HANDSOME CALENDAR.—The Enterprise is in receipt of a 1902 calendar from the Portland firm of Fisher, Thorsen & Co., dealers in paints, oils etc. The calendar far eclipses anything we have seen in the calendar line this year. The portrait of a woman adorns the card and the design is called "carnations." The firm is to be congratulated upon its astuteness in supplying to the public a calendar of this kind.

RESIGNED AFTER 13 YEARS.—John W. Mackay, who has been employed in the Willamette Pulp & Paper Company for 13 years as millwright, resigned his position Tuesday and with Harry Jones and George Shipley has purchased a sash and door factory in Portland, on the East Side near the Morrison street bridge. SCHOOL MEETING MONDAY.—A meeting of the voters of Oregon City school district has been called for next Monday evening for the purpose of discussing the advisability of constructing two additional rooms on the Barclay school building. The schools are in a very crowded condition this year and while it is not the expectation of the directors to have to have the new rooms ready for occupancy before next September, it is considered advisable to arrange the matter of construction at once, in order that active work may begin at the end of the June term. The board of directors will also present a proposition to the voters to bond a portion of the floating indebtedness. The district is now paying eight per cent interest on its indebtedness and could save a great deal of money by bonding a part of it at five or six per cent interest. It has been stated that there is an intention on the part of the directors to have space fitted up in Shively's Opera House for two school rooms. This would be much cheaper.

WON BOTH GAMES.

Oregon City Beat Portland Y. M. C. A. at Basketball and Indoor Baseball.

Oregon City carried off the honors at the Y. M. C. A. gymnasium last Friday night in both basketball and indoor baseball games. The basketball game was played between the Portland Y. M. C. A. Juniors and the local men, and resulted in a score of 8 to 1 in favor of Oregon City. At the end of the first half Oregon City led with a score of 1 to 0. From the start the game was hard fought and it could easily be seen that the score would get to be large. The boys from both teams had been in training for the past two weeks and a close game was naturally expected. At the beginning of the second half the local team took a brace and set a pace that was too hot for the Portlanders. Gantenbein made the first field goal by a well directed throw from near the center of the field and later in the game, Allan Cooke, who all through the game played fast and steady ball, succeeded in throwing another field goal. Charman, whom threw from the foul line, scored twice out of three throws. Captain Kidd, of the Portland team scored the only point for the visitors, which prevented a shut out. This game was Captain Muir's first appearance since he broke his collar bone in a game about two months ago, and he put up his usual good game. Wilson at center deserves credit for his work against Livingston, who is a Senior playing on the Portland Junior team. Charman and Gantenbein are entitled to additional credit for their fine work at guard. The line up follows:

Portland Oregon City
Kidd forward Muir (Capt)
Pugh forward Cooke
Livingston center Wilson
Neth guard Charman
Harrison guard Gantenbein
Referee, H. E. Wilson; umpires, Mackie and Smith.

At the outset of the indoor baseball game between the Seniors it looked as though Portland would win. They gained a lead in the second inning, but in the fifth inning the home team tied the score, and took a lead in the next inning which they increased as the game progressed. An excellent game was put up by both sides and team work was more in evidence than individual playing. The enthusiasm of the crowd aided the home team. The local aggregation went into the game with a determination to win, as this was the third game of the series, each team having won one game. The players and their positions were:

Portland Oregon City
Barrell C. Califf
McKenzie P. D. Williams
Bush LSS. Latourette
Smith RSS. A. Williams
Vigors 1B. Wilson
Ringler 2B. Meldrum
Shockley 3B. Freytag
Vinson LF. Lee
RF. Gantenbein

Score by innings— 0 1 1 2 0 3 4—12
Portland 0 3 1 1 0 1 0—6
Umpires, Charles Mackie, of Portland and E. Califf, of Oregon City.

Over 200 people saw the games, and the financial results of the evening were the best this season. The next games have been scheduled for Monday, March 3, at Portland. This will be the fourth of the series of six games that were arranged at the beginning of the season between the Junior basketball teams and the Senior indoor baseball team.

Return Game at Portland Tomorrow.—The Senior indoor baseball team of the Y. M. C. A. goes to Portland next Saturday evening to play a return game with Battery A. O. N. G. The first game was played in Oregon City and resulted in a victory for the home team being a score of 24 to 15. The Oregon City contingent expects to experience some difficulty, as in the Portland Armory, where the game will be played, a larger diamond and a smaller ball is used than

the team has been accustomed to in the local gymnasium. The members of the team have been practicing diligently during the week and expect to win out in spite of the adverse conditions, which they expect to overcome by superior team work.

An Evening Of Pleasure.

