'NEATH THE SYLVAN SPELL.

Hail to the lusty farmer who For Summer time prepares! The sun so warm, the sky so blue, The violet with its dainty hue; All join with potency anew To bid us shirk our cares. And we who from the dusty town Will haste with him to dwell, Dream of the mushrooms fresh and brown And garden produce weighting down The rustic table, where each frown Fades 'neath the sylvan spell. So down the lane the farmer flings The dust along his way, As with his wagon, void of springs, Home from the grocery he brings, In cans, the mushrooms, peas and things, Which make our hopes so gay. —Washington Star.

Damascus.

Walter Dunlap is improving slowly. Fletcher Tong went to Salem last week. Miss Janett Newell is visiting friends in Portland. Mr. Schmalley is building the Stone school house. C. R. Hunter has been on the sick list a few days. George Feathers is at home visiting his many friends. Arthur Dunlap went to Salem lately to work for some time. Mrs. George Parch is not able to be about the house yet. Quite a number have gone to the mountains after blackberries. John Elliott and family are enjoying a good time at the coast now. Pea-picking is over in this neighborhood, and is a thing of the past. Albert Derry is hauling lumber for his new house, which he will have built soon. Miss Alice Banfield, from Portland, is visiting with Mrs. Walter Smith for two weeks. A great many from here are talking of going hop-picking, providing the hop crop is good. A. W. Cook has had the Rock Creek hill graveled lately which makes quite an improvement. Miss Rosie Feathers, who has been attending teacher's school in Portland, has returned home. Mrs. Howk, Mrs. J. Tong and daughter Rachel, are enjoying an extended visit at the soda springs. The fruit crop in this part is not anything extra; more plums than apples. Apples are ripe earlier this year. Miss Lucia Barton, from Portland, has been visiting her friends for the last week. She returned home Saturday. We have had very warm weather of late. Most of the farmers are cutting their grain; all have an average crop. Brother Iros Lucas, a Dunkard minister lately from the east, has been holding meetings in the Dunkard church near the cemetery for the last week. Miss Janett Newell and Miss Barton, while out buggy-riding one day last week, had the misfortune to have a run-away. The buggy was torn all to pieces, but the girls were lucky to get out without a scratch. This makes two bad runaways lately at Damascus. Mr. Lemon, a German, lately built a new barn, which caught afire from some slashing near by which he had been burning that day. One horse was burnt to death and the other burnt so badly that he had to kill it. The total loss amounted to \$600.

Dodge.

We all got our hay in good shape for the wet weather. B. F. Bullard, of this place, has gone to Highland to work in Mr. Wallace's sawmill. He intends to move there in the near future. We had a Sunday school here two weeks. Everybody enjoyed themselves. They had songs and recitations. Every thing passed off pleasantly. Harvest is late here; from appearances it will be two weeks before we begin cutting our grain. The crops promise a good yield—the best for years. Mr. Henry Myers went to Oregon City a short time ago and brought home a Frau. They are enjoying their honeymoon in good shape by staying at home. Mr. Hash, of the Douglass settlement

was here last week looking for a place to make a permanent home. He found a place that suited him. I think he will purchase it.

There are two or three improved or partly improved places, 30 or 40 acres, that can be bought reasonable. Send us settlers with families. Don't want old bachelors.

Mr. Mendell, of or near Oregon City, is here looking after his place. He intends to build a new barn. It looks as though this isolated locality has struck a boom. Let it come; we need it.

Mr. Frank Busch, of Oregon City, has bought the Swick place and has just completed a house on the place and a family will move in this week. From what information I can gather, we will have more families added to our population.

My Hair

"I had a very severe sickness that took off all my hair. I purchased a bottle of Ayer's Hair Vigor and it brought all my hair back again."

W. D. Quinn, Marseilles, Ill.

One thing is certain,—Ayer's Hair Vigor makes the hair grow. This is because it is a hair food. It feeds the hair and the hair grows, that's all there is to it. It stops falling of the hair, too, and always restores color to gray hair.

If your druggist cannot supply you, send us one dollar and we will express you a bottle. Be sure and give the name of your nearest express office. Address, J. C. AYER CO., Lowell, Mass.
