## 12 Minutes for Lunch.

That is the average time spent in a large city restaurant by three thousand lunchers. It takes three hours to digest a fresh egg soft-boiled; three hours to digest a boiled apple dumpling; three hours to digest fresh roast beef. In fact, three hours is about the time required to digest the average twelve minute lunch. The object of the hasty lunch is to let the busy man get back to his office work. But when the brain is active, the stomach is inactive for lack of necessary blood. The natural consequence is indigestion, and indigestion opens the door to many diseases.

Indigestion is cured by the use of Dr. Pierce's Golden Medical Discovery, which cures diseases of the stomach and other organs of digestion and nutrition, and enables the perfect digestion and assimilation of food.

"It is with heartfelt gratitude that I send this testimonial which I wish you to publish with my name and address," writes Mr. Willis Seaman of Washingtonville, Orange Co., N. Y. "I had stomach trouble from childhood and suffered with it more or less as I grew up. At the age of 20 I was broken down with dyspepsia. My suffering was terrible. Could not eat without distress. Could only eat a few certain things and was not able to work half the time. Every thing I tried only gave me temporary relief. My wife finally persuaded me to try Dr. Pierce's Golden Medical Discovery and 'Pleasant Pellets.' I took six bottles of the 'Golden Medical Discovery' and two of the 'Pleasant Pellets.' I then felt so well that I stopped taking medicine. Several months have passed and I can do the hardest kind of work, can eat anything that is set before me and enjoy it. I am 27 years old and this is the first time I have ever been well."

Free. Dr. Pierce's Common Sense Medical Adviser in paper covers is sent free on receipt of 21 one-cent stamps to pay expense of mailing only, or 31 stamps for cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

The United States supreme court today refused to interfere in the case of Captain Oberlin M. Carter. The decision was rendered in the proceedings instituted by Captain Carter for the purpose of securing a writ of habeas corpus that would release him from prison at Leavenworth, Kan.

Wednesday, January 8.

Debate on the Nicaragua canal bill opens in the house. The proposal of the French company to sell the Panama canal for \$40,000,000 is delaying the measure.

J. N. Williamson, of Prineville, Crook county, announces his candidacy for congress to succeed Moslem A. Moody. He says that he yields to what he is assured is the wish of many friends in different sections of the state.

Many congressmen object to the Chinese exclusion bill as being too drastic and will fight against it. Mitchell's amendment to the Philippine tariff bill is probably doomed. The fact that the Administration seems to favor the Dingley rates hampers any republican in trying to secure a reduction. This, in the face of the recommendations of the Philippine Commission, is hard to explain, but the attitude of the president and secretary of war does much to sustain the republican senators who are determined to treat the Philippines as foreign territory in tariff legislation.

Thursday, Jan. 9.

Gorman is selected by the Maryland democrats caucus for United States senator.

## MRS. HULDA JAKEMAN

Wife of President Jakeman of Elders of the Mormon Church, Salt Lake City, Utah, Recommends Lydia E. Pinkham's Vegetable Compound For Woman's Periodic Pains.

"DEAR MRS. PINKHAM:—Before I knew of Lydia E. Pinkham's Vegetable Compound I dreaded the approach of the time for my menstrual period, as it would mean a couple of

days in bed with intense pain and suffering. I was under the physicians' care for over a year without any relief, when my attention was called to Lydia E. Pinkham's Vegetable Compound by several of our Mormon women who had been cured through its use. I began its systematic use and improved gradually in health, and after the use of six bottles my health was completely restored, and for over two years I have had neither ache or pain. You have a truly wonderful remedy for women. Very sincerely yours, Mrs. HULDA JAKEMAN, Salt Lake City, Utah."

Just as surely as Mrs. Jakeman was cured just so surely will Lydia E. Pinkham's Vegetable Compound cure every woman suffering from any form of female ills.

Mrs. Pinkham advises sick women free. Address, Lynn, Mass.

## HAPPY MOTHERS

Whose Strength Equals Their Love.

Few women if any shrink from the passing pain of maternity. All they ask is to feel the child's heart beating against their own as they hold it in strong arms to the full font from which it feeds. How rarely the mother's strength keeps pace with her love every woman knows. Often the baby is laid against a breast that cannot nourish it, and folded in arms almost too weak to bear the tiny burden. The woman who is strong and whose abundant vitality enables her to nurse her child and enjoy its care is looked upon as a marvel. She is con-

sidered an exception, peculiarly and specially endowed by nature. But the real marvel is not the strong woman but the weak one. She is the exception. The strong healthy woman is nature's type. She shows what every woman ought to be and what almost every woman may be by the use of proper means.

THE OTHER TWO WOMEN.

Dr. Pierce's Favorite Prescription makes weak women strong and sick women well. The record shows that of the hundreds of thousands of women who have used "Favorite Prescription" ninety-eight per cent. have been absolutely and altogether cured. The other two women in each hundred for whom no complete cure was possible, have in general acknowledged a great improvement in their condition; headaches less frequent and less painful, backache greatly diminished; able to resume again the care of the household and take pleasure in social life. That is the general story of the two per cent. of women who had found no help in any other medicine but have by the use of "Favorite Prescription" found relief and comfort.

But think of the great army, the ninety-eight per cent., numbering hundreds of thousands of women who have been cured perfectly and permanently. No more headache, no more backache, no more monthly misery. Pain is a thing of the past. These are the women who are fit for maternity, who will have strength to give the child they bear.