The concert at the M. E. Church last evening was well attended and was a grand success, says the Albany Herald of last Saturday. The singers, Miss Mary Case and Mrs. Kathrine W. Pope, were given an ovation seldom accorded to musicians. The sweet singers were applauded without stint and every number was encored. Miss Case, who has recently returned from the East, sang with the zeal and ease of the true artist, which she is, her wonderful voice and charming personality carrying the audience with her in the different moods, first gay and cheerful, infusing a fire and life into them almost beyond description and then swaying them to the sad and tearful side. She is possessed of a delightful contralto voice ranging over three octaves, giving her a place held by few, if any, contralto singers before the American public today. She has received praise and encouragement from many of the leading musicians, and she is certainly deserving of it. Mrs. Pope has a sweet soprano voice, bright, clear and perfectly true. She was heartily applauded. The program was as follows:

- A May Morning..... Denza
- Miss Mary Case.
- The Swallows..... Cowen
- Mrs. Kathrine Warde Pope.
- (a) O, Mother Mine..... Norris
- (b) Night.....
- (c) Morning..... Neidlinger
- Miss Case.
- O, Tell Us, Merry Birds..... White
- Miss Case and Mr. Hammer.
- (a) At Parting..... Rogers
- (b) A Dream..... Bartlett
- Mrs. Pope.
- O, Rest in the Lord..... Mendelssohn
- Miss Case.
- At Parting..... Neidlinger
- Mrs. Pope and Miss Case.
- Accompanists, Mrs. Winnard and Mrs. Ketchum.

Albany will look forward to another musical treat by these ladies in the near future and they can be assured that a crowded house will greet them.

UNCLE TOM'S CABIN COMING Will Appear at Shively's Opera House, Thursday, March 6.

The only dramatic century plant from which flowers are always being picked, if one can pardon the anachronism, is "Uncle Tom's Cabin." Things may come and things may go, but this moving tale of slavery days goes down the corridors of time forever.

The Stetson Company bears the reputation of a rare avie among the productions of this drama and wins the very highest commendations. It is said to dwarf the other productions of this play as the Himalayas dwarf a mole hill. In Manager Washburn's production, it is almost a new play, so modern and up-to-date are the various accessories to its successful presentation.

The play is presented by an excellent company, perfectly adapted to the demands made upon each, and the six acts of the drama is said to move as smoothly and impressive as a motor pacer.

"The Uncle Tom's Cabin" production is worth seeing and will give a delight to old and young, to those who have seen it and to those who have not.

Stetson's is a remarkable revival of a reliable classic. The house is sure to be filled on March 6 at the Shively's opera house by those who wish to refresh their memories as well as those who delight in a fine dramatic offering.

Between the acts, special high class vaudeville acts will be introduced. The parade is said to be the grandest ever given by any theatrical company anywhere.

Something That Will Do You Good.

We know of no way in which we can be of more service to our readers than to tell them of something that will be of real good to them. For this reason we want to acquaint them with what we consider one of the very best remedies on the market for coughs, colds, and that alarming complaint, croup. We refer to Chamberlain's Cough Remedy. We have used it with such good results in our family so long that it has become a household necessity. By its prompt use we haven't any doubt but that it has time and again prevented croup. The testimony is given upon our own experience, and we suggest that our readers especially those who have small children, always keep it in their homes as a safe guard against croup.—Camden (S. C.) Musical Sensations in Surgical Anesthesia.

A Paris dentist, Drossner, has discovered that while his patients succumb to the influence of an anesthetic, he has noticed that the hallucinations were invariably connected with the sounds from the street below. The auditory sensations seem intimately connected with the anesthetic sleep, and the idea occurred to him to substitute for the discordant, terrifying sounds of the street harmonious musical sounds. He arranged a graphophone with a receiver for each ear. As the patient took his seat, the receivers were placed in his ears, and the nitrogen gas administered. He could hear nothing but the music. The operation over, the patient is aroused with none of the hallucinations from the street noises, but calm and cheerful as before, saying that he heard nothing but the music.

This ingenious device is certainly a definite advance on the part of the anesthetist. Not only can it be used in the case of the temporary anesthesia of nitrous oxide gas, but it can be called into action in ether and chloroform narcosis. It is a common experience that one of the most disagreeable features about the taking of an anesthetic is the terrifying noises heard by the patient. These can all be avoided by using a graphophone. It was pointed out to the Academy of Medicine of Paris that the general anesthesia may be begun with nitrous oxide gas, using the graphophone, and then the anesthetic state kept up with ether or chloroform. This procedure certainly robs the patient of a most painful part of the anesthesia, and should be practiced wherever practicable. The French dentist who first advocated it is certainly a resourceful man. The procedure may seem a refinement to some, but it certainly will win the gratitude of those who suffer so much from the auditory hallucinations of anesthetization.
