

CORRESPONDENCE

Our correspondents will please send in articles before Wednesdays of each week, otherwise it reaches us too late for publication.

Clarks. The weather continues fine. Threshing is all done, and we are all well pleased with the yield, some wheat averaging 45 bushels to the acre.

Stone. Bertha Sprague is on the sick list. The frame work on the creamery building is being pushed very rapidly.

Marquam. Misses Cora Jaggar and Sara Jones visited Mt. Pleasant Sunday.

Molalla. Hot, windy weather. Eighty degrees in the shade. Has summer come again? Not to feel sorrowful over the President's death is to feel as an anarchist.

Barlow. A. N. Scoggin is visiting friends at Barlow this week.

Garfield. Mrs. Sadie Anders has gone to the huckleberry patch.

the third finger, and badly bruised the little finger; the wound seems to be doing well.

Mrs. Hattie Meyer was in the hopyard last Saturday morning. About 10 o'clock word was sent to her that the threshers would be there for dinner, and she came home, got dinner for the threshing crew, and went back to the hopyard shortly after 2 o'clock.

It was with deep sorrow we learned of the death of our honored President. It seems as though death by electrocution is too good for the traitor.

Black Hair advertisement with image of a woman and text: "I have used your Hair Vigor for five years and am greatly pleased with it. It certainly restores the original color to gray hair. It keeps my hair soft."

Ayer's Hair Vigor has been restoring color to gray hair for fifty years, and it never fails to do this work, either.

You can rely upon it for stopping your hair from falling, for keeping your scalp clean, and for making your hair grow.

Mrs. H. H. Anders and the Misses Lemon called on the Misses Florence and Agnes Davis one day last week.

Several parties have sold their hogs to Gus Burnett, Egbert Foster and Noah Stingley. The three are buying together.

Mrs. Henry Anders reports one of her calves missing out of the field and fears some large varmint may have caught it, as it had a bell on and the fence was too high for it to jump over.

Mrs. H. H. Anders stubbed her foot in coming down the mountain side, and had a narrow escape, but, happy to relate, did not spill her berries, for which she had labored to pick.

When Mrs. English and Mrs. Patterson were in the huckleberry patch they got quite a scare. They built a fire by a stump, to cook dinner, when a report shocked them. By some means a cartridge had gotten into the fire and exploded. No one hurt.

Threshing is a thing of the past in Garfield. Messrs. Louis Palmateer and Wilbur Wade housed their threshers on the 11th, while Sam Youen and sons finished on the 14th, with everyone well pleased with the work done by both machines, and hoping to have a larger job of threshing to employ the same men again next year.

Fruit of all kinds is fine and large. The four large dryers of Garfield have engaged all that they can handle, and some orchards will have to be left without drying, for want of dryers to handle the fruit.

There have been several accidents to various residents of Garfield the past few days. Henry Palmateer had the misfortune to get his hand torn by a cylinder tooth while removing the concave of the separator. Mr. Halder got his thumb caught on the brake while he was lifting on the hind wheels of the separator wagon. It bursted the thumb in two places, making a painful wound.

Miss Edith Behanna's friends will be pleased to hear that she is recovering from the accident that befell her in the hop yard a week ago. She was taken to her sister's, Mrs. F. C. Brown, by J. W. and Mrs. R. R. Thomas. The patient was bedded in a hack, with mattresses and pillows, and stood the 19 mile drive in three and three-fourths hours quite well, and we trust, under a kind sister's care, that Edith will soon be about again.

John Labor met with a painful accident last Thursday, while unloading some straw at his barn. His hand was caught in the pulley of the fork, cutting off the joint of the middle finger, a piece with nearly half the nail off the side of

Prune picking will soon commence. Mr. Loyd Looney was seen in our midst Sunday.

Mr. Ralph Lemon returned home from Damascus, Sunday.

Mrs. Kate Irvin was the guest of Mrs. Emma Anders Tuesday.

Mrs. Martha Davis was the guest of Miss Lucretia Lemon, Sunday.

