UNION OF PAPER MILL EMPLOYES. Seven'y three Men Form a Branch of the American Federation of Labor.

Seventy-three employes of the Willamette Pulp & Paper Company and the Crown Paper Company met in Redmen's Hall Wednesday night and formed a branch of the American Federation of Labor. The exact purpose of the union is not made public but it is supposed that the men have united in order to obtain a higher scale of wages. At present the same wages are paid for 10 hours of day work as for 12 hours of night work. Many of the men think that a hipher scale should be paid for the night shift. It is understood that probably 100 more of the employes will go into the union on next Wednesday evening, as the men who are working night this week will be on the day shift next week and will be able to attend night meetings.

### SMALLPOX SCARE.

Disease Exists In Several Pamilles And Prompt Measures Have Been Takeu.

Rumors of the existence of several cases of smallpox abbiladatone have been circulated about the city for several days and yesterday morning the board of county commissioners sent County Physician C. A. Stuart and Dr. W. E. Carli to Gladstone to ascertain the truth of the report. They returned yesterday afternoon and stated that they found five cases in the family of Harvey E. Cross, a prominent lawyer of this city who resides at Gladstone, Mr. Cross and four of his children are just convalescing from a mild attack of varaloid. Captain J. T. Apperson and Judge William Galleway reported that Mr. Cross had attended church last Sunday and had told Captain Ready trimmed and ready-to wear Apperson that he believed that he was coming down with smallpox. The family was ordered to remain in close quarantine for several days. At Clackamas Heights there are three cases in the family of Alex Brown, all children. All of the cases are of a mild form. It is befieved by the physicians that half of the people in the city have been exposed. You will find incomparable Values and One day last week a woman came from Portland and visited a family in Kansas City Addition. She traded at several stores in town and returned to Portland, when if was discovered that she had a fully developed case of smallpox and she was sent to the pest house. The Board of Directors of the Oregon City public schools have made an order that all chilbody should know where to have them dren attending schools must be vaccinated before Monday or show a certificate from a physician that vaccination is not necessary. The anthorities are taking active measures against the possible spread of the disease.