"I have intended for some time to write to you," says Mrs. Eva Burnett, of Russellville, Logan Co., Kentucky, "and give a testimonial in regard to what your medicine has done for me. My baby came in July, 1899, and I had congestive chills, and lay at death's door for ten long weeks. I was in a dreadful condition and had six of the best doctors in the city. After everything had been done and I had been given up to die I asked my husband to get me a bottle of Dr. Pierce's Favorite Prescription. He had no faith in it, but he got it and when I had taken it two weeks I was able to walk to the dining room to my

meals, and by the time I had taken three bottles I was able to cook for my family of four. I can never praise Dr. Pierce and his medicine enough. I have recommended it to afflicted ladies wherever I possibly could. I know I would have been dead had it not been for your medicine.

WOMEN TESTIFY TO THIS.

Dr. Pierce's Favorite Prescription establishes regularity. It dries unhealthy humors, heals inflammation and ulceration and cures female weakness. Taken as a preparative for maternity it gives physical vigor and the mental courage which comes from a feeling of strength. It encourages the appetite, tranquilizes the nerves and induces refreshing sleep. It makes the baby's advent practically painless, and increases the flow of the nutritive secretion.

"I wish to advise the suffering women of this great land, of the good I have received from Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery.'"

writes Mrs. Mary Shappell, of Columbus Grove, Putnam Co., Ohio. "For four years I had been a sufferer from female troubles, and at times was unable to do even the housework for three in the family. I had such pains that I suffered almost death dozens of times, but after taking five bottles of your medicines I can truthfully say that my health was greatly improved. I have a good appetite and am gaining in flesh right along. This spring is the first time in five years that I have done my house cleaning all by myself and without the least fatigue whatever. I hope all suffering women

may find relief as I have done. "My gain in weight has been just ten pounds, and I am still gaining." Sick women are invited to consult Dr. Pierce by letter free. All correspondence confidentially conducted and womanly confidences guarded by strict professional privacy. Address Dr. R. V. Pierce, Buffalo, N. Y.

The offer of free consultation by letter made by Dr. Pierce is not to be classed with the misleading offers of free medical advice, made by those who have neither medical education nor experience. Anyone may offer "medical advice," but the medical advice of an unqualified person, either man or woman, is not only worthless but may be dangerous.

As chief consulting physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., with an associate staff of nearly a score of physicians, Dr. Pierce is enabled to offer to those who consult him by letter free, a medical experience and success which has no superior.

There is no alcohol in "Favorite Prescription" and it is entirely free from opium, cocaine and every other narcotic. This perfect freedom from all injurious ingredients makes "Favorite Prescription" the ideal tonic for nursing mothers and all weak "run down" women.

If a dealer tries to sell a substitute in place of Dr. Pierce's Favorite Prescription it is because less meritorious medicines pay a little more profit to the dealer. If you want to be well you want to insist on the medicine which has cured other women, Dr. Pierce's Favorite Prescription.

WHAT IT IS WORTH.

Annie Barnett, of Hilton, Flaher Co., Texas, says, "Will say I like my 'Medical Adviser' so much; it is worth its weight in gold."

He Caught the Can. The man dashed down the street or the retreating State street. Every muscle was strained, breath came in quick gasps; of moisture stood out upon head. His feet were working pedals on a bicycle. He only the ground in the more places.

Are \$25,000 Worth of. Among the many poker stories a good one is told concerning Hank, a well known player.

ester, N. Y. Hank went to play in New York city, one sat in a game, winning \$25,000, very little trouble. Then he went back to Daly in a turn shook hands with him and what was his hurry. Hank would have to go to a Duke and he knew where they played liver in a way that he paid.

"Oh, if that's all," said D stay here. We can serve the that way, and you can go playing."

Dutch Hank had left some outside waiting, but he said stay and eat the liver. He ate and played. His \$25,000 went back to Daly in a turn Hank went out without a cent.

"What kept you so long?" he demanded.

"Well, you don't suppose a eat \$25,000 worth of liver in a do you?" was the retort of Hank.

The Tempter Won. When the late Baron Nord was at Ceylon on the way to his journey along the northern Siberia, he received a telegram the Russian government asking whether he would accept from a certain decoration as an appreciation of his services to Russia.

For the famous explorer was he a member of Bjorster's son's Antidecoration club, who were solemnly pledged to accept any decoration from Nordenfjold, however, could not resist the temptation, so he replied telegram in the affirmative.

It is not hard to imagine his pointment when, upon reaching a friend of his, a high official, the following: "The Russian ment was well aware of your artistic views in regard to design and had, therefore, placed in 300,000 rubles to be paid you event of your refusing to accept insignia, but before paying it they wanted to try your firmness in certainly grateful to your failure to live up to your pledge."

The Lamps of the Sea. Many kinds of jellyfish are phosphorescent at night and present a wonderfully beautiful appearance slowly moving through the water. It is this phosphorescence which gives them the poetic title of lamps of the sea. They are beautiful in the daytime, for the species are striped or tinted being melon shaped, with fringes dividing the sections.

Mrs. Wyles—Did your husband you anything for a birthday? Mrs. Styles—Indeed he did.

"Did it have your name on it?" "Yes, and my husband's name."

"That's just like selfish men must share the gift with you."

"But he didn't."

"What was his name doled then?"

"It wouldn't have been a without it. It was a check."

What's in a Name? Voltaire under a fictitious name, referred to the Comedie Francaise entitled "Le Drot du Seigne" was promptly rejected as bad ten and poor in rhyme, but offered the same manuscript a time under the title of "Le Sage" and signed with his own was accepted with enthusiasm and was declared admirable.
