"One Minute Cough Cure will do all that is claimed for it," says Justice of the Peace J. Q. Hood, Crosby, Miss. "My wife could not get her breath, and was relieved by the first dose. Tourist Excursions To the East.

The travelling public will be interested to learn of the system of personally conducted excursion cars operated over the Rio Grande System, popularly known as "The Scenic Line of the World." They are the regular Pullman tourist or "ordinary" sleepers, provided with comfortable berths, bedding and linen of the Pullman standard. They have separate lavatories, are all well lighted and heated and, in fact, are a most successful substitute for the more expensive "standard" sleepers, the difference arising from the character of upholstery furnished. A colored porter is in attendance with every car and besides him an excursion conductor, whose sole duty is to look after the pleasure and comfort of passengers in his charge.

Cars are run through to Kansas City, Omaha, St. Louis and Chicago, making close connections for Boston, New York and all eastern points.

This feature of travel has become so popular that there is now established a regular service of nine cars each week, offering a variety of routes, and schedules so arranged that stop-overs may be made, if desired, at Salt Lake City, Denver, or any point between.

No extra charge is made beyond regular tourist rates.

To those interested we will be glad to quote the lowest fares and furnish full information about the scenic beauties of the Rio Grande Route and its superior accommodations.

"My Head! My Head!"

Sudden Blindness and Dizziness. What Causes It?

The first step to the finding of a cure for any disease is to find its cause. And it's a notable fact that the cause of a disease may be quite remote from its manifestations. Headache, spots before the eyes and dizziness are only symptoms of disease. When the experienced physician is confronted with these symptoms in a woman he enquires at once as to the condition of the womanly health. He knows that the general health is intimately related to the local womanly health, and from the very symptoms he argues derangement or disease of the delicate womanly organism. So far he is right. But when he begins to treat the disease he has located how often he

falls. In the letter of Mrs. Douglas given below, she says that in ten years of suffering she tried seven doctors without permanent benefit. Her family physician said she could not get well. Yet what seven doctors failed to do was perfectly and permanently accomplished by Dr. Pierce's Favorite Prescription. There is no experiment in the use of this medicine. It has cured thousands of women of the most distressing forms of womanly disease.

WHAT CURED ME WHEN OTHERS FAILED.

"For ten years I suffered with female trouble, also catarrh of the stomach, liver and kidney troubles, and catarrh of the bladder," writes Mrs. Lottie M. Douglass, of Glenmore, Oneida Co., N. Y. "I would have very hard headaches and blind spells; stomach and bowels used to bloat a great deal, and I was troubled with bearing-down pains all the time. Tongue cannot tell how much I suffered from nervousness. I used to think I should lose my mind, my head would feel so bad. My heart was so bad that the least excitement, and even to turn over in bed, would cause palpitation. Had female weakness so bad for three years that I was in bed most of the time, in fact could scarcely be on my feet at all. I tried seven different doctors, but received no lasting benefit. I was entirely discouraged when I wrote to Dr. Pierce, stating my case. He advised me to try his remedies, and I did so. The first bottle I took helped me, and the blood began to go out of my stomach. I

HOUSEWORK Too much housework wrecks women's nerves. And the constant care of children, day and night, is often too trying for even a strong woman. A haggard face tells the story of the overworked housewife and mother. Deranged nerves, leucorrhoea and falling of the womb result from overwork. Every housewife needs a remedy to regulate her menses and to keep her sensitive female organs in perfect condition. WINE OF CARDUI is doing this for thousands of American women to-day. It cured Mrs. Jones and that is why she writes this frank letter: Glendone, Ky., Feb. 16, 1901. I am so glad that your Wine of Cardui is helping me. I am feeling better than I have felt for years. I am doing my own work without any help, and I washed last week and was not one bit tired. That shows that the Wine is doing me good. I am getting fresher than I ever was before, and sleep good and eat hearty. Before I began taking Wine of Cardui, I used to have to lay down five or six times every day, but now I do not think of lying down through the day. Mrs. BERNARD JONES. \$1.00 AT DRUGGISTS.
