

Oregon City Enterprise

New To-Day.

SALE OR TRADE.—A PAID-UP share in an Eastern Correspondence Business College. For particulars write Box 35, Oregon City.

LANDS WANTED FOR SALE.—I wish to increase my list of desirable real estate for sale. Expect to engage largely the business and have special facilities obtaining purchasers. Twenty-five years experience in selling lands in various counties. H. E. Cross, attorney at law.

MONEY TO LOAN AT 8, 7, AND 6 PER CENT. Fair security. U'Ren & Porell.

RENTALS—\$1000.—QUARTER BLOCK of good seven room house with pantry, and patent water closet connected with sewer; one block south of Shively's, corner Sixth and Madison streets. Title of owner, Mrs. D. L. CROUSE, E. Harrison St., Portland, Ore.

EDGES & GRIFFITH, (offices in the Belmont Building) have the choicest suburban and country property for lease or sale.

Money to loan at lowest rates. HERGES & GRIFFITH.

THE LOCAL NEWS.

REACHING ON Y. M. C. A. WORK.—Friday morning Rev. Mr. Beaven will preach on Young Men's Christian Association work. Young men are especially invited to hear the sermon.

FISHING SEASON CLOSED.—The salmon fishing season closed Friday. Master W. Warden VanDusen has appointed W. Smith and Louis Himler water riffs for the Clackamas river and Melvin McCown for the Willamette. They closed their duties Saturday.

QUARANTINE RAISED.—Dr. W. Powell has raised the quarantine on the smallpox case of the Indian man, Christina, who has recovered. No other case has been reported, and a man residing near Willamette, he is reported as recovering.

W. CHURCH SELLS TWO COTTAGES.—Monday G. W. Church and M. E. Arch, his wife, sold to C. P. Andrews lot on Monroe street, between Sixth and Seventh, on which are situated the houses occupied by Frank Brown and L. Johnson. The consideration is \$60.

ATKINSON PROPERTY SOLD.—Forty-five acres of farm land along the South bank of the Abernethy and adjoining Oregon were sold Tuesday afternoon for \$10 to W. E. Her, a hop grower of Beville. The property belonged to M. Atkinson, who some time ago made an assignment for the benefit of creditors and was sold by E. G. Caud, the assignee.

FOR A DRINKING FOUNTAIN.—Judge in F. Caples, of Portland, former United States Minister to Chile, will give a lecture on his travels in South America in Willamette Hall on March under the auspices of the Clackamas County Humane Society. This organization intends erecting a drinking fountain man as well as beast. Part of the fund for this purpose has been raised by the proceeds of the lecture which will be voted to this fund.

LONG TRAILER.—The longest street car trailer in the state has been constructed at the Milwaukee car shops, and is now out ready for use. It is 42 feet in length and will seat 75 people comfortably. It was built of two old trailers by "piling" them together, and is four feet longer than the big Oregon City coaches recently constructed. It will be used between Portland and Oregon City in summer as a special car for excursion and evening service.

STORES TO CLOSE AT 7 P. M.—An early closing agreement between the butchers and grocers of this city has at last been reached and after March 10 all butcher shops and grocery stores will close at 7 P. M., except Saturday nights and on the eighth day of each month, which is a pay day of the Willamette Pulp and Paper Company. It is probable that other lines of business will agree to close a short time, as only four business houses are standing out against it.

RIGHT EYE INJURED.—Postmaster R. L. Cooper, of Carus, suffered a painful accident Friday, resulting in the severe injury of his right eye. He was visiting the home of his son, County Clerk E. L. Cooper, of this city, and climbed a fence to take a short cut, when the limb of a tree struck his eye, cutting deep into the ball. A physician was called at once and pronounced the injury dangerous and if inflammation sets in there is fear of a cataract. Mr. Cooper is much better Saturday and his eye may yet be saved.

SHE RODE TOO FAST.—Louise Schuler, aged 16 years, was Monday fined \$10 by Recorder Bruce C. Curry for violating ordinance No. 1, which makes it a misdemeanor to ride a bicycle faster than three miles an hour on sidewalks. Sunday afternoon the girl was coming down the Seventh street hill at a rapid pace, when Carl, the little son of Herman Schrader, a baker, ran in front of her. She jumped from her wheel, but in time to prevent the machine from

striking the boy, who was not seriously injured. Schrader swore to the complaint. The fine was remitted.

