Opp. Huntley's Drug Store,
Forty Years Experience in Great Britain and America.

A Time-Tried Drug Store.

Only years can bring fullness of knowledge. Wisdom is always a product of experience—and experience is an important thing in the drug business.

Theory may imagine it knows, but experience knows it knows and knows why it knows.

This store is 20 years old. It has served the community long and well. It is a full-grown drug store and its growth has been along progressive lines. Its trade is founded on confidence—a confidence that has grown with years because there has been this basis for it:

The best drugs,
Accurate service,
Reasonable prices.

COMPOSITION OF THE TICKET

Correspondent Reviews the Republican Candidates.

ALL DESERVING OF ELECTION From Senator to Coroner the Nominees Are Competent Men and Are Sure of Success.

Strose, Or., April 16, 1902.—(To the Editor)—Having been, in a measure, responsible for the putting forth of the present republican ticket, and as I have done so on former occasions, kindly allow me a little space to speak of the gentlemen composing it. Senator Brownell, the much abused man at the head, is perhaps as widely known throughout the county and state as any other leading orator and statesman that we have. It does not matter how many bad things his enemies may say about him, not one seems to dispute the fact that, as a legislator, Clackamas County never had his superior. What more do we want? Isn't this what we are seeking for? I can speak of his work from a personal knowledge and truthfully say that at the last legislature he was the peer, if not the best man there. All will certainly admit that Hon. John H. Mitchell ought to be competent to judge. When he selected our "Geo. C." to lead the battle for him what better testimony could we adduce? And when that battle was gloriously won, it was a feat of which any man could feel justly proud, and perhaps the greatest victory of his life. Is it any wonder that Mitchell is a friend of his? Is it any wonder that Mitchell's friends are his friends. Are the people of Clackamas county foolish enough to turn such a man down? Well hardly. He will run by the largest majority he ever had notwithstanding "His Grace."

C. G. Hontley I have known since he came to the county, and in business relations and for the genuine qualities that go to make up true manhood he is the equal of any man. He has built up his business here and is essentially a self made man. These are the kind of men that make things go everywhere. These are the men that command the respect of all. What more need I say, except to vote for him?

Hans Paulsen, a well-to-do farmer of George precinct is a man I've known for a good many years, and it can be truly said that just such men as he compose the backbone of any prosperous country. They are not afraid of the battle of life. When he first took up his home in what is now known as the "German Born," it was an undertaking that most any stout-hearted man would dread. But he had learned to "labor and wait" and is now reaping the result. Farmers can not place their interests in safer hands.

Herman A. Webster is a young man of Clackamas precinct who has recently been admitted to the bar, and who is in essential respects a self-made young man. Having grown up on the farm, and being the son of an old-time pioneer, he understands the needs of the people, and is sure to be elected on the first Monday in June, as in fact is the entire ticket.

Judge Ryan just closes a four year's term as an efficient officer of the county. No one can honestly say that the people's interests were neglected at his hands, and he's sure of a handsome majority at the coming election.

J. R. Shaver, of Molalla, I haven't known for any length of time but when he is vouched for by such men as J. O. Dickey whom I've known for twenty years and more, I know he is all right. He is a prominent farmer and stock-raiser there. Molalla will give him a rousing vote as will the rest of the county. He'll be our next sheriff beyond any question.

F. A. Sleight, of Canby, will win the clerkship without the "slightest" effort in the world. He will do the work as well as it was ever done, and as cheaply as it can be done.

William Brolist is a well-to-do farmer of Wilsonville, whom we have named for commissioner. It is long since that the people on the west side of the Willamette have had any representation on the board and justice demands that they be recognized. He is a man of unusual intelligence and, if I am any judge, just the man we need for the place.

Henry E. Stevens I have known from boyhood; in fact I knew his father and know his mother and all of them, and I cannot speak too highly of them. Henry is an old time pupil of mine and it is but natural that I should take a kindly interest in his success. He is a Clackamas county boy, an elegant penman, and an ideal man for the place. Clackamas county does not furnish a man better qualified in every way and his election is conceded.

James F. Nelson for assessor is another instance wherein the right man is named for the right place. He has already had some experience along this line, and will undertake the work with some definite knowledge of what is to be done. The office of assessor requires a man of no uncertain ability, and we've tried to place that kind of men before you. Vote for him and you'll not be disappointed.

The nomination of Endo Cahill of New Era for treasurer is another worthy tribute to an old-time hero, and it is but just that we pay all honor to these gray-headed veterans who up-held the flag. He's honest and competent, and without not a chronic office seeker. What more could we ask? His election is a certainty.

John W. Meldrum, whom everybody knows, needs no praise at my hands. I have known him since I was a very small boy and he is all right. He takes a pride in doing things correctly and just as they should be done. These are the characteristics that make a good surveyor, and I need not say that any work entrusted to his hands will be accurately done.

