LADIES GYMNASIUM CLASS.

Growing in Numbers and Has Good Prospects at the Y. M. C. A.

The Ladies' Gymnasium class met again Tuesday evening, with an unusually large attendance for a starter, and is expected to grow in number in the next few weeks. All present were given their first lesson in physical culture. Those wishing to join this class are urged to do so at once as its first class nights will be given up to preparation for the regular class work. The Association will be pleased to welcome any ladies who may wish to come as spectators. Next Saturday morning a class will be organized for young ladies between the ages of fourteen and twenty years. This class will meet but once a week and is intended especially for those who attend school, however, if there are any others who wish to join, they may do so. The Association gave its first free entertainment of the season last Saturday evening. The members' parlors were thrown open to the members and their lady friends for a social time. After a short program of songs by Mr. Loder and Miss Warner, and Indian club swinging by Mr. Wilson, those present were entertained in the gymnasium. The evening class gave a short exhibition of marching, dumb bell drill and back jumping from the spring board, after which the class lined up for a small game with the medicine balls. The entertainment wound up with a game of indoor base ball between the evening and five o'clock classes. The five o'clocks were first at bat. They started off to win the game in the good old fashioned base ball style, getting a lead that the evening class could not overcome. After four innings of hard playing encouraged by friends in the gallery, the five o'clocks were declared winner by a score of 16 to 12. As each team now has a game to its credit, another game will be played to determine the winner. The militia has sent a challenge to the Association which is being considered and will probably bring the two teams together in the near future. The afternoon meeting next Sunday will be led by Rev. Mr. Grim. All men are urged to attend this meeting. Recruits for the Bible class are desired.

TAKE THE CLACKAMAS.

Timber-Driving Company Acquires Riparian Right on the Stream.

The Clackamas Development Company filed articles of incorporation in the county clerk's office Friday. The incorporators are D. C. O'Reilly, Dan J. Moore, Sidney Smyth, Harry Howard and John C. Ainsworth, of Portland, and Harvey E. Cross, of this city. The capital stock is placed at \$100,000. The objects of the company are to hold the exclusive right to regulate, manage and control the floating, transportation and booming of logs, lumber, timber and wood in the Clackamas river from a point where the stream leaves the Cascade forest reserve to its mouth, a distance of 30 miles. This incorporation has been under way for several months. Mr. Cross, the promoter, has secured the rights for timber on both sides of the river and paid for it. The property of the old Gladstone saw mill, owned by Mr. Cross, goes into the new corporation. About 100 yards above the Southern Pacific railroad bridge the chief improvement will be made. This will be a cement dam, 12 feet high and will be built across the river at a cost of \$10,000. The dam will be provided with sufficient fishways to conform with the requirement of the Fish Commission, and these necessary arrangements have already been made with Master Fish Warden Van Dusen. The capacity of the water-power will be 1350 horse-power. The work of improving the Clackamas will be commenced immediately, but it cannot be completed before the low water next season, when the dam across the river will be constructed.

When we are placed with the Astland Tidings, Baker City Republic, Oregon City Enterprise, McMinnville Reporter, Roseburg Review and others of that class, we have a right to feel complimented.
