County Finances.

In another column we print the Financial Statement of the County up to October 1, 1901. The officers making these reports are none of them republican, The Courier-Herald said two weeks ago that the County debt was \$200,000. According to the official statement above referred to the net debt of Clackamas County is \$131,208.491, only about \$70,000 less then the Courier-Herald would make you believe. The amount of County Warrants now outstanding and unpaid is approximately \$10,000 less than it was six months ago. The Courier-Herald must be proud of its financial ability.

Elections for Governor and other state officers are to be held on that day in Iowa, Massachussetts, New Jersey, Ohio, and Virginia. Nebraska will elect a Supreme judge and regents of the state university, Pennsylvania a state treasurer and judge of the Supreme court, and Maryland members of the State Legislature.

In Ohio, Governor Nash is a candidate for re-election on a strong Republican platform, touching both national and state issues. He is opposed by Colonel Kilbourne on a platform ignoring Bryanism. The assassination of President Mc-Kinley eliminated from the campaign in his own state the extreme anti-expansion elemen . Mr. Lentz and others, who were so abusive in 1900, have been silenced. The campaign has been a quiet one, but it is believed that the Republicans, instead of being indifferent, elected by the majority of two years ago.

In Iowa the Republicans are united, in spite of the efforts of the extreme Prohibitionists and Democrats to work up sentiment against the Republican candidate for Governor. The platform is of the stalwart order, on the line of President McKinley's speech at Buffalo, while the Democratic platform was not received with favor by the Populistic branch of the party.

In Pennsylvania the Democrats ignored national issues and every state issue except that of reform in the Legislature. An attempt is to be made to unite the Democrats and bolting or independent Republicans, but the party issue is squarely drawn, and certainly the Republicans will be as much inclined to stand by a distinctly national platform in 1901 as in 1900.

In Maryland the issue is between Gormanism and Republicanism. Senator They make pure blood and build up your secure control of the Legislature, and the Democrats have announced that if they control the Legislature they will proceed to disfranchise the negroes. On Legislature, they hope to deal a death blow to Gormanism in the state.