PART OF WILLAMETTE VACATED.—The Board of County Commissioners Wednesday made an order vacating a portion of the town of Willamette, two miles South of this city. Some time ago the county court laid out a road and cut off 20 feet from the end of a tier of five blocks fronting the whole westerly end of the town, and at the request of the Willamette Falls Company, which owns the townsite, the blocks and streets affected were vacated so that the company can replat them without regard to former dedication.

FIREMEN'S ELECTION.—The annual firemen's election was held Monday and resulted in the choice of Sherman J. Burford for chief. He was the only candidate and received 83 votes, out of 90 cast. Three commissioners were elected and their votes were: Chris Hartman, 76; J. H. Howard, 62; A. Milln, 61. C. Schubei received 37 votes for commissioner, but he was not an active candidate and made no effort to secure an election. For assistant chief Laurence Roenich and William J. Wilson each received 44 votes. The tie will be decided by the three newly elected commissioners.

LOCATION FOR STORAGE TANK.—George C. Flanders, the Portland representative of the Standard Oil Company, was in the city last week, conferring with D. C. Ely, one of the committee of the Retail Merchants Association, in regard to the location of a storage tank. Mr. Flanders looked at several sites suggested but did not come to any decision. He is figuring on the different locations submitted and will obtain figures on a piece of property in Canemah. The result of Mr. Flanders' visit will not be known until he communicates with the main office of the Standard Oil Company.

TELEPHONE SYSTEM IN BOLTON.—Atorney J. W. Draper, who has recently moved to Bolton to reside, told a reporter Monday that a telephone system would soon be installed at Bolton. The line will be a local one and no charge will be made for 'phoning from this city. Eight of the residents of Bolton have agreed to take 'phones. Mr. Draper is very much pleased with Bolton and says that he is only one mile from Oregon City. He also stated that the West side was the proper route for a railway to Portland, being nearly two miles shorter than the present route of the P. C. & O. As to politics he said that Bolton was opposed to fusion. There are not many Democrats in the precinct but those who are Democrats are nothing else.

COMPANY I CONTRIBUTIONS.—Second Oregon Volunteers have already contributed \$531.70 to the Riverview monument fund. It is planned to raise \$2,000 for the building of the monument. A 10 per cent contribution of the money recently awarded the members of the regiment by the National Government, giving them pay at full state rates during the period between the time of assembly at the rendezvous and the date of their muster into the volunteer service under the first call of the President, was asked. These members of Company I, which went to the Philippines from Oregon City, have contributed the following amounts: L. L. Pickens, \$7.00; J. U. Campbell, \$2.40; Rudolph Gantenbein, \$2.40; August J. Brady, \$2.40; Joseph H. Black, \$2.40; Oscar B. Lampman, \$2.40; Herman K. Jones, \$2.25; Charles H. Rath, \$1.80; Theo. G. Miller, \$2.10; Lewis Boylan, \$2.40; Joseph E. Torbet, \$2.40; George L. Cason, \$2.40; George W. Martin, \$2.40; Frank C. Stellmacher, \$2.40; Frank M. Girard, \$2.40; Isaac Pursiful, \$2.40; George Lee Harding, \$2.40; William A. Huntley, \$5.44; Merrill D. Phillips, \$5.83; William O. Tycer, \$2.40; Samuel Worrell, \$2.40.

FILTER PLANT ACCEPTED.—The Board of Water Commissioners met last Friday night and formally accepted the new filter plant from the California Jewell Filter Company. An analysis by Prof. Washburn, late state bacteriologist, was presented and the result was highly satisfactory, the filter working for three weeks without the use of coagulant, besides making the water clear and free from suspended matter. The filters removed 40 per cent of the bacteria. Without the use of coagulant the bacteria was reduced from only one analysis from 90 to 98 per cent. The river water, which was analyzed, was very turbid and was at its worst, owing to being in flood, and the result from the analysis proves that the filter can make good water at any time during the year. The chemical analysis for iron and alumina showed that iron was absent from both raw and filtered water and that the filter reduces the alumina so that there need be no fear of the water being contaminated with the coagulant. The report states further that filters make practically pure water. M. Sisenvine, manager of the filter company, who has been in constant attendance during the construction of the plant, for the past four months, left Saturday for San Francisco. He says that Everett, Wash., is figuring on a 3,000,000 gallon plant. Oregon City's plant is 1,000,000 gallon capacity.

SUPT. ACKERMAN'S LECTURE.

Teachers and School Officers Listen to Instructive Address.