Last but not least is our friend R. L. Holman for coroner. He is a worthy young man who has been with us these many years. A man of family and who has been in the undertaking business for some time. Know him well and can vouch for his honesty, integrity and business ability. He has already served the county in same capacity. I need not say how well. In conclusion let me say that we may need him to bury this Citizens' movement, unless it is not fully (Continued on page 7.)

INAUGURATION DAY TO CHANGE

March 4 Is Usually a Day of Extremely Bad Weather.

TRUST VS. CUBAN RECIPROCITY Senate Passes Mitchell's Bill Providing For Repayment of Sums Paid For Land Over \$1.25 an Acre.

WASHINGTON, D. C., April 16, 1902.—It is probable that Inauguration Day will be changed to April instead of March 4, as heretofore, as that date is approved by the National Committee appointed by the Commissioners of the District of Columbia to act on the question. March 4 is usually a day of storm and the effect is to make the occasion unpleasant, and much sickness results from exposure of the crowds who visit the capital city for the occasion. If this change can be made, Inauguration Day will be indeed a national holiday, as it will offer far more attraction than if held at any time in March. It is safe to say that much suffering and sickness result from exposure of the multitudes who come here for the great occasion. The Governors of all the states and territories were invited to be (Continued on page 7.)

REPUBLICAN PLATFORM.

The Republican Party in County Convention assembled, in Oregon City, Clackamas County, Oregon, March 26, 1902, congratulates the people of this county upon the general prosperous condition of our common country, as well as that of our own immediate vicinity.

We deeply deplore the untimely death of our well beloved President McKinley, whose memory is endeared to the hearts of all citizens, and we hereby endorse the wise statesmanship of his successor, President Roosevelt, in his efforts to carry out the policies so ably begun by President McKinley.

We endorse and commend the action of President Roosevelt in his efforts to control the trusts, and to secure to labor an adequate recognition in its disputes with the capitalistic classes, and we hereby assure him of our cordial sympathy and support.

We endorse and commend the action of our national representatives in championing the Nicaragua Canal Bill, the Mitchell-Kahn Chinese Exclusion Bill, and the bill to pension Indian war veterans, and hope for the speedy passage of all these measures.

We demand a constitutional amendment for the election of United States Senators by direct vote of the people.

Believing, as we do, that all people should participate as far as possible in the making of the laws by which they are governed, we heartily endorse and commend to the careful consideration of all the electors, the constitutional amendment known as the initiative and referendum, and urge upon all speakers and campaign workers to bring the matter prominently before the voters.

We endorse the action of the last legislature in supporting Hon. John H. Mitchell for the United States Senate.

We commend the action of Senators Brownell and Porter and Representatives Kruse, Talbert and Dresser for their support of what is known as the precinct assessor law, and the passage of the thirty days exemption law for the wage earners of the State of Oregon, and their action in refusing to raise county salaries.

We instruct the nominees of this convention to both branches of the legislature, that if elected, they will make an earnest effort to obtain legislation which will cause control of the school textbooks by the State of Oregon and their sale to the people at actual cost.

To obtain legislation by which a portion of the State revenues may be raised by a graduated income tax and a graduated inheritance tax.

To obtain legislation reducing the passenger fare in the State of Oregon to three cents per mile.

To obtain legislation constituting eight hours a days' work throughout the State.

To labor for a Precinct Assessor Law.

In regard to County affairs: we hereby pledge the nominees of this convention, that if elected they will insist upon an economical administration of county affairs, in such manner as to cut down expenses wherever possible.

We believe that it is wise policy to pursue in the future: that no money be expended in the construction of roads and bridges outside of the road fund provided by law until the indebtedness of the county is decreased and fully paid.

We believe and demand that no extra clerical help or deputies should be employed by any county officer, without a petition under oath setting forth the facts, such as the time such clerk or deputy is to be employed, for what purpose, the necessity of such employment and the amount of wages to be paid.

We hereby instruct the nominee of this convention for the office of County Commissioner, and also express to the other members of the Board of County Commissioners, that it is the wish of this convention that all supplies necessary to be used in and about the courthouse, or for any other purpose, shall be purchased in the most economical manner possible.

We hereby instruct the County Court of Clackamas County that it is our desire that no road boss be appointed, believing that it is a useless expense.

We demand that all property, whether belonging to corporations or individuals, shall be assessed in an equal ratio.

The repairs and improvements of our roads and highways being now under the direct supervision of road supervisors elected by the people, we believe that the best business interests of our county can be best subserved by the restoration of the transaction of all county business to the County Court and we would therefore instruct our representatives to work for the passage of a bill to that end to go into effect at the expiration of the terms of the present acting Board of Commissioners.
