They are lively and handsome. They ought to fix the road here like in Multnomah County and should put in sluice boxes along the road to drain the water out. I noticed the sluice boxes on the hill grades and the side hill grades. The sluice boxes are made by nailing plank together, making the boxes 12 to 14 inches wide and putting 4x4 on top, setting the 4x4 2 to 3 inches apart, so the water that runs in the wagon track runs into these boxes and passes off to the side of the road. Then the water does not wash out deep ruts in the center of the road like it does when there are no boxes.

HOME AND CHILD

Does your horse "feel his oats"? What a difference between the grain-fed and the grass-fed horse! The first strong and full of ginger, the second flabby, weak and tired out before he begins. The feeding makes the difference. Children are not alike either. One is rosy, bright-eyed, full of life and laughter, another is pale, weak and dull. The feeding again is responsible.

Sickly children need special feeding. They don't "feel their oats". Scott's Emulsion adds just the right richness to their diet. It is like grain to the horse. The child gets new appetite and strong digestion.

Scott's Emulsion is more than food. It is a strong medicine. It rouses up dull children, puts new flesh on thin ones and red blood into pale ones. It makes children grow. Scott's Emulsion makes ordinary food do its duty.

This picture represents the Trade Mark of Scott's Emulsion and is on the wrapper of every bottle. Send for free sample. SCOTT & BOWNE, 609 Pearl St., New York. 50c and \$1. all druggists.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail.

Home of Swamp-Root, free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.