Mr. Charley Miller returned home from Eastern Oregon last week.

Willie Davis returned home Thursday from Eastern Oregon, where he has been at work all summer.

Quite a number of hunters passed through Garfield last Tuesday, on their way to the mountains.

Harvesting is over, and many of the young people, tired and worn out, are seeking recreation in the mountains.

last Friday evening. He resumed his work Saturday morning, feeling much the better for his trip.

The Garfield Young People's Social club will reopen Friday evening, Oct. 4th. All members are requested to be present. There will be election of officers, refreshments will be served and a good time is expected. Don't forget the date.

Mr. Tracy Refutes the Charge Against Him Made by a Portland Paper.

Editor Enterprise: While in your city last Saturday I learned of a vile attack made upon me by the Evening Telegram of Friday evening, Sept. 13th, 1901. I had intended to answer that vile slander in full so that it would appear in your paper of this week, but owing to not being able to see a certain party when in town I intended to go back on Tuesday of this week; but fire broke out on my premises Monday afternoon, and I have been fighting fire ever since. I write this to let my friends know that I don't propose to let such a vile attack as that go by unnoticed by me.

Death of James Bailey. James Bailey, an old settler of Eagle Creek, died at 11 o'clock Wednesday at the residence of his cousin, Mrs. Sol Inel at Clackamas Station, aged 65 years. He came to Oregon from Michigan in 1862 and has resided in Clackamas county ever since. His wife and only child died many years ago. During his last illness he had the kindest attention from relatives and friends. The funeral will be held from his old home in Eagle Creek at 12 o'clock today. Services will be conducted at the grave.

Death of Mrs. Susanna Carlson. Mrs. Susanna Carlson, wife of John Carlson, peacefully breathed her last at her home in Colton, Oregon, last Monday afternoon. Her age was 40 years, seven months and 19 days. She was married 29 years ago last November and has given birth to 12 children, 11 of whom remain to mourn their loss. Joseph, of Washington; Mrs. Lighthizer, Mrs. Jennie Hagion, of Portland; Harry, of Wyoming; Minnie, Christiansen, Oscar, Clara, Frederick, Gertrude and Lillian, of Colton.

Mrs. Carlson has been a sufferer for 30 years and has endured her pain with patience. She was a faithful wife, a loving and devoted mother. Her husband and all her children were with her to the last, with the exception of Joseph and Harry.

WHAT DO THE CHILDREN DRINK? Don't give them tea or coffee. Have you tried the new food drink called GRAIN-O? It is delicious and nourishing and takes the place of coffee. The more GRAIN-O you give the children the more health you distribute through their systems. Grain-O is made of pure grains, and when properly prepared tastes like the choice grades of coffee but costs about 1/4 as much. All grocers sell it. 15c and 25c.

Many physicians are now prescribing Kodol Dyspepsia Cure regularly, having found that it is the best prescription they can write because it is the one preparation which contains the elements necessary to digest not only some kinds of food but all kinds and it therefore cures indigestion and dyspepsia no matter what its cause. Geo. Harding.

Might Be Out of Debt. "My case is peculiar," remarked the letter B. "How so?" chorused the other letters of the alphabet. "Well, when it comes to making 'boo'dle', I always lead, and, you will notice, there is absolutely no reason why I should!" —Exchange.

Bird-Shot For Tiger.

No use to hunt tigers with bird-shot. It doesn't hurt the tiger any and it's awfully risky for you.

Consumption is a tiger among diseases. It is stealthy—but once started it rapidly eats up the flesh and destroys the life. No use to go hunting it with ordinary food and medicine. That's only bird-shot. It still advances. Good heavy charges of Scott's Emulsion will stop the advance. The disease feels that. Scott's Emulsion makes the body strong to resist. It soothes and toughens the lungs and sustains the strength until the disease wears itself out.

Send for free sample. SCOTT & BOWNE, Chemists, 409 Pearl St., N. Y. 90c and \$1.00 all druggists.

Charles Miller was a welcome visitor in Garfield and Millovia. He has been to Ione to harvest.
