MOTHERHOOD

The greatest ambition of American men and women is to have homes blessed with children. The woman afflicted with female disease is constantly menaced with becoming a childless wife. No medicine can restore dead organs, but Wine of Cardui does regulate derangements that prevent conception; does prevent miscarriage; does restore weak functions and shattered nerves and does bring babies to homes barren and desolate for years. Wine of Cardui gives women the health and strength to bear healthy children. You can get a dollar bottle of Wine of Cardui from your dealer.

WINE OF CARDUI

143 Market Street, Memphis, Tenn. - April 14, 1902. In February, 1901, I took one bottle of Wine of Cardui and one package of Theodor's Black-Draught. I had been married fifteen years and had never given birth to a child until I took Wine of Cardui. Now I am mother of a fine baby girl which was born March 31, 1901. The baby weighs fourteen pounds and I feel as well as a young woman's soul. Now my home is happy and I hope will be without Wine of Cardui in my house again. Mrs. J. W. C. SMITH.

A VALUABLE REMEDY, For Coughs and Colds in Children.

"I have not the slightest hesitancy in recommending Chamberlain's Cough Remedy to all who are suffering from coughs or colds," says Chas. M. Cramer, Esq., a well known watch maker, of Colombo, Ceylon. "It has been some two years since the City Dispensary first called my attention to this valuable medicine, and I have repeatedly used it and it has always been beneficial. It has cured me quickly of all chest colds. It is especially effective for children and seldom takes more than one bottle to cure them of hoarseness. I have persuaded many to try this valuable medicine, and they are all as well pleased as myself over the results." For sale by G. A. Harding, Druggist.

MOTHER'S HOUR.

A Time for Confidence and Counsel.

When the children's hour is a thing of the far away past, because there are no more little ones to have their evening frolic or bed-time story, the hour once devoted to them becomes the mother's hour. It is an hour in which the young woman takes her old place at her mother's knee as she was wont when she listened to the evening story. But now she tells the story to the mother; the story of her day, her fears, her hopes, her ideals. Happy is that daughter who can come to her mother as her best friend, as sure of her compassion as of her counsel.

It is often so very different. The mother does not invite the shy confidence of the growing girl. She comes to womanhood and between her and her

mother is a barrier of reserve. Just a word of advice or counsel might mean so much to a girl at a time so critical, but she shrinks from asking the question, and the mother refrains from opening the subject, though in the pallid cheeks and dark rimmed eyes she reads the signs of woman's suffering.

THE NEED OF HELP.

There is a real need of help for the young woman. Neglect may pave the way for years of suffering. The dawn of womanhood is one of the crises of a woman's life, and every care should be taken to prevent or cure derangements which may have serious results in later life. "A heart overflowing with gratitude as well as a sense of duty urges me to write to you and tell you of my wonderful recovery," says Miss Corinne C. Hook, Orangeburg, Orangeburg Co., S. Carolina, (care of J. M. Hook). "By the use of Dr. Pierce's Favorite Prescription I am entirely a new being compared to the poor miserable sufferer who wrote you four months ago. I remark to my parents almost every day that it seems almost an impossibility for medicine to do a person so much good. During the whole summer I could scarcely keep up to walk about the house, and yesterday I walked four miles and felt better from the exercise. I now weigh 125 pounds. I read in your book of testimonials where a lady said Dr. Pierce's medicines were a 'thousand pounds of comfort,' please let me add one thousand pounds more to it. Mine was a case of complicated female disease in its worst form. 'My sincerest thanks for all you have done for me and a hearty 'God bless you.'"

Dr. Pierce's Favorite Prescription is the most valuable and reliable put-up medicine ever offered for the cure of dis-

eases peculiarly feminine. It establishes regularity, dries the drains which weaken women, heals inflammation and ulceration and cures female weakness. For young women it has advantages over any similar preparation, by reason of its preparation of a perfect condition of feminine health, and also because it is free from alcohol, and contains no opium, cocaine, nor any other narcotic. Backache, headache, and the many ailments resulting from womanly diseases are entirely cured by the use of "Favorite Prescription."