A meeting of the teachers and school officers of the county was held in the Circuit Court room Saturday to listen to an address by State Superintendent J. H. Ackerman on "School Sanitation and Decoration." Thirty-six districts were represented, and besides numerous teachers and others interested there were clerks and directors present from a number of districts. The forenoon was occupied by a discussion of school law relating chiefly to the duties of directors and the afternoon was partly taken up with similar topics, after which Superintendent Ackerman gave a most practical, lucid and complete statement of the construction and arrangement of a modern and up-to-date country schoolhouse covering such points as lighting, arrangement of windows, heating, ventilation of the house itself, and the proper preparation and adorning of grounds. He suggested plans for adapting the system of ventilation to buildings already erected. The meeting ended with expressions of great enthusiasm and approval of the ideas advanced. Another meeting is to be called early next year when it is hoped to get the other districts also represented. A local institute will be held in this city March 29. Those attending will be entertained by the teachers of Oregon City.

New Era School Report.

The following is a report of the New Era school for the four months term ending February 21.

No. of pupils enrolled, 41; new pupils, 4; days taught, 78; holidays, 2; total, 80; whole No. of days attendance, 2644; whole No. of days absence, 299; average No. belonging, 38; average daily attendance, 34. Roll of honor, first month: Allie and Harry Anthony, Otto and Grover Friedrich, Laura Newberry, Raymond, Agnes, Lottie and Ethel Reif, Frank and Henry Spulak, Katie Friedrich and Nettie Burgoyne. Second month: Mabel Anthony, Frank, Grover and Katie Friedrich, Ellis Brown and Frank Spulak. Third month: Olive, Frank, Otto, Grover and Katie Friedrich, Ruby Newberry, Frank Spulak and Cathaleen Mulloy. Fourth month: Frank and Katie Friedrich, Ruby Newberry, Ellis Brown and Nettie Burgoyne. Visitors, 15. FRED J. MEINDL, Teacher.

Shubel School Report.

Following is the report of Shubel school for the month ending February 28, 1902: No. of pupils remaining on roll, 43; No. of days taught, 20; average daily attendance, 42; No. of cases tardiness, 6. Those who were neither absent nor tardy during the month are: Willie and Emma Bohlender, Lulu, Beala and Lottie Hornschub, Hazel Raymond, Kelo Ginther, Henry Massinger, Ellen and Tena Moehnke. Those who were present every day and tardy once are: Mary Massinger, Henrietta Wittrock, Nora and Irene Moehnke, Edna and Herbert Wade. Visitors present were: Misses Lulu Traylor and Clara Beeson, and Stephen Hutchinson. Visitors always welcome. ROBERT GINTHER, Teacher.

Parkplace School to Retain Bonds.

The school election held Saturday at Parkplace resulted in the voting for the reissuance of \$5,000 bonds. The proposition carried by a vote of 62 to 28. The question of the improvement of the school was carried by a majority of 15 votes. Thirty-three hundred of the \$5,000 will be used to refund payment of old bonds and \$1,700 for an addition to the school building.

Working 24 Hours a Day.

There's no rest for those tireless little workers—Dr. King's New Life Pills. Millions are always busy, curing Torpid Liver, Jaundice, Biliousness, Fever and Ague. They banish Sick Headache, drive out Malaria. Never gripe or weaken. Small, taste nice, work wonders. Try them. 25c at Geo. A. Harding's.

Just What the Boys and Girls Need.

The Chicago Record-Herald makes it a special point to cater to the interests of the younger members of the family, printing every week in its Saturday issue a page entitled "Talks with our Boys and Girls"—a page that is always bright with the sort of entertaining illustrated stories that boys and girls enjoy, curious facts and fancies that appeal to the imagination of young people, condensed items from the world's important news, etc., and also the "Open Window Club" department, which has been instrumental in the organization of thousands of club "chapters" for mutual improvement and entertainment. Every issue of the Sunday edition contains also a young people's page full of all that is brightest and most attractive to the boys and girls.

For the Complexion.

The complexion always suffers from biliousness or constipation. Unless the bowels are kept open the impurities from the body appear in the form of unsightly eruptions. DeWitt's Little Early Risers keep the liver and bowels in healthy condition and remove the cause of such troubles. C. E. Hooper, Albany, Ga., says: "I took DeWitt's Little Early Risers for biliousness. They were just what I needed. I am feeling better now than in years. Never gripe or distress. Safe, thorough and gentle. The very best pills." Geo. Harding.

MAJORITY FAVOR INCORPORATION.

Citizens of Milwaukee Will Have An Opportunity to Express An Opinion.

As the time for the vote on the incorporation or the reverse of that policy draws nearer, there is some speculation among the taxpayers of Milwaukee as to what the result of the vote will be.

