Aims

Christmas has come and gone again, and the only winter blasts which we have felt are those which are brought from abroad by the newspapers. Grass is still fresh and green. Will the people in the East believe this? If not, let

Stop the Blight

It is a sad thing to see fine fruit trees spoiled by the blight. You can always tell them from the rest. They never do well afterwards but stay small and sickly. It is worse to see a blight strike children. Good health is the natural right of children. But some of them don't get their rights. While the rest grow big and strong one stays small and weak. Scott's Emulsion can stop that blight. There is no reason why such a child should stay small. Scott's Emulsion is a medicine with lots of strength in it—the kind of strength that makes things grow.

Scott's Emulsion makes children grow, makes them eat, makes them sleep, makes them play. Give the weak child a chance. Scott's Emulsion will make it catch up with the rest. This picture represents the Trade Mark of Scott's Emulsion and is on the wrapper of every bottle. Send for free sample. SCOTT & BOWNE, 409 Pearl St., New York. 50c and \$1. all druggists.

them come and see for themselves. G. R. Pally and Harmon Finch are repairing the old Pally mill with the view of cutting ties this winter. Peter Wilhelm was in our midst yesterday. T. C. Mr. Robert Howard and Miss Eveline Taylor, Mr. Joseph Howard and Miss May Taylor, were united in the bonds of holy matrimony by Rev. Thomas Cowling, of Troutdale. The wedding march was played by Prof. Wm. D. Thomas, of Aims. After a sumptuous dinner was partaken of, the evening was spent with music and dancing. Mr. Taylor's motto is "Eat, drink and be merry." The young people will probably reside at Southbend, Washington. We extend our congratulations to the contracting parties and wish them all the good luck possible.

Mrs. Cassie Farrel, of Portland, was visiting her parents, Mr. and Mrs. W. O. X a few days last week. Her brother Fred returned with her to spend Christmas.

Hair Falls

"I tried Ayer's Hair Vigor to stop my hair from falling. Each half a bottle cured me." J. C. Baxter, Braidwood, Ill. Ayer's Hair Vigor is certainly the most economical preparation of its kind on the market. A little of it goes a long way. It doesn't take much of it to stop falling of the hair, make the hair grow, and restore color to gray hair. \$1.00 a bottle. All druggists. If your druggist cannot supply you, send us one dollar and we will express you a bottle. Be sure and give the name of your nearest express office. Address, J. C. AYER CO., Lowell, Mass.

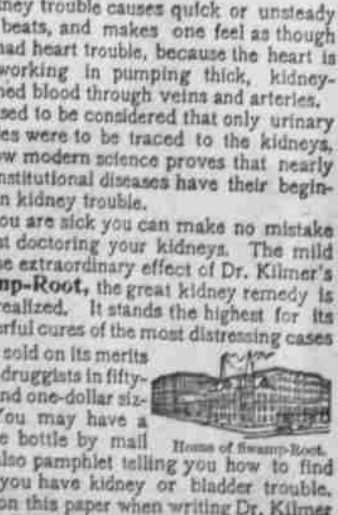

The Christmas tree at the M. E. church was well attended and the short, though interesting, program was appreciated by those present. Old Santa, who made his appearance at the close of the literary program caused much merriment for the children. Harry Mosher finished his term of school at Garfield on the 31 and returned home from the holidays. He spent Thursday and Friday visiting with Chas. The following officers were elected for the coming year: Superintendent, Edgar Brock; assistant superintendent, Harry Mosher; secretary, Willie Stone; assistant secretary, Ora Wilcox; treasurer, Mandie Stone; librarian, Mrs. E. Brock; assistant librarian, Fred Pierson; teachers, Wm. Stone, Louis Funk and Miss Stone. Organists remain as before. Immediately after their own pastor, assisted by Rev. Dunlap, of Canby, will commence a series of meetings. The members of the church have made arrangements to have a shed built to hitch horses under so those coming to the meetings will not have to leave their horses standing out in the storm.

Barlow

Master Merritt Freeman is on the sick list today. It will pay you to investigate the free dish plan at Freeman's. Will Jesse, from Spokane, Wash., expects to make Barlow his future home. Mr. Williams started his plow today. He says he is going to raise 80 acres of spuds this year. Owing to busy times, the Barlow correspondent failed to show up but we won't do it any more. Mr. Susbauer and family, from Washington, are visiting their parents, Mr. and Mrs. Chas. Schmitt. Jimmy McGill, John Gohue and August Dolmais were taking in the sights in Barlow the thirty-first of December. We have word from our old home in South Dakota that the thermometer is down 40 degrees below zero and still going lower. Here in Barlow we have to use a fan to keep cool these days. We had a Christmas tree in Barlow. It was a grand success. Our teacher, Miss Mary Barlow, should have great credit for the way she had the school children trained to perform their parts in the exercises. The Barlow Euchre Club gave a party in Columbia Hall December 31, in honor of the old and new year. Games were indulged in until about 11 p. m., when Grandpa Barlow said it was time to go.

Over-Work Weakens Your Kidneys

Unhealthy Kidneys Make Impure Blood. All the blood in your body passes through your kidneys once every three minutes. The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble. Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries. It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble. If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail. Home of Swamp-Root, free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

home; but when he beheld a 40-foot table loaded down with everything good to eat—such as cake, pie, sandwiches, etc.—he agreed to stay another hour without much coaxing. After doing justice to the cake and coffee, the whole party tried to see who could make the most noise with cow bells, horns, tin pans and everything to make music. Well, the old year was put out and another put in and still the world moves on. Music and songs and stump speeches occupied the remainder of time. Suffice it to say the party broke up towards morning.

