TROUT SEASON IS OPEN.

Several of the Local Pishermen Were Out Sanday and Made Fair Catches.

On Tuesday of last week the trout season opened and the fishermen have put on their story suits and started out to supply their friends with fish, or failing in this, with stories of hard lock. One fisherman got a supply of bait at Kelly & Noblitt's and had been fishing a short time with poor lack when the hait fell out of his pocket and struck a rock, smashing the bottle that held the bart in a thousand pieces. This accident so disgusted the fisherman that he fished no more but went home with an empty

If I make the price of all drug store supplies so low that you can buy more cheaply in Oregon City than in any other town in the state (Portland not excepted), will you stay with me? Much money has gone to Portland because the price of some well known patent medicine was advertised at a ridiculously low price, perhaps considerably less than cost. While you have bought the one advertised article at a cut price you probably have also purchased two or three other things on which a city merchant makes 25 per cent. more profit than I do. Will you help me to prevent this hold up game? Do you ask how these prices can be met? Because every dollar's worth of stock that comes into this store is paid for the minute it arrives. Large purchases direct from the manufacturers, cash discounts, personal attention to every detail of the business, together with low rent and a large volume of business makes it possible.

I can and will meet every cut price besides saving you many dollars on the purchase of drug store necessities the price of which you know nothing. I want to be honest with you and give you better prices and better goods than you have ever had before. Will you help me with your patronage on this basis?

The "WHITE" Sewing Machine

The White is one of the oldest and best machines made. It has always been in the lead and you will find it far ahead to-day of all other makes, if you compare our latest machine with theirs. We would like to have you look over all the different makes and then come in and compare our drop head either the new rotary or the late shuttle machines.

They have many new improvements, such as ball bearing, stitch indicator, new tension regulator, new

way of fastening the attachments and many others. Our prices on these machines are very low as we sell them direct and do not pay any commission to agents. We sell new machines at \$25.00, \$30.00, \$35.00, \$40.00, \$45.00, and give a full set of the

very latest attachments free of charge with each machine. We sell on installments if desired. We guarantee each machine for a term of five years and you will always find us very glad to make good this guarantee in case anything should get wrong.

If you intend to buy a machine be sure and look over the White before you purchase. We do not ask any more for them then others do for a low grade machine,

We have extras for all machines, such as needles, rubbers for bobbin winders, etc., and can get any part for any make of machine.

Try our Sewing Machine Oil. It will make your old machine run easy.