The popular impression prevalent however, is that there is but little doubt the incorporation advocates are greatly in the majority and will carry their policy over their opponents by a comparatively heavy vote. Those in opposition have hopes of checking the popular movement but from the generally expressed attitude of the people in the matter it would appear that the odds are hoping against fate.

There are various purposes back of the movement, which, being unquestionably designed to better every local condition, render the incorporation plan popular with the greater number of people.

The principal cause of the origin of the scheme was in an attempt made some time ago to effect the removal of the Milwaukee powder houses.

Upon the advice of Senator Geo. C. Brownell it was concluded to incorporate as the most effective means by which the objectionable powder houses could be removed. Accordingly, proceedings were at once begun, and it now rests with the county board of commissioners to designate a day, when the question is to be decided by a popular vote of the legal electors residing within the proposed corporate limits.

An order was made Wednesday by Judge T. A. McBride commanding the Board of County Commissioners to desist from further proceeding in the Milwaukee incorporation matter. A petition was filed in the Circuit Court Wednesday morning by I. J. Mullan, T. R. A. Sellwood, F. E. Olson, Julia Young, Bartholome Tscherner, California Powder Works, E. I. Dupont, DeMours & Co., R. G. Church, W. M. Ladd, Marie Roth and others, asking for a stay of proceedings in the matter and that a transcript of the records of the proceedings be transmitted to the Circuit Court for review. The board had intended to set a date for holding the election at this meeting but this will not be done until the Judge takes some action on the matter.

Weather Report.

The following data, covering a period of 30 years, have been compiled from the weather bureau records at Portland, Or., for the month of March.

TEMPERATURE. Mean or normal temperature, 47 deg. The warmest month was that of 1889, with an average of 64 deg. The coldest month was that of 1897, with an average of 40 deg. The highest temperature was 79 deg. on the 29th, 1886. The lowest temperature was 20 deg. on the 2nd, 1896. Average date on which first "killing" frost occurred in autumn, Nov. 15. Average date on which last "killing" frost occurred in spring, March 17.

PRECIPITATION (Rain and melted snow.) Average for the month, 5.29 inches. Average number of days with .01 of an inch or more, 17. The greatest monthly precipitation was 12.76 inches in 1873. The least monthly precipitation was 0.63 inches in 1885. The greatest amount of precipitation recorded in any 24 consecutive hours was 2.25 inches on the 26th, 1883. The greatest amount of snowfall recorded in any 24 consecutive hours (record extending to winter of 1884-5 only) was 3 inches, on the 20th, 1887.

CLOUDS AND WEATHER. Average number of clear days, 6; partly cloudy days, 10; cloudy days, 15; WIND.

The prevailing winds have been from the south. The highest velocity of the wind was 55 miles, from the south, on the 25th, 1897. Station: Portland, Oregon. Date of issue: February 26, 1902. EDWARD A. BEALS, Forecast Official.

CONSTANT CARE THE interests of our patrons are manifold, and these have our constant care. The Bank of Oregon City Oregon City, Oregon.

Buy Your PIANO or ORGAN Where you can get the best for the least money. Where you are sure of careful attention and courteous treatment. Where you can get the choicest selection of highest grade instruments. Where you can get an absolute guaranty. Where you will have nothing to regret afterwards. Buy now, you will save money by doing so, at Eilers Piano House, Wholesale and Retail Dealers. Not the oldest, but the leading Western Music Concern. Retail Stores: 351 Washington Street, Portland, Oregon

The Rambler BICYCLES 1902

Represent all that is best in bicycle making. Don't go and buy a wheel which is not known, or has a repair record, but come and look over our line. It is a pleasure to us to show such a complete and up to date line as the Rambler factory turns out this year. Here are the prices of the different models:

Table with 2 columns: Model Name and Price. Chainless Models \$60.00 and \$50.00. Cushion Frame Models 50.00 " 40.00. Racing Models 50.00 " 40.00. Regular Roadster Models 40.00 " 35.00. " " " 30.00 " 25.00. Ideal Models 25.00 " 15.00.

Just think, a genuine Rambler bicycle, fitted with heavy tread G & J tire for \$30.00, and an up-to-date cushion frame for \$40.00.

We received our shipment of thirty Ramblers and would be glad to show all the different models. Come in early as we have lots of time now to explain the wheels; after the weather gets better and the season opens, we will be busy. If you want a wheel later in the season, select it now and we will hold it for you until you are ready for it, then you are certain of getting just what you want. If you come in during the busy season we may not be able to furnish it, as we expect a big rush again. We sell wheels on installment and take second hand wheels in exchange.

BURMEISTER & ANDRESEN THE OREGON CITY JEWELERS