"I will drop you a few lines to-day to let you know that I am feeling well now," writes Miss Annie Stephens, of Belleville, Wood Co., W. Va. "I feel like a new woman. I took several bottles of 'Favorite Prescription' and 'Golden Medical Discovery.' I have no headache now, no backache, and no more pain in my side. No bearing down pain any more. I think that there is no medicine like Dr. Pierce's medicine. I thank you very much for what you have done for me - your medicine has done me so much good."

IMPORTANT TO WOMEN.

Dr. Pierce invites sick and ailing women to consult him by letter free of charge. All correspondence is regarded as sacred and the written confidences of women are guarded by the same strict professional privacy observed in personal consultation with women at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., to which institution Dr. Pierce is chief consulting physician.

Women in general and young women in particular express their appreciation of the privilege offered by this free consultation by letter with Dr. Pierce, not only because his professional advice is supplemented by his wise fatherly counsel, but because it affords them a way of escape from the indelicate questioning, the offensive examinations and obnoxious local treatments, which offend the delicate sensibilities of modest women.

Write without fear as without fee, to Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's offer of free consultation by letter is not to be classed with the spurious offers of free medical advice made by men or women who are not physicians and cannot legally practice medicine. Such advice is not only worthless, but may be dangerous.

In a little over thirty years, Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., assisted by his staff of nearly a score of physicians, has treated and cured hundreds of thousands of weak and sick women.

The offer of Dr. Pierce puts at the free service of women, not merely medical advice, but the advice of a successful specialist in the treatment and cure of diseases peculiar to women.

Sometimes a dealer tempted by the little more profit paid by less meritorious preparations, will offer a substitute for "Favorite Prescription" claiming it to be "just as good." It is not wise or safe to trifle with unknown medicines. Insist on "Favorite Prescription" the medicine which has won the confidence of women by its almost countless cures.

GIVEN TO YOUNG WOMEN.

Dr. Pierce's Common Sense Medical Adviser, an invaluable guide to health, is sent free on receipt of stamps to pay expense of mailing only.

"I think that your 'Adviser' is a fine book," writes Miss Flora I. Greer, of Troy, Ohio, "and a book that every one should own. If more girls would read it instead of trashy novels there would be healthier women and children than there are to-day."

Send 31 one-cent stamps for the cloth-bound volume or only 21 stamps for the book in paper-covers. Address Dr. R. V. Pierce, Buffalo, N. Y.

An Author Speaks.

The late Charles Dudley Warner—author, editor and traveler—while bathing in Great Salt Lake remarked to a friend, that in all his travels he never before saw such a glorious combination of salt sea bathing, blue sunlit skies, pure mountain air and pretty women and happy children. The only transcontinental line passing directly through Salt Lake City is the Rio Grande System. It is also the "Scenic Line of the World." Mrs. Sophie Binns, President Young People's Christian Temperance Union, Fruitvale, Bal., Cured of Congestion and Inflammation of the Ovaries by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—Eighteen months ago I was a pretty sick woman. I had felt for some months that I gradually grew weaker, but finally I had such severe pains I could hardly stand it. I had taken cold during menstruation and this developed into congestion of the ovaries and inflammation, and I could not bear to walk or stand on my feet. The doctor recommended an operation which I would not hear of. One of my friends advised me to try Lydia E. Pinkham's Vegetable Compound, so I gave it a trial. Can you imagine my feeling when within two months I felt considerably better, my general health was improved, and my pains had entirely disappeared. I kept taking it six weeks more and am now enjoying the best of health, thanks to you. Yours truly, MRS. SOPHIE BINNS." \$5000 FORFEIT IF THE ABOVE LETTER IS NOT GENUINE. When women are troubled with irregular, suppressed or painful menstruation, weakness, leucorrhoea, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, bloating (or flatulence), general debility, indigestion, and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all-gone" and "want-to-be-left-alone" feelings, blues, and hopelessness, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound at once removes such troubles. Refuse to buy any other medicine, for you need the best.
