# Stop the

It is a sad thing to see fine fruit trees spoiled by the blight. You can always tell them from the rest. They never do well afterwards but stay small and sickly.

It is worse to see a blight strike children. Good health is the natural right of children. But some of them don't get their rights. While the rest school to attend singing school at Dover, grow big and strong one stays small and weak.

Scott's Emulsion can stop that blight. There is no reason why such a child should stay small. Scott's Emulsion is a medicine with lots of strength in it-the kind of strength that makes things grow.

Scott's Emulsion makes children grow, makes them eat, makes them sleep, makes them play. Give the weak child a chance. Scott's Emulsion will

make it catch up with the rest.

your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected

kidney trouble.

Kidney trouble causes quick or unsteady neart beats, and makes one feel as though they had heart trouble, because the heart in over-working in pumping thick, kidneypoisoned blood through veins and arteries.
It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their begin-

ning in kidney trouble. you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized.
