Mrs. L. A. Harris, a Prominent Member of a Chicago Woman's Political Club, tells how Ovarian Troubles may be Cured without a Surgical Operation. She says:

"Doctors have a perfect craze for operations. The minute there is any trouble, nothing but an operation will do them; one hundred dollars and costs, and included in the costs are pain, and agony, and often death.

"I suffered for eight years with ovarian troubles; spent hundreds of dollars for relief, until two doctors agreed that an operation was my only chance of life. My sister had been using Lydia E. Pinkham's Vegetable Compound for her troubles, and been cured, and she strongly urged me to let the doctors go and try the Compound. I did so as a last resort; used it faithfully with the Sanative Wash for five months, and was rejoiced to find that my troubles were over and my health restored.

When women are troubled with irregular, suppressed or painful menstruation, weakness, leucorrhoea, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, back-ache, bloating (or flatulence), general debility, indigestion, and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all-gone" and "want-to-be-left-alone" feelings, blues, and hopelessness, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound at once removes such troubles.

Clerk's Wise Suggestion.

"I have lately been much troubled with dyspepsia, belching and sour stomach," writes M. S. Mead, leading pharmacist of Attleboro, Mass. "I could eat hardly anything without suffering several hours. My clerk suggested I try Kodol Dyspepsia Cure, which I did with most happy results. I have had no more trouble and when one can go to eating mince pie, cheese, candy and nuts after such a time, their digestion must be pretty good. I endorse Kodol Dyspepsia Cure heartily." You don't have to diet. Eat all the good food you want but don't overload the stomach. Kodol Dyspepsia Cure digests your food. Geo. Harding.

A DARK OUTLOOK

FOR THE YOUNG MAN WITH WEAK LUNGS.

Time and again we see young men just arriving at their legal majority, or having barely passed it, suddenly stopped in a career full of promise.

Disease has laid its hand on the lungs! He who never took a thought for himself must be careful now. He must be careful about food and drink, careful about his clothing and his exercise. No more late hours or night air. No more athletics. His lungs are "weak." He has an ominous cough. He has fallen away in flesh.

When that cloud of consumption falls on a young man's life it darkens every-

thing. The words of love die unspoken on his lips. He cannot speak now to the girl he hoped would share his future. Middle aged men that have been under that cloud remember it still with a shiver. But the important fact is that there are men who were once in danger from "weak" lungs who have grown strong again, married and brought up healthy families.

HOW IT HAPPENED.

There is no chance about such cures. If only a few persons had been benefited, it might be said that they had exaggerated their danger or had only been suffering from some common ailment. But when the cured are numbered by thousands; when the doctor's diagnosis was consumption; when every symptom bore out that diagnosis—weakness, emaciation, bleeding of the lungs—and these sufferers were perfectly and permanently cured by the use of Dr. Pierce's Golden Medical Discovery, it must be concluded that these cures are not of chance, but due to the healing power of a great remedy, for coughs, weak lungs, bronchitis, and like diseases, which if neglected or unskillfully treated, find a fatal termination in consumption.

"I beg to state that I have used three bottles of Dr. Pierce's Golden Medical Discovery since my correspondence with you," writes Mr. A. F. Novotny, of New York, N. Y. (Box 1437). "I feel that I am in need of no more medical assistance. When I started to take your medicine I had a regular consumptive cough, of which I was afraid, and everybody cautioned and warned me concerning it. I was losing weight rapidly, was very pale and had no appetite whatever. Now my condition is changed entirely. I do not cough at all, have gained eight pounds in weight, have recovered my healthy color, and my appetite is enormous. In conclusion I beg to state that I can and will recommend your medi-

cal Discovery to everybody who may be of the same, as it is a sure cure, and as are most other patent medicines is far superior to all similar ones.

GRATITUDE WILL NOT CAN'T STILE IT. To that I add that there is so great a money to the remarkable testimony which no one can testify indubitably and it comes from people of all conditions, but in many cases who have found a cure in "Discovery" when other failed to help, and often when had pronounced the sufferer "I took a severe cold which the bronchial tubes," writes Hay, of Nortonville, Jefferson, "After trying medicines, Cure," almost without success to try Dr. Pierce's Golden Medical Discovery. I took and was cured. "When I had the great pain I had, and the term had, it seems a miracle that I was relieved.

"That God you many years andly bless you of your grateful There is no evidence in almost testimonials, actual disease, and its positive evidence is loss of flesh, wasting disease, and is flesh which may be the use of ical Discovery

was a burden to me, and hundreds of dollars under my weight, I was dying by inches, only 131 pounds. In two I commenced your treatment of both troubles, and in a weighed 170 pounds and health. I have never felt symptom of either since. A five years old and in perfect weigh 160 pounds. No more pay you for what you did for not return to the condition October, 1873, for Rockefeller. There is no alcohol in "ical Discovery," and it is opium, cocaine and all other. Accept no substitute for ery." Speaking by the medicine, there is nothing good" for those who are weak lungs.
