Getting Thin

is all right, if you are too fat; and all wrong, if too thin already.

Fat, enough for your habit, is healthy; a little more, or less, is no great harm. Too fat, consult a doctor; too thin, persistently thin, no matter what cause, take Scott's Emulsion of Cod Liver Oil.

There are many causes of getting too thin; they all come under these two heads: over-work and under-digestion.

Stop over-work, if you can; but, whether you can or not, take Scott's Emulsion of Cod Liver Oil, to balance yourself with your work. You can't live on it—true—but, by it, you can. There's a limit, however; you'll pay for it.

Scott's Emulsion of Cod Liver Oil is the readiest cure for "can't eat," unless it comes of your doing no work—you can't long be well and strong, without some sort of activity.

The genuine has this picture on it, take no other. If you have not tried it, send for free sample, its agreeable taste will surprise you. SCOTT & BOWNE Chemists, 409 Pearl Street, New York.

One more surprise last week at Bert Garrett's or do you call it a surprise when they all find it out, as was the case this time.

The most industrious people of Marquam are the ladies and they met twice last week, quilted one afternoon and sewed carpet rags the next afternoon for Mrs. Hattie Myers. We can excuse the men on account of so much rain. I think the merchants are about as busy as the ladies aid.

Bert Garrett met with a slight accident. He went on horse back a couple of miles from home. While attempting to lift a bucket up on his arm to carry for Jim Reed, his horse became frightened, jumped from under him and ran home, leaving Bert to walk home rather hard on him, being so lean in flesh.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased. Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

them. A certain man last week thought he would have a mess of greens for dinner. He took his sack and tramped up there. The folks were away and the dog would not allow him in the yard. He could not think of returning without his greens for dinner so he finally went in the garden another way, filled his sack so full of greens that he would not return through town but went around the back way, climbing fences and wading water and mud.
