WITH THE GERVALS STARS AT GERVALS LAST SUNDAY. It was a hot game from start to finish and had not the Willamette team been handicapped by having one of their best men laid up with a broken thumb, the result would have probably been different. The score follows:

Table with 2 columns: Team Name and Score. Includes Willamettes (140000200-7), Gervals Stars (000003614-14), and various players like Base on balls, Califf, 1; Michaels, 1.

THE GAME SCHEDULED FOR SUNDAY, August 18, between Company A and Willamette is exciting much comment and the boys from the paper mills are giving their nine much encouragement. It is certain that in Califf the team has a wonderful pitcher, considering his age and inexperience and the Gervals Stars would never have won Sunday's game if Califf's arm had not given out. They never got on the score card until the sixth inning.

ASTONISHED THE EDITOR. Editor S. A. Brown, of Bennettsville, S. C., was once immensely surprised. "Through long suffering from dyspepsia," he writes, "my wife was greatly run down. She had no strength or vigor and suffered great distress from her stomach, but she tried Electric Bitters which helped her at once, and, after using four bottles, she is entirely well, can eat anything. It's a grand tonic, and its gentle laxative qualities are splendid for torpid liver." For indigestion, Loss of Appetite, Stomach and Liver troubles it's a positive, guaranteed cure. Only 50c at Geo. A. Harding's.

There is a good school in Willamette Falls and your children will have excellent educational facilities. Easy access is had with Oregon City over the WILLAMETTE FALLS RAILWAY with cheap fare and cars are run to accommodate the mill hands. Why not get out of town and give your children breathing and play room and thus insure their good health?