Lost, strayed or stolen, from the premises of the undersigned, one lame turkey. When last seen she was in D O Freeman's barn. A large reward is offered for her recovery. W. B. TULL.

Garfield. Millard Sarver enjoys Portland shampoos.

John and Aleck Irvin and Mike Haberlein have returned to their respective homes for the Christmas vacation.

It is said that there will be a double wedding on New Year's day. We are wondering who are to be the happy ones.

The teachers of this community are making arrangements for holding a teachers' institute at Currinsville the third Saturday in January. A good program is being prepared.

Mr. Richard Davis and Miss Dolly Lemon, both of Garfield, were married Christmas day at twelve o'clock, noon, at the home of the bride, the Rev. J. Moore, elder of the Christian Church, officiating. The bride and groom are respected young people who have grown up in this community. Mr. Davis was born in Wasco County, Oregon, and is twenty-two years of age. Mrs. Davis was born in this county and is about nineteen years of age. It was a quiet wedding, only relatives and intimate friends of the contracting parties being present. All join in wishing them a long and happy life. The bride and groom left on the morning of the 27th for their honeymoon trip to La Canas, Washington. When they return they will take up their abode at the former home of the bride, where they will be at home to their friends. On the evening of December 26th a dinner party was given in honor of the bride and groom at the home of the bridegroom's parents, Mr. and Mrs. William Davis. An excellent dinner was served and was much enjoyed by all. The young people played games and had a very enjoyable time. Those present besides the host and hostess were: Mr. and Mrs. J. J. Davis, Miss Mary Lemon, Mr. and Mrs. Fred Davis, Mr. and Mrs. Thomas Huxley, Mr. and Mrs. H. A. Anders, Mr. and Mrs. Chas. Duncan, Mr. and Mrs. Richard Davis, Mrs. Monroe, Rev. J. Moore, The Misses Lucretia Lemon, Florence Davis, Agnes Davis, Ethel Jones, May Haxley, Cora Youn and Leona Krighbaum, The Messrs. Wm. Davis, Jr., Horace Davis, Herman Davis, Walter Lemon, Ralph Lemon, E. C. Hoffman, Lloyd Youn, Archie Youn, F. M. Gill, Millard Sarver, Marion Davis and Miss Jessie Curran, and Mr. and Mrs. Lee Willa.

Stone. School District No. 30 levied a 22 mill tax. Mark Sprague is very sick at this writing. J. L. Mumpower made a business trip to Portland one day last week. Postmaster at Stone is taking a vacation this week. Frank, Charley and Mrs. J. Hatton are visiting their sister, Mrs. C. Dart, of Molalla, this week. George and Will Stewart have just returned from California where they have been working the past summer.

For some reason, the Enterprise did not reach Stone postoffice last week. There is a new bell on the church at Stone, which was purchased of Montgomery & Ward Co., for \$9.50 less than it could be bought in Portland. Clear Creek Creamery is on a boom; nearly everybody is going into the dairy business. W. P. Kirehem, the president of the company, is doing good work—the right man in the right place. John Page, of Gladstone, with a crew of men, is putting in a new bridge across Hatton Creek near Stone. The Clear Creek Star Literary and Debating Society met last Saturday night and made a permanent organization. The question for January 4 is, Resolved, that the press has done more for civilization than the pulpit.

Mr. McMurry lost a number of ducks that took a trip down the river of late. Charley Smith drove some piling down the Clackamas lately, but, owing to the high water, it was not a pleasant task. Our teacher is giving general satisfaction so far as we have been able to learn, and the children are learning well. Arthur Cliff has been "coal pitting" some stumps. This seems to be quite a successful method of removing stumps. Mr. Scott has moved to his newly purchased farm in Washington. Our loss will be their gain. The place vacated is open to some good renter. Tom Watts has been hauling wood to town this winter and bringing back loads of manure. He intends trying to grow some onions the coming season. He is working hard and deserves success.

Milwaukie. Born, to A. M. and H. Mullen, a boy, on Christmas day. The Woodmen Hall is getting along very nicely. They have the sheeting nearly all on. The first coat of paint has already been put on. The bicycle path on the Milwaukie road is getting in very bad shape and unless repairs are soon made there will be little left of it by next spring. In several places the path is impassable. Toward the last of the summer some gravel was put on it, but as soon as the rain came it sank into the mud. The masquerade ball at Milwaukie was a great success in every way. The dance broke up at three o'clock and supper was served at twelve. First prizes were awarded to the best dressed couple which were Mrs. A. H. Dowling and Mr. Ira Baxter. They received an ash tray and a heliotrope box consisting of soap, perfume and satchet powder. The second prizes were awarded to the best sustained characters, which were Miss May Oliver and Mr. Bert Blue. The prizes were a lady's purse and an ink stand. The couples unmasked at 10:30.

REMARKABLE CURE OF CROUP. A Little Boy's Life Saved. I have a few words to say regarding Chamberlain's Cough Remedy. It saved my little boy's life and I feel that I cannot praise it enough. I bought a bottle of it from A. E. Steers, of Goodwin, S. D., and when I got home with it the poor baby could hardly breathe. I gave the medicine as directed, every ten minutes, until he "threw up" and then I thought sure he was going to choke to death. We had to pull the phlegm out of his mouth in great long strings. I am positive that if I had not got that bottle of cough medicine, my boy would not be on earth today.—JOEL DEMOST, Inwood, Iowa. For sale by G. A. Harding, Druggist.
